THE BABIES' HOSPITAL

REPORT

To the Directors of the Babies' Hospital:

We have been helping to turn sick babies in the right direction, to turn them from darkness and misery to light and to happiness; from dullness and pain to brightness and smiles and it has been something worth working for.

Besides helping the babies we have helped the mothers quite definitely. We have relieved the mothers of some of their worst worries when they thought that baby's future was in doubt and in this particular way we have helped two persons. Of course there have been many hours of uncertainty.

A little sunshine, some quiet sleep, good food that doesn't irritate the digestion, has frequently done more than medicine. We like to think that in our Hospital sympathy is playing a large part; it seems as if it were a requirement in a happy baby's life.

The ignorance in the mother is something that we have to fight against; the backwardness, the hesitancy; when the mother should bring the baby to the Hospital she often does not. She continues to feed it on things it should never get and while she is experimenting, the baby grows gradually worse. The result is that we often have a very sick baby to deal with, when, if taken in time, there would have been much less for the mother to worry about.

JOHN SHERMAN HOYT,
President.

B. OGDEN CHISOLM, *Secretary.*

THE BABIES' HOSPITAL

MEDICAL REPORT

To the Directors and Board of Managers of The Babies' Hospital:

No notable changes have taken place in the work of the Hospital during the past year. The most striking thing seen in a study of the statistics of the year is the steadily increasing proportion of acute conditions among the patients admitted and a decreasing proportion of chronic conditions such as disorders of nutrition. It is found that very many of the latter can with the assistance of the visiting nurse be as well cared for in the Out-Patient Department, not only at less expense to the Hospital, but with the added advantage to the home, in that the latter plan involves the education of the mother upon whose intelligence the future welfare of the children who have been patients largely depends. With this in mind the policy has been adopted of *shortening the time for which infants are kept in the Hospital* and transferring them as soon as possible to the Out-Patient Department and the visiting nurse. Two distinct advantages we think have resulted. In the first place we have been able to reach in the year a considerably larger number of children, and secondly, many groups of patients, notably the feeding cases, do better outside the hospital walls after the most important symptoms for which they have been admitted have been overcome. The average duration of the stay in the Hospital of cases of this group for the years 1913 and 1914 was about seven weeks. During the past year the time has been shortened to five weeks with, we believe, better results. The same thing holds true with reference to many other conditions. The consequence of this has been that during the past year the average stay in the Hospital of all patients was but 14.4 days. This is the lowest in the history of the institution. For the past ten years it has ranged from 19 to 21 days.

This change in policy will make necessary an expansion of our work in

THE BABIES' HOSPITAL

two directions, first in the efficiency of the out-patient service; and secondly, an extension of the visiting-nurse service. Both these things will be possible at comparatively small expense. It is hardly to be expected that the additional outlay be met by reduced expenses in the ward service; for if the work of the Hospital is to be chiefly for acute cases it must be remembered that such patients will require a larger *per capita* expenditure for nursing and medical service than the class which remains for a longer time.

Such a change as has been suggested above requires a closer connection between the indoor and out-patient services. An attempt has been made to secure this by having members of the House Staff spend a certain part of their time in the Dispensary; so that in the case of patients transferred from the wards to the Out-Patient Department there occurs no change of doctors and no change in the general line of treatment.

A summary of the general work of the year as compared with that of the previous year is as follows:

	1914	1915
Patients treated in the Hospital.....	1,381	1,663
Days of Hospital treatment.....	25,766	23,760
New Out-Patients.....	4,111	4,803
Out-Patient visits.....	14,039	15,568
Children sent to Oceanic.....	267	278

Some groups of cases treated are deserving of special mention. There has been a notable increase in acute respiratory diseases reported in the entire city during the past year. This was reflected in the Hospital admissions. There were treated in the Hospital 190 cases of acute pneumonia against 166 during the previous year. As a rule only the most severe cases of pneumonia are brought to the Hospital and the mortality is therefore much larger than it is outside.

There were treated during the warm months 175 cases of *acute diarrheal disease* with a mortality of 48.6 per cent. as compared with 137 such cases

THE BABIES' HOSPITAL

treated in the previous year with a mortality of 61.4 per cent. The reason for this difference may in part have been due to improved methods of treatment, but is chiefly owing to the fact that the cases this year were admitted earlier. Last year they had been sick on the average eleven and a half days before admission and this year but nine and a half days. Furthermore, last year 15.4 per cent. died in the first twenty-four hours, this year but 8.6 per cent. These patients were also sent out of the Hospital much sooner, generally for observation in the Out-Patient Department. The Hospital stay of these patients averaged but fifteen days against twenty-three days last year. This shorter hospital treatment was made possible by the fact that, owing to a special fund contributed for that purpose, we were able to supply protein milk—a somewhat complex modification of cow's milk upon which we depend largely for the feeding of these cases—to the patients after their discharge. This has been of great advantage.

Another important group in making up Hospital mortality is the *pre-mature infants*. There were admitted during the year 41 such infants. Of this number 27 died during the first three days and 21 of these on the day of admission; of 13 who survived over one week only 3 died subsequently. All were followed for over three months and the majority for over six months. The average weight of the cases that were saved was but 3 lbs., 7 oz. on admission and only two weighed over 4 lbs.

The mortality of the 137 cases of marasmus known as "*feeding cases*" was 37 per cent. Of 63 who were discharged living and who were followed for over six months, only 9 subsequently died; 11 could not be traced; 43 were well. Of 23 who were followed for less than six months, 4 died and 1 was not found. These results are most encouraging in these most difficult cases. They indicate clearly that if these babies can be safely carried through this critical period a very large number of them are permanently saved.

Chemical Laboratory.—The work in the Chemical Laboratory has been

THE BABIES' HOSPITAL

continued as usual during the year under Miss Courtney and Miss Fales, and several important original contributions have been made by them upon problems relating to infant nutrition.

Oceanic.—The work of the summer at the Country Branch has been most satisfactory. The number sent, 278, is the largest since the Country Branch was opened. A few remained for a month, the average stay being two weeks. The usual number of patients at one time was between 45 and 50, in charge of a physician, a superintendent and 18 nurses. Most of those admitted were former patients of the City Branch of the Hospital and the cases as a rule did exceedingly well.

The *general mortality* of all cases treated during the year was 26.9 per cent. This is partly explained by the admission of 38 more patients for operations on tonsils and adenoids, by 47 cases of congenital syphilis readmitted for injections of salvarsan and 11 more children sent to Oceanic than in the previous year. Subtracting these cases from the total admissions the mortality corrected for comparison with previous years would be 28.6, which is the lowest in the Hospital records since 1904.

There have been no changes in the Attending or Consulting Staff for the year. In closing I desire to bear witness to the faithful work of Doctor Morgan, the Resident Physician, and his Assistants during the year.

L. EMMETT HOLT.

THE BABIES' HOSPITAL

WANTED—A FRIEND

Plenty of babies waiting here for someone to recognize the fact that they have a right to exist, and they are really not asking much—just a little sunshine—some quiet sleep—some good food, that doesn't irritate the little digestion. It's worth doing and you can help.

THE BABIES' HOSPITAL

REPORT OF THE DISPENSARY AND VISITING NURSE COMMITTEE

OCTOBER 1, 1914-OCTOBER 1, 1915.

Chairman

MRS. ERNEST R. ADEE

MRS. EDWARD VAN INGEN

MRS. C. W. HAMMILL

MRS. J. PRENTICE KELLOGG

MRS. HENRY I. RIKER

MRS. EDWARD A. LE ROY

MRS. CHARLES H. SABIN

The Dispensary and Visiting Nurse Committee has continued its regular work during the past year. The Committee has met every month from October to May to hear Miss Wallin's report of patients visited and on relief distributed, and to advise with her as to the best disposition to be made of certain cases. That the work is increasing is shown by her report of visits, 15,568 as compared with 14,039 last year, and of relief given.

There was contributed for relief \$203.21, which was expended as follows:

New clothes and shoes.....	\$10.32
Board of baby at Speedwell Society, 3 months.....	30.00
Medicine.....	2.91
Rent for destitute patients.....	37.50
Food.....	64.52
Milk.....	21.67
Car-fare for poor patients.....	3.30
Special cases.....	12.00
Balance on hand.....	20.99

\$203.21

The \$12 given for special cases was contributed by Doctors Mersereau, Mixsell and Bartlett, by a friend of Miss Morgan's, and a gift of \$5 from

THE BABIES' HOSPITAL

a "grateful Dispensary mother." Miss Wallin has displayed marked ability in handling the relief work, and we are very grateful to the entire Dispensary staff for their faithfulness and zeal.

In the spring the Board of Directors, appreciating the need, and the bearing of relief on the medical work of the Dispensary, voted the Committee an allowance of \$25.00 a month from May to November for this purpose. With this amount and the continued gifts of our interested friends we will be able to relieve pressing distress among the Dispensary patients and provide needed milk, food and clothing for many nearly destitute babies and children. Old clothing for children of all ages, and even adults, is much needed and if sent to Miss Wallin at the Dispensary will be wisely distributed.

The Committee provided Christmas baskets for 22 of the Dispensary families, who otherwise would have had no share of Christmas cheer.

There were reported to the A. I. C. P. nine families. Of these two received aid, four no aid, two were already known to them, but we fear not helped further, one no report. The material assistance rendered was not large in proportion to the need, and without our help seven of these families could not have pulled through. We feel that the relief work is next to the medical work the most important carried on by the Hospital,—in fact in the Dispensary one depends much upon the other for without proper food and surroundings the Dispensary patient cannot profit from the skill of the physician and we therefore beg the continuing help and interest of all friends of the Hospital for this branch of the work.

GERALDINE F. ADEE,
Chairman.

THE BABIES' HOSPITAL

ANNUAL REPORT OF THE CRIBSIDE COMMITTEE OF THE BABIES' HOSPITAL 1914-1915

To the Board of Directors:

The Cribside Committee of The Babies' Hospital held its regular monthly meetings—during the season of 1914-1915—on the first Wednesday of each month at the Hospital, 135 East 55th Street.

At the December meeting the following officers were elected for the year:

MRS. FRANKLIN M. JONES.....	<i>Chairman</i>
MISS LOUISE P. DAVENPORT.....	<i>Vice-Chairman</i>
MRS. LOUIS W. DOMMERICH.....	<i>Treasurer</i>
MRS. FREDERIC S. BATTERSHALL.....	<i>Secretary</i>
MRS. SAMUEL R. OUTERBRIDGE.....	<i>Chairman of The Children's Charity</i>
MISS PAULINE FISKE.....	<i>Chairman of Clothing Committee</i>
MISS KATHERINE B. LOCKWOOD.....	<i>Chairman of Nominating Committee</i>
MISS SAIDEE E. WILLIAMS.....	<i>Chairman of Cutting Committee</i>

The membership in May was as follows:

Active Members.....	39
Associate Members.....	31

The Thursday morning sewing class was organized as formerly during Lent, and through the kindness of the Managers the meetings were held at their houses. It was a very successful class, the average attendance being 75.

The Clothing Committee has provided the Hospital with 4,216 pieces, a considerable increase over last year.

The Children's Charity has increased its membership for the year and has contributed to the Hospital the sum of \$400; \$50 of this being the proceeds of a fair held by some children at Huntington, L. I.

THE BABIES' HOSPITAL

The Committee has inaugurated a new policy by contributing the sum of \$100 to be used by the Visiting Nurse to provide milk for convalescent babies released from the care of the Hospital.

In accordance with the usual custom the Cribside Committee has supported one bed for the year.

Respectfully submitted,

NATHALIE A. BATTERSHALL,

Secretary.

THE BABIES' HOSPITAL

REPORT OF THE SUMMER BRANCH

To the Board of Managers and Directors of The Babies' Hospital, N. Y.:

The Chairman of the Summer Committee of The Babies' Hospital at Oceanic takes pleasure in reporting the continued success of the Summer Branch.

Our Board of Managers consisting of sixty-seven members have all been most interested in the work.

Through the summer there were admitted 278 children all of whom were greatly benefited by their outing. The condition of the hospital has been maintained, the floors having been done over, and the Isolation Ward plastered and painted, as well as other necessary work done.

The summer entertainment was most successful. A Rose Fête and Sale held at the residence of the Chairman netted \$3,349.74. With the generous contributions of the managers and friends of the Summer Branch our total for the summer of 1915 amounted to \$5,300.74.

The Committee take pleasure in recognizing the efficient services of the Superintendent, employees and the resident physician, Dr R. C. Hood.

The Chairman again wishes to express her hearty thanks to the Summer Board for their earnest and generous coöperation.

CECILIA FITLER BARROWS,
Chairman.

THE BABIES' HOSPITAL

REPORT OF THE POST-GRADUATE COURSE FOR TRAINED NURSES

To the Directors and Board of Managers of The Babies' Hospital:

The affiliation April 1, 1914, with the French Hospital for two pupil nurses for an uninterrupted service of three months has made it advisable to admit only two graduate nurses in place of four at a time, for the eight months' Post-Graduate course. This has been a very satisfactory arrangement to our nursing service in the Hospital, and also provides the public with more nurses efficiently trained in children's diseases.

We desire to extend our thanks and appreciation for the courses of lectures given by Mrs. J. H. Kenyon, Dr. Kerley, Dr. Bartlett, Dr. Stafford McLean and Dr. Morgan.

The following Post-Graduate nurses received diplomas:

ALICE M. BRINK,
U. B. A. Hospital,
Grand Rapids, Mich.

GRACE HAVEN,
S. R. Smith Infirmary,
Staten Island, N. Y.

SARAH WILSON GRAY,
Children's Hospital,
Pittsburgh, Pa.

MARY E. McKAGUE,
St. Boniface Hospital,
Winnipeg, Manitoba.

ISABEL NICOL,
Toronto Isolation Hospital,
Toronto, Canada.

The following French Hospital pupils received diplomas:

ALBERTHA DELIA BUTEAU
BEATRICE FRANCIS BUTEAU
MARGARET CECELIA CONDON
ANNA MARIE DONNELLY
ALICE MARY FITZGERALD

MIRIAM ROSABELLE GRUBER
NANCY JANE MACARTNEY
ANNA MARIE OSUSKY
GABRIELLE PEPIN
MARY AGNES PENDERGAST

MARY AGNES SMITH,
Superintendent.

THE BABIES' HOSPITAL

REPORT OF THE TRAINING SCHOOL FOR INFANTS' NURSES

To the Directors and Board of Managers of The Babies' Hospital:

There has been no important change in the past year in the course of instruction to our pupil nurses. As it has been possible to enter pupils who have had at least one year's work in a private family, caring for children, we are able to secure more capable workers, thus making our nursing service more efficient, and more valuable to the community when the training in the Hospital is completed.

Forty-nine probationers entered the training school during the year; of these three were rejected, nine resigned, and thirty-seven were accepted. The number of graduates this year, forty-seven, exceeds that of any previous year.

We report with regret the death of Ovide Gérard who completed her training August 1, 1915.

We very much appreciate the time given by Dr. Stark and Dr. Johnson for medical examinations of our probationers. The services of Dr. Chappell and Dr. Page during illness of our pupil nurses are also gratefully acknowledged.

The gifts of Mrs. Oliver G. Jennings at Christmas time to our pupils gave great pleasure, and we wish here to acknowledge her kind thoughtfulness, as well as that of other generous friends of the Hospital. We would also mention the happiness given by Mrs. P. A. Valentine to the 200 or more little children at our Christmas celebration held annually the day before Christmas.

MARY AGNES SMITH,
Superintendent.

THE BABIES' HOSPITAL

THE CHILDREN'S CHARITY

The Children's Charity is made up of those children who are interested in the work of the Hospital, and want to help it along.

The subscription is One Dollar a year.

Life Memberships, \$10.

A Membership card is sent each year when the dues are received, and every member's name is published in the Year Book of the Hospital.

Five Kinds of People who Join the Children's Charity

- I. Big boys and girls, who want to help the sick babies.
- II. Children who have come safely through an illness—to show their thankfulness.
- III. Brand new babies—to celebrate their arrival.
- IV. Grown-ups in the name of some child they love, or the child they once were themselves.
- V. In memory of children who have died—to do the good they were not spared to do.

Send your dues, with name and address to,

MRS. SAMUEL R. OUTERBRIDGE,
135 East 55th St.,
New York City.

Make checks payable to THE BABIES' HOSPITAL.

Dr. Rustin McIntosh

I give and bequeath to THE BABIES'
HOSPITAL of the CITY OF NEW YORK
the sum of Dollars,
to be applied to the uses and purposes of
said Institution.

TWENTY-EIGHTH
ANNUAL REPORT
OF
THE BABIES' HOSPITAL
OF THE
CITY OF NEW YORK

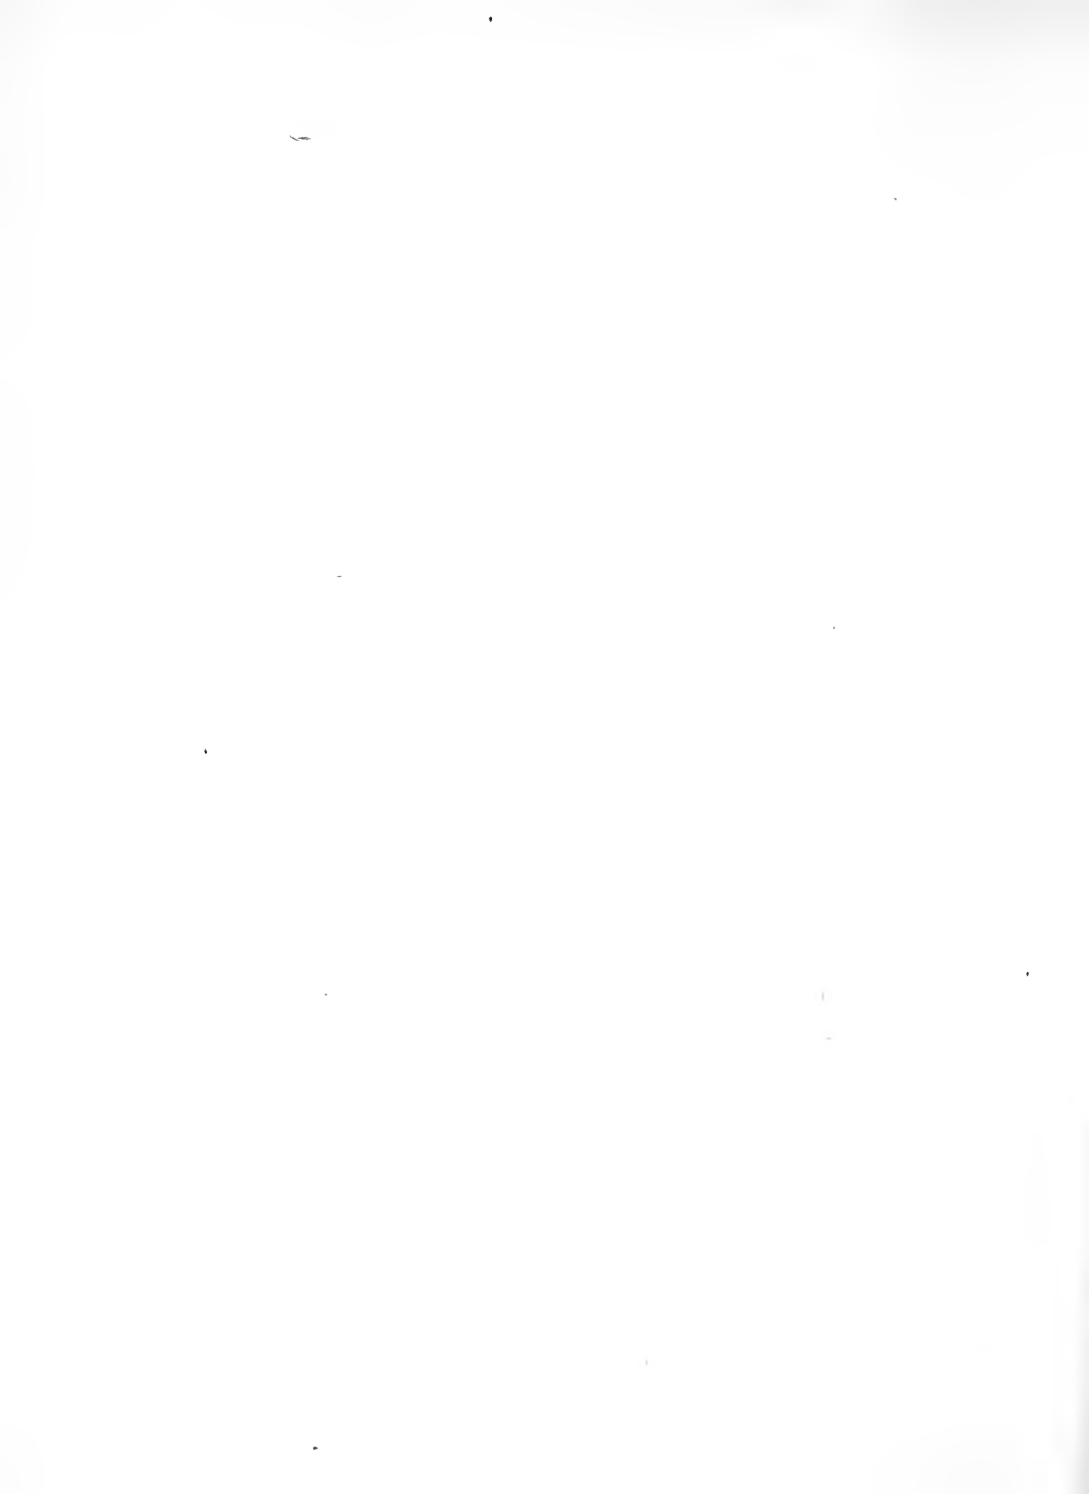

FOR THE YEAR ENDING SEPTEMBER 30TH, 1916

INCORPORATED 1887

HOSPITAL, LEXINGTON AVENUE AND 55TH STREET
SUMMER BRANCH, OCEANIC, NEW JERSEY

NEW YORK

THE BABIES' HOSPITAL

SEVEN FACTS OF INTEREST

- (1) THE BABIES' HOSPITAL for over twenty-eight years has been getting results in making babies better, and is still the only Hospital of its kind in New York City.
- (2) THE BABIES' HOSPITAL has a Training School for Infants' Nurses, has graduated 731 pupils, and offers an eight months' Post-Graduate course to Graduate Nurses. These nurses have helped the babies grow strong through careful feeding and the application of our doctrine of "Sunshine, Sleep and Soap."
- (3) THE BABIES' HOSPITAL offers facilities in its Out-Patient Department for the treatment of poor babies, and has contributed its very large share to better health and happiness.
- (4) THE BABIES' HOSPITAL operates a Summer Branch at Oceanic, New Jersey, where much has been done for little children by fresh air, sunshine and kindness.
- (5) THE BABIES' HOSPITAL has for sixteen years provided lectures to the students of the College of Physicians and Surgeons. These have given unusual opportunities to observe sick infants.
- (6) THE BABIES' HOSPITAL has admitted 20,795 babies. It was a struggle for existence with most of them and skillful nursing has saved many.
- (7) THE BABIES' HOSPITAL employs two Visiting Nurses to follow up hospital treatment after the baby has left the wards, and to keep the essential things before the mind of the mother.

REPORT

To the Directors of The Babies' Hospital:

GENTLEMEN—We have completed twenty-eight years of work in the care of sick babies and this year—above all years of the past—has been one not unmingled with anxiety owing to the existence of infantile paralysis. The complete report of this will be found in the account of the year's work submitted by Dr. Holt. Besides having had to labor with the difficulty of handling this epidemic in the City Hospital we had—through the Summer Committee—to contend with a very serious question at Oceanic. We had fifty-one children there, all in excellent health and through the unremitting care and watchfulness of the doctors and nurses in charge we passed through the summer without a case, although there were many anxious moments. Nevertheless our summer work was much hampered because we felt it incumbent upon ourselves to restrict altogether the sending of other children from the city to Oceanic and for a time we were prevented by the authorities from returning those that were there.

Great credit is due to the Summer Committee for their efficient handling of a most difficult situation under the leadership of Mrs. Bertram H. Borden.

The Women's Board have as usual continued in their valuable coöperation of the work of the Hospital and their supervision of the many intricate details of its management has been of inestimable value.

The Cribside Committee has accomplished much in the direction of furnishing clothing for the babies, and their interest in this work is very sincere.

A most valuable work which seems to have ever increasing usefulness is that carried on by our Visiting Nurse. The efficient Chairman of the Dispensary and Visiting Nurse Committee, Mrs. Ernest R. Adey, submits a detailed account of this.

THE BABIES' HOSPITAL

Our Children's Charity which has been ably supervised for so many years by Mrs. Samuel R. Outerbridge has brought substantial returns to the treasury and this effort to group together a number of children who may have the opportunity of helping the work of the Hospital is a very creditable one and the membership should be largely augmented. Boys, girls, brand new babies, grown-ups in the name of a child they love, children who have come safely through an illness,—all these would make suitable members of the Children's Charity. We are sorry to learn that Mrs. Outerbridge, on account of many pressing duties in other directions, finds it necessary to give up the supervision of the work of the Children's Charity.

The Out-Patient Department has had a very active year and the number of patients has increased. The average daily attendance was fifty-two.

Gifts to the Permanent Fund during the year have been as follows: Two Endowed Beds in Perpetuity, one from Mr. and Mrs. John C. Moore, and the other from Mrs. Clarence Gordon Campbell; a payment of \$4,000 on account from the Estate of Augustus C. Brown, and \$250 from Mrs. Henry G. Trevor toward Bed in Perpetuity.

It is with pleasure that we announce the filling of two vacancies in the Board of Directors by the election of Mr. Carl Tucker and Mr. Theodore Hetzler, President of the Fifth Avenue Bank. We are glad to extend a cordial welcome to both these gentlemen.

The funds for maintaining the Hospital have been sufficient to pay our expenses but not much more than this because of the continued strife in Europe and the consequent diversions of American money in that direction. Some gifts which we might have received have not come to us. The efforts of the Ways and Means Committee have been increased because of this difficulty and with partial success in their undertaking. The new fiscal year finds us with a small balance to the credit of our Income Account and we are sincerely hoping that our friends will continue to realize our needs during the coming year. With the increased cost of commodities it seems

THE BABIES' HOSPITAL

as if we—with other institutions—were facing a very difficult situation. Indeed we only hope that we can surmount our difficulties.

To all those who have contributed toward the effective work carried on by the Hospital during the year—to the House Staff, to the Medical Staff and to all the volunteer workers—we extend our grateful appreciation.

JOHN SHERMAN HOYT,
President.

B. OGDEN CHISOLM, *Secretary.*

THE BABIES' HOSPITAL

MEDICAL REPORT

To the Directors and Board of Managers of The Babies' Hospital:

The medical work of the twenty-eighth year of the Babies' Hospital has gone on along much the same lines as in previous years. The epidemic of infantile paralysis during the summer was the cause of some embarrassment in the general Hospital activities, especially in the Country Branch and to some degree in the Out-Patient Department. The agitation through the press magnified the dangers of the spread of the disease, so that mothers avoided as much as they possibly could both street cars and dispensaries during the summer. During the months of July, August and September the attendance of the Out-Patient Department fell off about 25 per cent. After July 9 the New Jersey authorities would allow no more children to be transferred from the city to the Country Branch at Oceanic. Although the Branch was kept open until September 1st less than half as many children were sent as last year. During two summer months at the height of the epidemic two wards of the Hospital were given up to the care of paralysis cases which were assigned to us by the Health Department, most of the 35 patients being retained for the eight weeks of quarantine. This fact and the closure of Oceanic caused a great reduction in the number of admissions to the Hospital during the summer months. Fortunately, the general health of the city, aside from the epidemic, was unusually good during the summer, so that fewer demands were made upon the Hospital than in most seasons.

A summary of the general work of the year as compared with that of the previous year is as follows:

	1915	1916
Patients treated in the Hospital.....	1,663	1,375
Days of Hospital treatment.....	23,760	22,135
New Out-Patients.....	4,803	4,654
Out-Patient visits.....	15,568	15,832
Children sent to Oceanic.....	278	133

THE BABIES' HOSPITAL

The range of diseases treated and the results obtained have not differed materially from previous years. Especially noteworthy were a series of cases of intussusception. Seven infants were admitted with this quite infrequent condition during two summer months; all but one were saved by operation, this being a child admitted on the fourth day. He could doubtless have been saved but for this delay. In this condition as in strangulated hernia early surgical relief is imperative and every hour's delay increases the danger.

Pneumonia has now come to be our most common disease and one of the most serious in young children. There were treated during the year 235 cases with 85 deaths. Nearly all the deaths (78) were from bronchopneumonia in young infants. Frequently this was secondary to some other condition. Of the 57 cases of primary lobar pneumonia there were but 5 deaths. Owing to the type of infection in the pneumonias of young children but little help has been afforded as yet in treatment by the newer methods, whose value has been so striking in adults. The proportion of our patients admitted with acute respiratory diseases, as in the city generally, seems to be steadily increasing, while the proportion of diarrhoeal diseases, owing to better care and better feeding, is steadily falling. Up to November 1 there were in New York City in children under two years, 3,881 deaths from respiratory diseases and but 2,690 from diarrhoeal diseases.

Modern medicine is advancing most along laboratory lines and each year witnesses a great increase in the amount and importance of the work done in this department. How great this has been will be seen by reference to the laboratory report given in detail elsewhere. This is perhaps the part of the Hospital which is developing most rapidly, so much more can now be done along these lines for patients in diagnosis and treatment.

During the past year a laboratory has been added to the equipment of the Out-Patient Department with a salaried worker. This is already

THE BABIÈS' HOSPITAL

proving of great value and has the effect of raising the standard of the work in this branch of the Hospital service.

A number of changes on the Hospital staff have occurred during the year. Dr. Morgan, Resident Physician for two years, left on January 1 to join the Royal Medical Corps of the English Army. Dr. Chaplin, his successor, resigned April 1 on account of his health and he was followed by Dr. Clark who completed the year.

In January last Dr. Nathaniel R. Norton was appointed Assistant Attending Physician.

It is with great regret that we record the sudden death of Dr. Wilbur B. Marple who had been Consulting Ophthalmologist since 1899. His genial personality and his faithful service to the Hospital will long be remembered.

The work of the Chemical Laboratory under Miss Courtney and Miss Fales has been carried on through the year and is of the greatest assistance in helping to solve the complex problem of infant nutrition.

The teaching of medical students from the College of Physicians and Surgeons has been continued as usual, both in the wards and in the Out-Patient Department.

The medical aim of the Hospital has been to make the service not the largest but the best in this city with its population of 250,000 infants under two years.

In concluding this report I desire to acknowledge the faithful work of the entire Resident Staff, always keenly interested in the welfare of the patients and never sparing themselves in their devotion to the work.

L. EMMETT HOLT.

THE BABIES' HOSPITAL

REPORT OF THE DISPENSARY AND VISITING NURSE COMMITTEE

OCTOBER 1, 1915—OCTOBER 1, 1916

MRS. ERNEST R. ADEE, *Chairman*

MRS. EDWARD VAN INGEN

MRS. C. W. HAMMILL

MRS. J. PRENTICE KELLOGG

MRS. JOHN E. ROUSMANIERE

MRS. EDWARD A. LEROY

MRS. MABEL WHITNEY SABIN

The year that has passed has brought with it such increased activity to the Out-Patient Department and so enlarged the work of the visiting nurse, that it has been decided to make several changes which will enable the Dispensary to render more effective service to the children brought to it. It is hoped that next year a second visiting nurse will divide with Miss Wallin the duty of visiting the cases for after treatment and follow-up care. When it is realized that Miss Wallin made 1,202 visits last year, and that patients come to us from the Battery to the Bronx, and from the East to the Hudson River, the amount of time consumed in visits alone is more than one nurse can give, without any duty in the Dispensary—and one is required there all the time.

Many cases of infantile paralysis were brought in to the Out-Patient Department and subsequently removed to the Isolation Ward in the Hospital for their treatment.

From April 1 a regular allowance of \$25 a month was made to our Committee from the Hospital funds for relief work. The amount of \$160 was contributed in memory of Arthur Halsey Slade for the same purpose from a fund of \$250 set aside for relief; the Cribside Committee furnished us with \$10 a month for milk, and other contributions amounting to \$80.99 gave us a total for relief work of \$370. Of this \$309.76 was expended as follows:

THE BABIES' HOSPITAL

For milk.....	\$175.74
For food.....	77.60
For clothing.....	29.56
For rent.....	17.00
For car fare for patients.....	9.86
Total.....	<hr/> \$309.76

leaving a balance on hand of \$60.24.

Given for Christmas dinners.....	\$40.00
Number of dinners given.....	29

Report of the Visiting Nurse

Patients visited at home.....	938
Total number of visits made.....	1,202
New cases.....	549
Amount given for relief.....	\$309.76

GERALDINE F. ADEE,
Chairman.

THE BABIES' HOSPITAL

REPORT OF THE CRIBSIDE COMMITTEE

During the winter of 1915-1916, the regular monthly meetings of the Cribside Committee of The Babies' Hospital were held at the Hospital on the first Wednesday of every month, at twelve o'clock.

At the December meeting the following officers were unanimously elected:

MISS FRANCES E. HOWLAND.....	<i>Chairman</i>
MRS. HENRY G. BARTOL.....	<i>Vice-Chairman</i>
MRS. ROBERT D. STERLING.....	<i>Treasurer</i>
MISS KATHERINE B. LOCKWOOD.....	<i>Secretary</i>
MRS. SAMUEL R. OUTERBRIDGE.....	<i>Chairman of the Children's Charity</i>
MISS MARY ST. JOHN MAIRS.....	<i>Chairman of the Clothing Committee</i>
MISS SAIDEE E. WILLIAMS.....	<i>Chairman of the Cutting Committee</i>
MISS ANNA G. CARTER, <i>Chairman of Nominating and Admissions Committee</i>	

The membership in May was:

Active members.....	48
Associate members.....	35

The usual meetings of the Thursday morning Lenten Sewing Class were well attended and were held at various houses kindly offered to the class. Three thousand four hundred and ninety-six articles of clothing were donated to the Hospital.

At the annual Bazaar given for the Hospital, the table furnished by the Cribside Committee was very successful.

The Children's Charity, through the earnest endeavors of Mrs. Samuel R. Outerbridge, has continued to raise money for the Hospital.

The Committee has continued its policy of donating \$10 a month to Miss Wallin to use in her relief work, and also is to contribute for the year half the salary of the second visiting nurse.

In accordance with its usual custom, the Cribside Committee supported a bed for the year.

KATHERINE B. LOCKWOOD,
Secretary.

THE BABIES' HOSPITAL

REPORT OF THE SUMMER COMMITTEE

To the Board of Managers and Directors of The Babies' Hospital:

The Summer Committee of the Babies' Hospital at Oceanic, consisting of seventy members, have experienced a season of much interest and yet filled with anxiety. The month of June saw the babies, improved by their visit, leaving to give place to those not so well. But in July came the terrors of poliomyelitis and all admissions from the city ceased excepting some six cases, children recovering from empyema and appendicitis.

The children in our care remained until September 1 when the Hospital closed, 133 having been sent to Oceanic during the season. Those who saw the little tots playing under the trees, resting in their wicker carriages and enjoying their carefully served meals would feel with us that they had benefited by the additional stay in the country,—which act was considered advisable by the Committee to lessen the danger of exposure to the serious epidemic in New York.

In July, the film entertainment, "How Britain Prepared," was given; \$2,736 was realized, and films, music and theater were given by some of the managers. Two generous gifts were received: one of \$250 spent on twenty-four white enameled beds, and one of \$1,000 to also add needed comforts to the Summer Branch. Friends and managers were, as ever, generous, and subscriptions amounted to \$2,021, making a total of \$4,757 for the summer of 1916.

The wards have been freshened with kalsomine, and the diet kitchen painted.

It is with pleasure the Committee recognize the earnest work of the Superintendent and employees, and the special services of the resident physician, Dr. R. C. Hood.

MARY OWEN BORDEN,
Chairman of the Summer Committee.

THE BABIES' HOSPITAL

REPORT OF THE POST-GRADUATE COURSE FOR TRAINED NURSES

To the Directors and Board of Managers of The Babies' Hospital:

We continue to give a Post-Graduate course of eight months to registered nurses. This year five entered the course, but only one completed her training; two were not accepted, one resigned, and one will complete her training in a short time.

There is an ever increasing demand among physicians, as well as from institutions from all parts of the country, for nurses who have had special training with babies and children, and we are now able with the number of French Hospital pupils who graduate each year, to give a better service to the public.

The following Post-Graduate nurse received diploma:

ALICE HEGARTY,
Graduate of St. Boniface Hospital,
Winnipeg, Manitoba.

The following French Hospital pupils completed their training and will receive diplomas:

MARGUERITE BLANCHFIELD
FLORA DICKSON
CAMELLA McCORMICK
LILLIAN McKENNA

HELEN MARRIN
KATHERINE REDDY
HELEN THOMAS
CLARA WHALEN

GRACE WHALEN

MARY AGNES SMITH,
Superintendent.

THE BABIES' HOSPITAL

REPORT OF THE TRAINING SCHOOL FOR INFANTS' NURSES

To the Directors and Board of Managers of The Babies' Hospital:

The course of instruction in the past year to our pupil nurses has been unchanged. The standard of applicants was higher than formerly as the following figures will show:

Fifty-six probationers were admitted to the training school; of these four resigned, four were rejected, two dismissed, and forty-six were accepted. There were forty-three graduates this year.

The nursing service was very efficient, and we have been able to provide thoroughly capable infants' nurses. A number of the pupils who had no previous experience caring for children were willing to serve the Hospital for one year instead of eight months, and this additional time proved of great value to the nursing staff.

We are very indebted to Dr. Morris Stark and Dr. F. Elmer Johnson for the time given to the examination of pupils, this physical examination being essential before acceptance into the school.

The Christmas gifts of Mrs. Oliver G. Jennings to our pupils afforded much pleasure, and we also wish to acknowledge her kindness during the year, as well as that of other generous friends.

Two hundred and fifty children thoroughly enjoyed the Christmas tree and celebration given by Mrs. P. A. Valentine, each child receiving toys or games, clothing, candy and oranges, through this generous annual gift. This tree not only gives pleasure to the children and those who help prepare it, but it is a source of gratification and interest to our physicians to see children who have been very ill in the Hospital return to us in good condition.

MARY AGNES SMITH,
Superintendent.

THE BABIES' HOSPITAL

GENERAL RULES

1.—The beds of the Hospital are free to the needy poor. Others are charged, according to their means, from \$4 to \$7 a week for board.

2.—Sick children under three years of age are admitted, excepting those suffering from contagious diseases.

3.—Applications for admission should be made at the Hospital during the day, from 9 to 5, although emergency cases are received at any time.

4.—The Out-Patient Department is open daily throughout the year, from 2 to 3 P. M., excepting on Sundays and holidays.

5.—Visiting day, for friends of patients, is Wednesday, from 11 A. M. to 3 P. M.

6.—Visitors to the Hospital are welcome any afternoon, between 3 and 5.

HOSPITAL CALENDAR

ANNUAL BOARD AND CORPORATION MEETING, third Tuesday in January.

REGULAR BOARD OF DIRECTORS' MEETINGS, third Tuesday in October, January and April.

EXECUTIVE COMMITTEE, third Tuesday in November, December, February, March and May.

ANNUAL MEETING OF THE WOMEN'S BOARD, second Tuesday in December.

WOMEN'S BOARD, second Tuesday of every month, from October to May, both inclusive.

WOMEN'S BOARD—EXECUTIVE COMMITTEE, monthly, except during months of June, July, August and September.

HOUSE COMMITTEE, monthly, from October to May, both inclusive.

THE BABIES' HOSPITAL

THE CHILDREN'S CHARITY

The Children's Charity is made up of those children who are interested in the work of the Hospital, and want to help it along.

The subscription is One Dollar a year.

Life Memberships, \$10.

A Membership card is sent each year when the dues are received, and every member's name is published in the Year Book of the Hospital.

Five Kinds of People who Join the Children's Charity

- I. Big boys and girls, who want to help the sick babies.
- II. Children who have come safely through an illness—to show their thankfulness.
- III. Brand new babies—to celebrate their arrivals.
- IV. Grown-ups in the name of some child they love, or the child they once were themselves.
- V. In memory of children who have died—to do the good they were not spared to do.

Send your dues, with name and address to,

MRS. CHARLES W. McKELVEY,
Oyster Bay,
N. Y.

Make checks payable to THE BABIES' HOSPITAL.

INCORPORATED 1887

HOSPITAL, LEXINGTON AVENUE AND 55TH STREET
SUMMER BRANCH, OCEANIC, NEW JERSEY

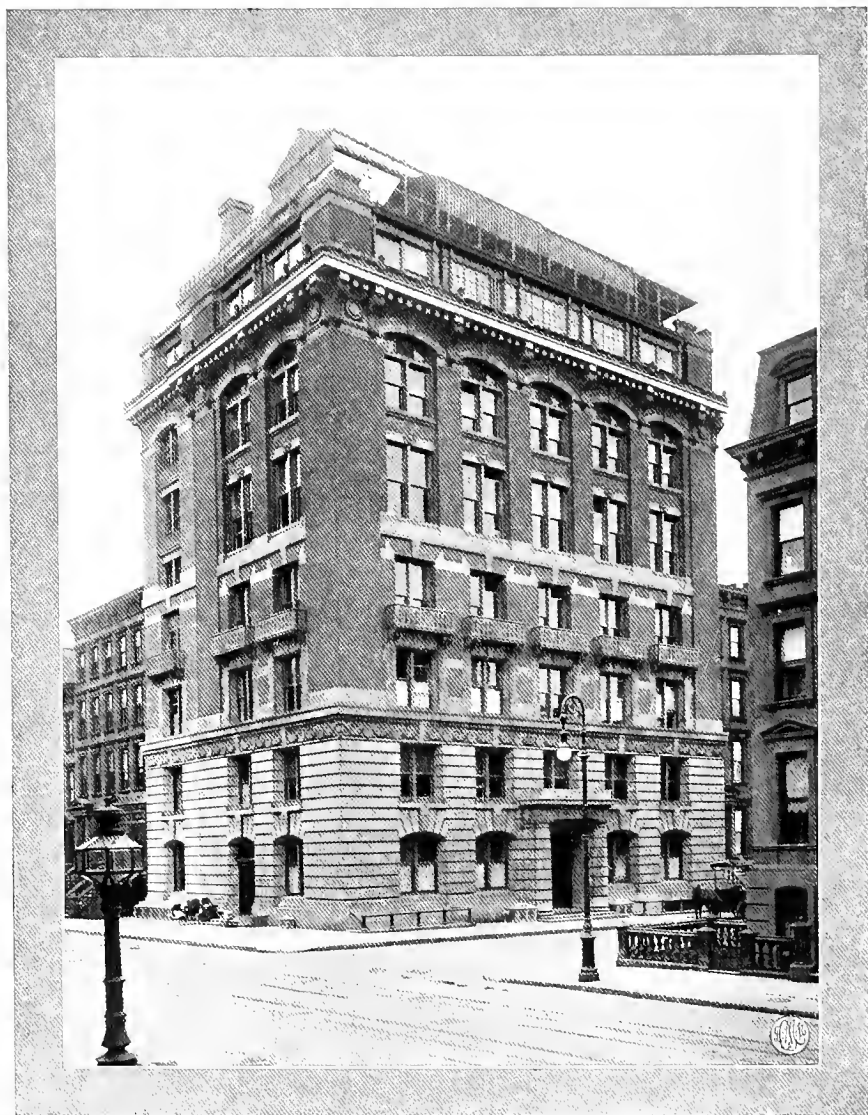

NEW YORK

THE BABIES' HOSPITAL

SEVEN FACTS OF INTEREST

- (1) THE BABIES' HOSPITAL for over twenty-nine years has been getting results in making babies better, and is still the only Hospital of its kind in New York City.
- (2) THE BABIES' HOSPITAL has a Training School for Infants' Nurses, has graduated 768 pupils, and offers an eight months' Post-Graduate course to Graduate Nurses. These nurses have helped the babies grow strong through careful feeding and the application of our doctrine of "Sunshine, Sleep and Soap."
- (3) THE BABIES' HOSPITAL offers facilities in its Out-Patient Department for the treatment of poor babies, and has contributed its very large share to better health and happiness.
- (4) THE BABIES' HOSPITAL operates a Summer Branch at Oceanic, New Jersey, where much has been done for little children by fresh air, sunshine and kindness.
- (5) THE BABIES' HOSPITAL has for seventeen years provided lectures to the students of the College of Physicians and Surgeons. Young men looking forward to a professional career are thus given the opportunity for practical study of difficult and unusual cases at first hand.
- (6) THE BABIES' HOSPITAL has admitted 22,332 babies. It was a struggle for existence with most of them and skillful nursing has saved many.
- (7) THE BABIES' HOSPITAL employs two Visiting Nurses to follow up hospital treatment after the baby has left the wards, and to keep the essential things before the mind of the mother.

THE BABIES' HOSPITAL

REPORT OF DIRECTORS

To the Directors of The Babies' Hospital:

The momentous events of the year have been indirectly and adversely reflected upon our work, and make us feel the necessity of seeking a greater co-operation on the part of the public—of having a larger number of persons interested in our Hospital. Our efforts have been unceasing in this direction, for the continued diversion of funds from private givers for war purposes has had its effect upon our finances, and the prevailing high prices press heavily upon our resources.

But in spite of all these difficulties our twenty-ninth year has had its intervals of sunshine to compensate for the worries. The principal cause for gratification is, of course, the babies we have been able to send back home well, or on the way to good health. Many of these have been close to the border line, and every one that we have been able to hold back has been a source of joy, for the lives of the babies are certainly worth more now than ever. It is with pleasure we draw attention to the work of our Board of Women Managers and our various Committees. The detailed reports of the heads of these Committees will be found on other pages, but their kind interest and untiring efforts are outside the field of statistics. We take this way of acknowledging our indebtedness to the Summer Committee that does so much for our Oceanic Branch; the Cribside Committee that provides the Hospital with so many useful things, as well as much financial aid; the Dispensary and Visiting Nurse Committee, that has helped so generously the growth of the Out-Patient Department, and the Children's Charity with its large space in our records.

Gifts to the Permanent Fund during the year have been as follows: two Beds Endowed in Perpetuity, one from Mrs. Clarence M. Hyde, known as the "Clara Mathewson Hyde Bed," and one from the Estate of

THE BABIES' HOSPITAL

H. B. Dick, to be named "The Harris Brisbane Dick Free Bed," and from the Executrix of the Estate of Mary Isabel Reese, widow of Brigadier-General Chauncy B. Reese, a bequest of \$1,000 in memory of her only grandchildren, the little daughters of John and Sarah Brewerton Reese Jolly, Sarah Brewerton Jolly and Mary Courtenay Jolly.

The Board of Directors extends its sincere and grateful appreciation to all those who have helped us the past year,—the Medical Staff, the House Officers, the volunteer workers,—and our generous contributors.

It is our great hope that we may be able to overcome the financial difficulties of the immediate future that may delay our progress, and that the interest of our friends and their co-operation may not fail us in our efforts for the welfare of the babies.

JOHN SHERMAN HOYT,
President.

B. OGDEN CHISOLM,
Secretary.

THE BABIES' HOSPITAL

MEDICAL REPORT

To the Directors and Board of Managers of the Babies' Hospital:

Not much that is new or striking has occurred in the work of the Babies' Hospital during the past year. It is gratifying to record a remarkable freedom from outbreaks of contagious diseases, both in New York and at the Country Branch at Oceanic.

The medical service has in the opinion of all the physicians been distinctly improved by the reorganization which went into effect early in the year. The Physician-in-Chief and the two Attending Physicians on duty now make full rounds of the Hospital together twice each week, so that every patient is seen by the entire staff and the more difficult and obscure cases subjected to careful consideration and discussion. This has proved a great advantage both to the physicians and to the patients. The attendance on these full rounds of the Assistant Physicians who are also in charge of the Out-Patient Department has brought the two branches of the service, the wards and the Out-Patient Department, into closer union. Patients are now readily transferred from one service to the other with all the facts of the previous history known, and without any interruption in the plan of treatment.

The payment of small salaries to the Admitting Physician of the Out-Patient Department and to the two chief assistants has secured regular attendance and greater interest in the service and altogether a much more efficient medical organization with but a slight increase in expenses. This Department has become a very important branch of the work and one in which the officers of the Hospital may feel a just pride.

The War has disturbed the service of the House Staff. Two of those appointed have taken positions created by the War, and one of our Resident Staff was called to military duty before the completion of his hospital

THE BABIES' HOSPITAL

service. We have thus far been fortunate in securing others to fill their places, so that as yet this part of the Hospital's service has not been hampered but a shortage in the near future is anticipated. Two of our Surgical Staff, Drs. Kenyon and Bolling, entered military service early in the summer. Their duties have been assumed and well performed by Drs. Edward D. Truesdell and Charles E. Farr, who have acted as substitutes and to whom the thanks of the Hospital authorities are due.

The staff of the Out-Patient Department has also been much depleted and it has been impossible to obtain the necessary physicians to do this work. We have been greatly helped by the lay women workers, who since early summer have given voluntarily much valuable assistance. Our hearty thanks are due to this group.

A summary of the year's work as compared with the previous year is as follows:

	1916	1917
Patients treated in the Hospital.....	1,375	1,639
Days of Hospital treatment.....	22,115	22,554
New Out-Patients.....	4,654	4,484
Out-Patient visits.....	15,832	16,135
Children sent to Oceanic.....	133	227

The general mortality of all patients treated was 29 per cent as against 35 per cent of the previous year. The largest single factor in this change is in the difference in the cases of pneumonia. This year of all varieties of pneumonia there were treated 328 cases with 83 deaths; last year there were 236 cases with 85 deaths. Of lobar pneumonia there were treated this year 43 cases with 3 deaths; last year, 57 cases with 5 deaths. The high mortality is in bronchopneumonia, especially in cases occurring in very young infants, of which we always have a large proportion. In this group this year the mortality was 29 per cent in 275 cases; last year it was 44 per cent in 179 cases, the type of the disease being especially fatal last year. The deaths from acute intestinal diseases this year are considerably

THE BABIES' HOSPITAL

greater than usual. The figures correspond to the mortality figures of the entire city, the proportion of intestinal cases being increased and those from pneumonia decreased from the previous year.

In closing this report I desire to express appreciation of the excellent work which has been done during the year by the entire Resident Staff and also by the Staff of the Out-Patient Department who have done so much to bring this branch of the service up to its present state of efficiency.

L. EMMETT HOLT,
Physician-in-Chief.

THE BABIES' HOSPITAL

STATISTICAL REPORT OF MEDICAL AND SURGICAL WORK

From October 1, 1916, to October 1, 1917

Patients remaining October 1, 1916.....	46	
Patients admitted from October 1, 1916, to October 1, 1917.....	1,537	
Total treated in wards.....		1,583
Patients admitted to private rooms.....	40	

Age of Patients Admitted

Under one month.....	98
Between one and six months.....	447
Between six and twelve months.....	267
Between one and two years.....	325
Two years and over.....	400
Total.....	1,537

Discharged During the Year

Cured.....	718
Improved.....	218
Unimproved.....	110
Transferred to other institutions.....	19
Not treated.....	9
Died.....	458
Total.....	1,532

Remaining October, 1917

Males.....	25	
Females.....	26	
Total remaining.....		51
		1,583

Average daily number of inmates during the year.....	61.7
Average stay of each child in days.....	14.6

Of those treated during the year there were:

Paying patients.....	384
Beneficiaries.....	1,197
Number of days paying patients.....	3,998
Number of days beneficiaries.....	18,556
Total number Hospital days' treatment.....	22,554
Patients visited at home by Visiting Nurse.....	2,136
Total number visits by Visiting Nurse.....	2,595

THE BABIES' HOSPITAL

REPORT OF THE DISPENSARY AND VISITING NURSE COMMITTEE

OCTOBER 1, 1916 TO OCTOBER 1, 1917

MRS. ERNEST R. ADEE, *Chairman*

MRS. J. PRENTICE KELLOGG

MRS. JOHN E. ROUSMANIERE

MRS. EDWARD A. LE ROY

MRS. WHITNEY SABIN

MRS. HENRY I. RIKER

MRS. EDWARD VAN INGEN

The Dispensary and Visiting Nurse Committee report continued growth and interest in the work of the Dispensary. The number of patients increases each year and a second trained nurse has been added to the staff. This year a change was made and clinics are now held only in the afternoon, from two to three o'clock, with an average attendance of 90 patients. The time of the nurses is fully occupied with this service and follow-up visits to the patients in their homes. Two different clinics are held on alternate days under the direction of Dr. McLean and Dr. Johnson, each with three or four assistants.

A new departure was made on the suggestion of Dr. Holt, that women volunteers assist in the Dispensary, taking histories, weighing babies, etc., thus obviating the necessity of employing another nurse, who in these days of war must be reserved for more serious duties, the demand for trained nurses abroad being so great that this is a real patriotic service, and for it, as such, women and girls have volunteered in large numbers through the League for Woman's Service under Mrs. James H. McCoon, and have served faithfully all through the summer and autumn. About twenty are still serving regularly in the clinics.

Miss Wallin and Miss Donnelly, the two Visiting Nurses, report as follows:

THE BABIES' HOSPITAL

Patients visited at home.....	2,136
Total number of visits made.....	2,595
New cases.....	1,670

There was received for relief \$493.38, including an allowance from the Hospital funds for this purpose of \$300, which was expended as follows:

For milk.....	\$309.57
For food.....	85.93
For clothing.....	11.00
For car fare for patients.....	6.88
	<hr/>
	\$413.38

leaving a balance on hand of \$80.

The Cribside Committee in addition furnished \$10 a month for milk for special cases, and special gifts were made of \$13, and of second hand clothing, which is greatly needed.

The Committee furnished the usual Christmas dinner baskets to families of Dispensary patients, amounting this year to twenty-seven.

Thirteen children were sent, through the Children's Aid Society, to the Sick Children's Mission for periods of convalescence.

The Babies Hospital Club, composed of fifteen young girls, has been organized with Miss Elizabeth Hanna as President, Miss Elsie Parsons, Secretary, and Miss Cathleen Vanderbilt, Treasurer. Through their own efforts they raised and gave

For Relief work of City Hospital.....	\$154
For work at Oceanic.....	50
To furnish two cribs.....	50

and we are very appreciative of this assistance furnished by them and by the Cribside Committee to the Relief Work of the Dispensary.

Respectfully submitted,

GERALDINE F. ADEE,
Chairman.

THE BABIES' HOSPITAL

REPORT OF THE CRIBSIDE COMMITTEE

During the winter of 1916-1917 the regular monthly meetings at the Hospital were held on the first Wednesday of each month, at twelve o'clock.

The officers for the year, elected at the December meeting, were:

MISS KATHERINE B. LOCKWOOD.....	<i>Chairman</i>
MRS. HENRY G. BARTOL.....	<i>Vice-Chairman</i>
MRS. ROBERT D. STERLING.....	<i>Treasurer</i>
MRS. LAWRENCE W. SCUDDER.....	<i>Secretary</i>
MRS. CHARLES W. MCKELVEY.....	<i>Chairman of the Children's Charity</i>
MISS ANNA GRAY CARTER	

Chairman of Nominating and Admissions Committee

MISS LOUISE BARNARD.....*Chairman of Clothing Committee*

MISS SAIDEE E. WILLIAMS.....*Chairman of Cutting Committee*

The usual meetings of the Lenten Sewing Class were held at the houses of various members through their kindness, and 3,430 garments were completed and were sent to Oceanic.

Through Mrs. McKelvey's untiring efforts, the Children's Charity contributed \$811.29 to the Hospital.

The Cribside Committee gave the Hospital \$240 to help its expenses during the poliomyelitis epidemic during the summer of 1916. This amount had been put aside for a second visiting nurse, but having difficulty in securing one, the money was given as stated.

The Committee has, as usual, supported a bed for the year; paid Miss Wallin \$10 a month for her relief work, and has contributed half the salary of a second visiting nurse.

Alice Wilson Scudder,
Secretary.

THE BABIES' HOSPITAL

REPORT OF THE SUMMER COMMITTEE

To the Board of Managers and Directors of The Babies' Hospital:

The Summer Committee of The Babies' Hospital at Oceanic report a very satisfactory season. During the three months 227 children were in charge of the excellent Superintendent, Miss Mary E. McKague, who gave affection as well as good care to her little patients. This, combined with sunshine, fresh air, and good food did wonders, and many of the children looked made over on their return.

The Hospital was kept in good order, and inspected weekly by the Committee, who were much interested in the work, and among their attentions the daily gift of fresh vegetables for the children was of great benefit.

In July, a Fair was held and \$4,200 raised; this with the subscriptions brought the amount raised by the Summer Board for 1917 to \$6,996.

It is with pleasure the Committee recognize the splendid work of the Superintendent and employees, which contributed largely to a successful summer.

MARY OWEN BORDEN,
Chairman of the Summer Committee.

THE BABIES' HOSPITAL

THE BABIES' HOSPITAL

REPORT OF THE POST-GRADUATE COURSE FOR TRAINED NURSES

To the Directors and Board of Managers of the Babies' Hospital:

We continue to give a Post-Graduate course of eight months to graduate nurses. During the year two completed the training, and two others will finish their course in a few months. This has enabled us to give very capable nursing to our sick babies.

The following Post-Graduate nurses received diplomas:

MRS. FANNY J. OLDHAM,
Battle Creek Sanitarium,
Battle Creek, Mich.

MISS ETHEL I. GUNDERSON,
St. Vincent's Hospital,
Portland, Oregon.

The following French Hospital pupils completed their training and received diplomas:

MISS DAVOREN
MISS FERGUSON
MISS LEWIS
MISS LLOYD

MISS MCINTYRE
MISS MORPHIT
MISS MURPHY
MISS STOLL

MARY AGNES SMITH,
Superintendent.

GRADUATING CLASS OF INFANT NURSES WITH THEIR SUPERINTENDENT—1917

THE BABIES' HOSPITAL

REPORT OF THE TRAINING SCHOOL FOR INFANTS' NURSES

To the Directors and Board of Managers of The Babies' Hospital:

During the year there has been no change in our course of instruction. Fifty probationers were admitted; of these seven resigned, two were rejected, five dismissed, and thirty-six accepted as pupils. The following received diplomas:

ELIZABETH BIRMINGHAM	MARGARET MCGUIRE
ROSE BOOTE	ANNA MAGUIRE
MARY BURKE	KATHLEEN MAGUIRE
ANNA BURNS	ALMA MEYERS
MARY CONWAY	THERESA MONOGHAN
DELIA COSTELLO	CATHERINE MULVEHILL
DELIA CRIMMINS	ANNIE NEWMAN
MARY DEVITT	VALERIA PITTMANN
ELIZABETH DOOLEY	HELEN PURVIS
MARY DOWNES	AGNES ROBERTSON
MATILDA FETZER	CATHERINE ROSS
MAY FINCH	KATE SHAW
FELICIE GERARD	ANNIE SHEERIN
CATHERINE GLYNN	MARGARET SHIEL
SUSIE GONOUDE	MARY ANN SMITH
MARY JANEC	ELLEN TRAVIS
HILMA JOHNSON	GLADYS TUCKER
SARAH MCCORRY	CATHERINE WARE

ELEANOR ZETTERSTROM

We desire to thank Mrs. Oliver G. Jennings for her gifts at Christmas to our pupils, and also to acknowledge our deep appreciation of Mrs. P. A Valentine's yearly Christmas treat to two hundred and twenty-five little children who had been patients in the Hospital or the Dispensary.

MARY AGNES SMITH,
Superintendent.

THE BABIES' HOSPITAL

GENERAL RULES

1.—The beds of the Hospital are free to the needy poor. Others are charged, according to their means, from \$4 to \$7 a week for board.

2.—Sick children under three years of age are admitted, excepting those suffering from contagious diseases.

3.—Applications for admission should be made at the Hospital during the day, from 9 to 5, although emergency cases are received at any time.

4.—The Out-Patient Department is open daily throughout the year, from 2 to 3 P. M., excepting on Sundays and holidays.

5.—Visiting day, for friends of patients, is Wednesday, from 11 A. M. to 3 P. M.

6.—Visitors to the Hospital are welcome any afternoon, between 3 and 5.

HOSPITAL CALENDAR

ANNUAL BOARD AND CORPORATION MEETING, third Tuesday in January.

REGULAR BOARD OF DIRECTORS' MEETINGS, third Tuesday in October, January and April.

EXECUTIVE COMMITTEE, third Tuesday in November, December, February, March and May.

ANNUAL MEETING OF THE WOMEN'S BOARD, second Tuesday in December.

WOMEN'S BOARD, second Tuesday of every month, from October to May, both inclusive.

WOMEN'S BOARD—EXECUTIVE COMMITTEE, monthly, except during months of June, July, August and September.

HOUSE COMMITTEE, monthly, from October to May, both inclusive.

NURSES' COMMITTEE, monthly, from October to May, both inclusive.

SUMMER COMMITTEE, monthly, during June, July, August and September.

MEDICAL BOARD, first Monday in January.

CRIBSIDE COMMITTEE, annual meeting in November.

* Deceased.

THE BABIES' HOSPITAL

THE CHILDREN'S CHARITY

The Children's Charity is made up of those children who are interested in the work of the Hospital, and want to help it along.

\$811.29, acknowledged in the list of contributions, the result of the work this year, was given by the members whose names are noted on the following pages.

The subscription is One Dollar a year.

Life Memberships, \$10.

A Membership card is sent each year when the dues are received, and every member's name is published in the Year Book of the Hospital.

Five Kinds of People who Join the Children's Charity

- I. Big boys and girls, who want to help the sick babies.
- II. Children who have come safely through an illness—to show their thankfulness.
- III. Brand new babies—to celebrate their arrivals.
- IV. Grown-ups in the name of some child they love, or the child they once were themselves.
- V. In memory of children who have died—to do the good they were not spared to do.

Send your dues, with name and address to,

MRS. HAROLD R. MIXSELL,
135 East 55th Street,
New York City.

Make checks payable to THE BABIES' HOSPITAL.

FOR THE 15 MONTHS ENDING DECEMBER 31, 1918

INCORPORATED 1887
HOSPITAL, LEXINGTON AVENUE AND 55TH STREET
SUMMER BRANCH, OCEANIC, NEW JERSEY

NEW YORK

THE BABIES' HOSPITAL

SEVEN FACTS OF INTEREST

- (1) THE BABIES' HOSPITAL for over thirty years has been getting results in making babies better, and is still the only Hospital of its kind in New York City.
- (2) THE BABIES' HOSPITAL has a Training School for Infants' Nurses, has graduated 822 pupils, and offers an eight months' Post-Graduate course to Graduate Nurses. These nurses have helped the babies grow strong through careful feeding and the application of our doctrine of "Sunshine, Sleep and Soap."
- (3) THE BABIES' HOSPITAL offers facilities in its Out-Patient Department for the treatment of poor babies, and has contributed its very large share to better health and happiness.
- (4) THE BABIES' HOSPITAL operates a Summer Branch at Oceanic, New Jersey, where much has been done for little children by fresh air, sunshine and kindness.
- (5) THE BABIES' HOSPITAL has for eighteen years provided lectures to the students of the College of Physicians and Surgeons. Young men looking forward to a professional career are thus given the opportunity for practical study of difficult and unusual cases at first hand.
- (6) THE BABIES' HOSPITAL has admitted 24,151 babies. It was a struggle for existence with most of them and skillful nursing has saved many.
- (7) THE BABIES' HOSPITAL employs two Visiting Nurses to follow up hospital treatment after the baby has left the wards, and to keep the essential things before the mind of the mother.

THE BABIES' HOSPITAL

REPORT TO DIRECTORS

To the Directors of The Babies' Hospital:

This, our thirtieth year, has been signalized by many difficulties due to War conditions and the Black Plague of 1918. Our expenses materially increased, while our receipts for current use were somewhat below normal.

We were handicapped by many cases of the Spanish Influenza—referred to more in detail in the Medical Report.

There seems to be some compensation, however, in all things, and the munificent gift of \$100,000, a legacy from the Estate of Mrs. Mary Warden Harkness, gave us fresh hope, and has added a substantial sum to our Permanent Fund. Two beds endowed in perpetuity have been added to this Fund, one by Mrs. Edward S. Harkness, known as the Thomas Stillman Taylor bed, formerly a supported bed for nine years, and one given by Mr. and Mrs. Walter A. Hirsch in memory of John Walter Hirsch.

We desire to call attention to the pictures in this book of three babies selected from the hundreds that have been brought here. *Baby Angèle*, a case of persistent eczema that responded to treatment and became one of the most interesting of our small patients; *Benny*, who arrived in a pitiable condition and went out the sturdy little lad shown in the picture, after months of care; *Baby Raphael*, who was in an emaciated state when admitted but improved greatly and became a bright, healthy boy.

Whatever we say in our effort to thank the various Committees, Physicians, and Nurses for help rendered the Hospital would seem inadequate compared to all that has been done. Every one connected with

THE BABIES' HOSPITAL

the Hospital feels the warmest interest in its welfare, and this is reflected in the spirit that prevails throughout all departments.

We hope to pass through whatever difficulties the new year may bring. They could hardly involve greater problems than those of the past year. We know that a community so generous as ours will not overlook a service that nourishes the very root of our city's future welfare—its babies.

JOHN SHERMAN HOYT,
President.

B. OGDEN CHISOLM,
Secretary.

THE BABIES' HOSPITAL

MEDICAL REPORT

To the Directors and Board of Managers of the Babies' Hospital:

The medical work of the Hospital during the fifteen months covered by this report has presented two features which have affected its activities to a considerable degree. The absence in the United States Army service of a very large number of the Hospital Staff has interfered with the work in the wards less than might have been expected, though the Out-Patient service has been seriously crippled. During the severe epidemic of influenza, which prevailed in the autumn, several of the staff and half of our nurses were ill at one time and two deaths occurred from pneumonia. It became necessary at the height of the epidemic to discontinue admissions for a period of about three weeks.

It seems fitting that in this Medical Report a record should be made of the physicians connected with the Hospital who have been in the service of the country during the War.

MEMBERS OF THE ATTENDING STAFF

Dr. Frederic H. Bartlett, Attending Physician, entered the service in August, 1918, with the rank of Major, and has been physician-in-charge at Camp Jackson, S. C.

Dr. William A. Downes, Attending Surgeon, entered the service in September, 1918, with the rank of Major, and has been in charge of the surgical service at Camp Jackson, S. C.

Dr. James H. Kenyon, Assistant Surgeon, has held the rank of Captain in artillery service in this country since the summer of 1917.

Dr. Richard W. Bolling, Assistant Surgeon, has held the rank of Lieutenant in medical service in France with Base Hospital No. 9 since the summer of 1917.

THE BABIES' HOSPITAL

Dr. Charles E. Farr, Acting Assistant Surgeon, entered the service in August, 1918, with the rank of Captain.

Dr. Stafford McLean, Assistant Physician, entered the service with the rank of Lieutenant in August, 1918, and has been in service in this country.

MEMBERS OF THE CONSULTING STAFF

Dr. Edgar S. Thomson, Consulting Ophthalmologist, entered the service with the rank of Major early in the fall of 1918.

Dr. J. Ramsay Hunt, Consulting Neurologist, has been in the service since the summer of 1917, with the rank of Major.

MEMBERS OF OUT-PATIENT STAFF

Dr. J. Herbert Lawson has been in service in this country since April, 1917, with the rank of Major.

Dr. Harold R. Mixsell has been in service in this country since the summer of 1918, with the rank of Lieutenant.

Dr. Hugh Chaplin, with rank of Captain, has been in service in France since the spring of 1917.

Dr. H. L. Bibby, with the rank of Captain, has been in service in France since early in 1917 and has twice been cited for bravery, receiving the Croix de Guerre with palms.

Dr. Horace E. Robinson, with the rank of Lieutenant, has been in charge of admissions at Camp Jackson, S. C.

FORMER MEMBERS OF THE HOUSE STAFF

Dr. Edward A. Morgan, on leaving the Hospital in January, 1916, entered the Royal Army Medical Corps and has been in active service in France, Egypt and Macedonia since that time, with the rank of Captain.

Dr. Frank McLean entered the service in April, 1917, in this country, and later received promotion to the rank of Major.

Dr. T. Crosson Clark entered the service on leaving the Hospital in

THE BABIES' HOSPITAL

January, 1917, and has been Surgeon in the Medical Corps of the British Navy.

Dr. Douglas B. Leitch, on completion of his service in January, 1918, entered the Royal Army Medical Corps and has been on the western front where he was wounded, fortunately not seriously. He received the British Military Cross.

Dr. George R. Irving, on completing his internship, entered the medical service of the Navy in the summer of 1917, with the rank of Lieutenant.

Dr. Herbert Jackson did not complete his service but entered the Army with Base Hospital No. 41 in the summer of 1917, with rank of Lieutenant.

Other recent members of the House Staff who have entered the Army service are: Dr. A. E. Kuhlman, Dr. R. George McAliley, Dr. A. L. L. Bell, Dr. Charles B. Crawford, Dr. Harold K. Faber and Dr. Arthur W. Benson; all with rank of Lieutenant.

Miss Margaret Wood, Assistant Superintendent, who is still absent in France, entered a French Army Hospital at Ris-Orangis, in October, 1917.

We record with deep regret the death of Dr. Walter F. Chappell, a warm friend of the Hospital almost from its organization and a member of the Consulting Staff of the Hospital since 1907.

L. EMMETT HOLT, M.D.

THE BABIES' HOSPITAL

STATISTICAL REPORT OF MEDICAL AND SURGICAL WORK

FOR FIFTEEN MONTHS FROM OCTOBER 1, 1917,
TO JANUARY 1, 1919.

THE BABIES' HOSPITAL

REPORT OF THE DISPENSARY AND VISITING NURSE COMMITTEE

MRS. ERNEST R. ADEE, *Chairman*

MRS. DEXTER BLAGDEN

MRS. JOHN E. ROUSMANIERE

MRS. J. PRENTICE KELLOGG

MRS. EDWARD VAN INGEN

MRS. HENRY I. RIKER

MRS. ERNEST G. STILLMAN

There has been little to record that is new in the work of the Out-Patient Department. The amount of work done and the amount of relief given increases every year, but the routine remains the same.

Dr. Stafford McLean, Dr. Johnson, Dr. Henderson, Dr. Mersereau and Dr. Higgins have been assisted in their clinics by eight doctor's aids from the National League for Women's Service who have rendered invaluable and faithful service. These volunteers have performed this work for two years and the Dispensary is greatly indebted to them.

The influenza epidemic caused some increase in the number of Dispensary cases and one very sad feature was the great mortality among young mothers, leaving many orphan children to be cared for by our social workers and trained nurses, Miss Wallin and Miss Donnelly, who have carried on our relief work faithfully and well for a number of years.

Total number of calls made	4,017
Patients visited at home	2,690
New cases	1,783

We have expended for the immediate relief of poor and destitute mothers and their babies, for milk, \$577.09; for food, \$124.82; for clothing, rent, carfare for patients, and one operation, \$51.24, and have furnished Christmas dinner baskets to some of the neediest families of Dispensary patients, as usual.

THE BABIES' HOSPITAL

The Cribside Committee has furnished \$10 a month to be used for milk for Dispensary babies who are most in need of it.

The Babies' Hospital Club gave us \$221.53 to be used for milk for babies and relief work.

Mrs. P. A. Valentine sent a donation of \$100 to provide help for the poor mothers of sick babies.

Mrs. Takamina gave \$176 to provide milk, food and clothing for the children, and other special gifts for the Out-Patient Department will be found gratefully acknowledged in the list of contributors to the Hospital.

We sent twelve children to the Children's Aid Society Sick Children's Mission.

The Committee has changed the hour of meeting to 10.30 A. M. on the second Tuesday of each month, just before the Managers' Meeting.

We regret to record the resignation of Mrs. Edward A. Le Roy, for some years a most generous and interested member of the Committee.

GERALDINE F. ADEE,
Chairman.

THE BABIES' HOSPITAL

REPORT OF THE CRIBSIDE COMMITTEE

During the winter of 1917-1918 the regular monthly meetings of the Cribside Committee were held at the Hospital on the first Wednesday of every month, at twelve o'clock.

At the December meeting the following officers were unanimously elected:

MISS KATHERINE B. LOCKWOOD.....	<i>Chairman</i>
MRS. HENRY G. BARTOL.....	<i>Vice-Chairman</i>
MRS. ROBERT D. STERLING.....	<i>Treasurer</i>
MRS. JOHN B. CORNELL.....	<i>Secretary</i>
MRS. HAROLD R. MIXSELL.....	<i>Chairman of the Children's Charity</i>
MRS. WALTER H. CLOSE.....	<i>Chairman of Clothing Committee</i>
MISS SAIDEE E. WILLIAMS.....	<i>Chairman of Cutting Committee</i>
MISS ANNA G. CARTER.....	<i>Chairman of Nominating Committee</i>

The membership at the end of 1918 was

Active members.....	37
Associate members.....	36

The usual meetings of the Lenten Sewing Class were well attended and were held at various houses kindly offered to the class. Six hundred and fifty eight garments were completed and donated to the Hospital.

Through the efforts of Mrs. De Forest Hicks, who took Mrs. Mixsell's place as Chairman, the Children's Charity has contributed \$545.01 to the Hospital.

A Rummage Sale was held during February which was very successful in raising money to continue the work of the Committee.

The Cribside Committee by donating \$350 started a fund for their third endowed bed. The Committee has, as usual, supported a bed for the year, has continued its policy of donating \$10 a month to be used by Miss Wallin in her relief work, and has paid half the salary of a second visiting nurse.

LOUISE H. CORNELL, *Secretary*.

THE BABIES' HOSPITAL

REPORT OF THE SUMMER COMMITTEE

To the Board of Managers and Directors of The Babies' Hospital:

The summer of 1918 was a most satisfactory one for the Summer Branch of The Babies' Hospital at Oceanic. During the three months 242 children were under the skillful and affectionate care of the Superintendent, Miss Mary E. McKague. The clean and cheerful rooms were visited weekly by the Summer Committee, who were generous with their gifts of fruit, vegetables and ice cream. The children live out of doors as much as possible, in the baby carriages placed on wide verandas and under the trees, and all meals are served to older children at long low tables on the enclosed porch.

The State Law required a fire-escape to be erected on the main building—this was built with money from a Special Fund at a cost of \$430.

An entertainment consisting of tableaux and music, given in June, made the sum of \$2,600, this added to the subscriptions brought the total amount raised by the Summer Committee to \$4,986.19.

The splendid results of the summer are largely due to the excellent work of the Superintendent and employees to whom the Committee extend grateful thanks.

MARY OWEN BORDEN,
Chairman of Summer Committee

THE BABIES' HOSPITAL

THE BABIES' HOSPITAL

REPORT OF THE POST-GRADUATE COURSE FOR TRAINED NURSES

To the Directors and Board of Managers of The Babies' Hospital:

We continue to give a Post-Graduate course of eight months to graduate nurses.

We have been fortunate in having graduate nurses enter our post-graduate service before conditions in the country seriously affected the nursing in hospitals. Mrs. Fanny J. Oldham was appointed Assistant Superintendent to substitute for Miss Margaret Wood who is in France.

The following Post-Graduate nurses received diplomas and pins:

MISS HELGA FLORENCE ERICKSON,
St. Mary's Hospital,
Duluth, Mich.

MISS GLADYS LASTINGER,
Blodgett Memorial Hospital,
Grand Rapids, Mich.

MISS PAULINE ROCK,
Children's Free Hospital,
Louisville, Ky.

MISS OLIVIA ETTA WATTS,
Columbia Hospital Training School,
Columbia, Ga.

Our affiliation with the French Hospital of New York City continues and has been most satisfactory to us. We were able to increase the number of pupils during the year as an accommodation to the French Hospital, on account of their graduating class being a much larger one than usual.

The following French Hospital pupils completed their training and received diplomas:

MISS JOSEPHINE BATTERS

MISS LOUISE CAPRA

MISS LOUISE JANE CONNELLY

MISS IRENE E. DALEY

MISS LUCILE HAHNE

MISS MARGARET MARY HAND

MISS MARY AUGUSTA KING

MISS EILLEN CECELIA McDERMOTT

MISS EDITHA ERMININE McKEE

MISS GERTRUDE McKEON

MISS KATHERYN MAHER

MISS ELIZABETH MINETTI

MISS HAZEL HOWLAND WOLFE

THE BABIES' HOSPITAL

The great demand in the city for nurses to care for very sick children has been materially benefited by having women thoroughly trained in this special line of work.

MARY AGNES SMITH,
Superintendent.

REPORT OF THE TRAINING SCHOOL FOR INFANTS' NURSES

To the Directors and Board of Managers of The Babies' Hospital:

The usual course of instruction given to our infants' nurses has continued quite satisfactorily, and there has been no lack of desirable pupils applying for the training. Sixty-eight probationers were admitted; of these ten resigned, four were rejected, three dismissed, and fifty-one accepted as pupils.

From October 1, 1917 to January 1, 1919, fifty-four pupils have been graduated and received diplomas. Their field of work being to keep a well baby well, the training of these young women is of great prophylactic value to the community.

We regret to report the death of a pupil, Dorothy Burch, who died from pneumonia following influenza, two weeks before completing her training, and also the death of Victoria Johnson, dietitian of the Hospital and a graduate of our Training School.

The following received diplomas:

MARY ALESSIO	ANNA DICKNER
PAULINE BENKE	FREIDA DITTMER
AGNES BRUNSDON	ELEANOR DONOHUE
LILY BUTTERFIELD	JENNIE DRISCOLL
MARY CARR	MOLLIE DURKIN
LILLIAN COLLIER	MARGARET DWYER
MARY CONNELLY	ELIZABETH FLYNN
NORA CONNELLY	HÉLÈNE FRICHE

Among those who made our Christmas at the Hospital so enjoyable, both this year and last, were Mrs. Oliver G. Jennings, who sent gifts to the pupil nurses; Miss Graves, Mrs. Kunhardt, Jr., and Mrs. E. T. H. Talmage, who sent boxes of candy for the nurses and help; and Mrs. P. A. Valentine, who this year and last gave the Christmas Tree with all its toys and candies and fruits, and gifts of warm clothing, for about 250 of our Hospital and Dispensary children.

And we were able to give the children coming in for the Christmas celebration new and comfortable woolen dresses and petticoats that had been sent to us in generous quantities by the Young Women's Needlework Guild of America.

MARY AGNES SMITH,
Superintendent.

THE BABIES' HOSPITAL

GENERAL RULES

- 1.—The beds of the Hospital are free to the needy poor. Others are charged, according to their means, from \$4 to \$7 a week for board.
- 2.—Sick children under three years of age are admitted, excepting those suffering from contagious diseases.
- 3.—Applications for admission should be made at the Hospital during the day, from 9 to 5, although emergency cases are received at any time.
- 4.—The Out-Patient Department is open daily throughout the year, from 2 to 3 P. M., excepting on Sundays and holidays.
- 5.—Visiting day, for friends of patients, is Wednesday, from 11 A. M. to 3 P. M.
- 6.—Visitors to the Hospital are welcome any afternoon, between 3 and 5.

HOSPITAL CALENDAR

ANNUAL BOARD AND CORPORATION MEETING, third Tuesday in January.
REGULAR BOARD OF DIRECTORS' MEETINGS, third Tuesday in October,
January and April.

*Deceased.

NOTE—The Babies' Hospital has thought it wise to change its fiscal year, October to October, to the calendar year, January to January, and therefore the foregoing report covers a period of 15 months. It will be noted that all those who have contributed during the three last months of the year, October, November and December, in consequence appear twice in the above list, namely for 1917 and 1918.

THE BABIES' HOSPITAL

One by Sigmond Saxe, "In memory of Constance Saxe."

BABY RAPHAEL

BENNY
"BEFORE AND AFTER"

THE BABIES' HOSPITAL

THE CHILDREN'S CHARITY

The Children's Charity is made up of those children who are interested in the work of the Hospital, and want to help it along.

\$545.01, acknowledged in the list of contributions, the result of the work this year, was given by the members whose names are noted on the following pages.

The subscription is One Dollar a year.

Life Memberships, \$10.

A Membership card is sent each year when the dues are received, and every member's name is published in the Year Book of the Hospital.

Five Kinds of People who Join the Children's Charity

- I. Big boys and girls, who want to help the sick babies.
- II. Children who have come safely through an illness—to show their thankfulness.
- III. Brand new babies—to celebrate their arrival.
- IV. Grown-ups in the name of some child they love, or the child they once were themselves.
- V. In memory of children who have died—to do the good they were not spared to do.

Send your dues, with name and address to,

MRS. DE FOREST HICKS,
135 East 55th Street,
New York City.

Make checks payable to THE BABIES' HOSPITAL.

NEW YORK

THE BABIES' HOSPITAL

SEVEN FACTS OF INTEREST

THE BABIES' HOSPITAL for over thirty-one years has been getting results in making babies better, and is still the only Hospital of its kind in New York City.

THE BABIES' HOSPITAL has a Training School for Infants' Nurses, has graduated 858 pupils, and offers an eight months' Post-Graduate course to Graduate Nurses. These nurses have helped the babies grow strong through careful feeding and the application of our doctrine of "Sunshine, Sleep and Soap."

THE BABIES' HOSPITAL offers facilities in its Out-Patient Department for the treatment of poor babies, and has contributed its very large share to better health and happiness.

THE BABIES' HOSPITAL operates a Summer Branch at Rumson, New Jersey, where much has been done for little children by fresh air, sunshine and kindness.

THE BABIES' HOSPITAL has for eighteen years provided lectures to the Fourth year students of the College of Physicians and Surgeons. Young physicians are here given the unusual opportunities for practical study of difficult and unusual cases of disease in young children at first hand.

THE BABIES' HOSPITAL has admitted 25,593 babies. It was a struggle for existence with most of them and skillful nursing has saved many.

THE BABIES' HOSPITAL employs two Visiting Nurses to follow up hospital treatment after the baby has left the wards, and to keep the essential things before the mind of the mother.

THE BABIES' HOSPITAL

REPORT TO DIRECTORS

To the Directors of The Babies' Hospital:

Like other institutions we have been confronted during the past year with the increasing cost of everything and the problem of making both ends meet. It has emphasized the urgent need of the hospitals getting together, and it is a source of great satisfaction to learn from the latest reports that the recent United Hospital Fund drive has been successful.

Although handicapped more or less by a scarcity of nurses, due to the fact that many who might be induced to enter the Training School have been tempted by the present high rate of wages to take other positions, we have nevertheless succeeded in keeping up to the standards of former years.

We are fortunate in having a staff of dependable and loyal workers who have given of their best and have done their utmost to make up for the lack of additional help required.

For a portion of the year the health conditions of the city were at their best, and in consequence during these periods the number of patients was diminished.

It is with grateful appreciation that we report three beds endowed in perpetuity during the past year,—two by Mrs. John Jay Knox, who was President of the Women's Board for many years, in memory of John Jay Knox, and Dr. Reuel B. Kimball; and one by Mr. and Mrs. Daniel Schnakenberg in memory of their daughter, Anna Kate Bartlett. We also received a bequest of \$2,000 from the late Mrs. Charles Kellogg, so long a friend and manager of our Hospital.

It is our earnest hope that in the years to come the work done in this

THE BABIES' HOSPITAL

Hospital may not have to be curtailed for lack of funds, but that our friends will rally to our support and see to it that we are supplied with everything necessary for its continuance.

JOHN SHERMAN HOYT,
President.

B. OGDEN CHISOLM,
Secretary.

THE BABIES' HOSPITAL

MEDICAL REPORT

To the Directors and Board of Managers:

The medical history of the Babies' Hospital in 1919 has been affected by no such epidemic as that of influenza which struck this as well as all other hospitals in the city in 1918. The vital statistics report of the Department of Health shows for the past year the lowest infant mortality rate since this bureau was established. The rate for 1919 was 82 for 1,000 infants born, as compared with the best previous rate of 89 in 1917 and a rate of 182 twenty years ago.

Except during the mid-summer and mid-winter months the demands upon the hospital wards have been less urgent for the past year than they have been a few years previously. At the same time, we note steadily increasing demands upon the Out-Patient Department; or, to put the matter differently, the medical officers of the Hospital have found that for a very considerable number of ailments, such as are treated in a special hospital like this, a shorter period of ward treatment and a longer period of observation in the Out-Patient Department is both advantageous to patients and a matter of economy to the Hospital.

This transfer of patients from the Out-Patient Department to the wards in cases requiring close observation because difficult of diagnosis and in those requiring special treatment, and again the transfer from the wards to the Out-Patient Department of many chronic cases, especially those with nutritional disturbances, has now become a matter of routine. This has been facilitated by the attendance on ward rounds twice a week of the attending physicians of the Out-Patient Department, and by having the resident medical staff work regularly in the Dispensary.

THE BABIES' HOSPITAL

The tendency to which we have alluded is a growing one in the service of all hospitals of the city, and its advantages are becoming more and more manifest. It is not likely that the Babies' Hospital will need more ward beds for a considerable period of time to come, but it will very soon need larger and better facilities for the Out-Patient Department which is constantly increasing in size and widening in scope. We look forward to a great extension of the social service of the Hospital which the Kimball Memorial Fund will make possible.

The most serious embarrassment to the Hospital service during the past year has been due to a shortage of nurses. This has been true in all groups, but particularly with the infants' nurses. In consequence of this, it has been exceedingly difficult at times to care properly for the children in the house and on several occasions, for this reason, the admission of patients had to be restricted. These conditions have unfortunately been growing steadily worse during the year and no improvement seems likely for many months to come.

In the Country Branch at Rumson the shortage of nurses and of house servants was most keenly felt. It was found impossible to obtain a sufficient quota of each to open all the cottages. In consequence the number of children sent to the country was but 151, which is only a little more than half the usual number.

The statistical report given elsewhere shows: Number of patients treated, 1,490; number of hospital days, 20,029; mortality, 21.7 per cent as compared with 23.4 per cent the previous year and 30.7 per cent, the average for the last twenty-five years.

It is with deep sorrow and regret that we chronicle the loss by death of two members of the Medical Staff of the Hospital during the past year: Dr. Reuel B. Kimball and Dr. Abraham Jacobi.

Dr. Kimball was closely identified with the Hospital almost from its organization. His services to the institution as member of the Board of

THE BABIES' HOSPITAL

Directors and as Attending Physician have been great and will never be forgotten. The growth, development and successful operation of the Country Branch has been largely the result of his personal interest and efforts. He was always ready with his helpful advice; in questions of policy his co-operation could always be counted upon in everything looking toward the improvement of the Hospital service or extension of its influence. He will be greatly missed.

Dr. Jacobi's relations to the Hospital were not so intimate, though he was a member of the Consulting Board for twenty-six years and the President of the Medical Board for twenty-two years. The establishment, under his direction, of a hospital in New York exclusively for children had been one of the dreams of his life, but one never realized. For the Babies' Hospital he always had an affectionate interest and took much pride in its growth and development. The places of both these men it will be difficult or impossible to fill.

In concluding this report I wish especially to record the appreciation of the Medical Board of the faithful work of the Resident Physician and his assistants during the past year; and also of the service rendered by the Attending Physicians in the Out-Patient Department and their assistants, who have been regular in attendance and loyal in their devotion to the work which the Babies' Hospital is doing in the community.

L. EMMETT HOLT, M.D.

THE BABIES' HOSPITAL

REPORT OF THE DISPENSARY AND VISITING NURSE COMMITTEE

MRS. ERNEST R. ADEE, *Chairman*

MRS. DEXTER BLAGDEN

MRS. ERNEST G. STILLMAN

MRS. EDWARD VAN INGEN

MRS. HENRY I. RIKER

MRS. J. PRENTICE KELLOGG

MRS. JOHN E. ROUSMANIERE

The routine work of the Out-Patient Department continues as usual though the amount of relief given has greatly increased during the year.

Drs. Johnson, Stafford McLean, Henderson, Steinholz, Alice K. Higgins, Jackson, Frank McLean and Lang have rendered invaluable aid. The dispensary is also greatly indebted to the many volunteers who have given such loyal service.

The influenza epidemic is once more causing an increase in the dispensary cases and the sad feature is the mortality among young mothers, leaving babies to be cared for by our very efficient nurses, Miss Wallin and Miss Donnelly, who have labored untiringly in this good cause.

The board of managers of the Babies' Hospital are endeavoring to raise \$75,000 in memory of Dr. Reuel B. Kimball, a loyal friend to the Hospital for many years. It is proposed that the income from this fund be used to help defray the expenses of the social service work of the Out-Patient Department. This after-supervision carried on by this department is most important and in many cases prevents recurrence of illness.

Total number of calls made.....	3,338
Patients visited at home.....	1,765
New cases.....	1,089

THE BABIES' HOSPITAL

Expended for immediate relief of destitute mothers and babies: For milk, \$719.57; for food, \$39.40; for clothing, \$11.49; for carfare, \$3.35; for twenty-one Christmas dinner baskets to needy families of dispensary patients, \$67.

The Cribside Committee has contributed \$10 monthly for milk for dispensary babies.

Mrs. Takamina, who has contributed \$150 towards relief during the year, has proved a generous friend as well as many others whose donations will be found gratefully acknowledged in the list of contributors to the Hospital.

Respectfully submitted,

MARY A. ROUSMANIERE,
for MRS. ERNEST R. ADEE, *Chairman*.

THE BABIES' HOSPITAL

REPORT OF THE CRIBSIDE COMMITTEE

During the winter of 1919, the regular monthly meetings of the Cribside Committee were held at the Hospital on the first Wednesday of every month, at 12 o'clock.

At the December, 1918, meeting the following officers were unanimously elected, to serve for the ensuing year:

MISS KATHERINE B. LOCKWOOD.....	<i>Chairman</i>
MRS. DE FOREST HICKS.....	<i>Vice-Chairman</i>
MRS. ROBERT D. STERLING.....	<i>Treasurer</i>
MRS. JOHN B. CORNELL.....	<i>Secretary</i>
MRS. DE FOREST HICKS.....	<i>Chairman of the Children's Charity</i>
MISS SAIDEE E. WILLIAMS.....	<i>Chairman of Clothing Committee</i>
MISS SAIDEE E. WILLIAMS.....	<i>Chairman of Cutting Committee</i>
MRS. WALTER H. CLOSE.....	<i>Chairman of Nominating Committee</i>

The membership at the end of 1919 was

Active members.....	34
Associate members.....	40

The usual meetings of the Lenten Sewing Class were well attended and were held at various houses kindly offered to the class. Nine hundred and ninety-seven garments were made and donated to the Hospital. Through the untiring efforts of Mrs. Hicks, the Children's Charity contributed \$335 to the Hospital.

A Rummage Sale was held in November which was very successful in raising money to continue the work of the Committee.

The Endowment Fund of the third Cribside Committee Bed, which was started last year by a donation of \$350, was increased this year to \$1,680.66.

THE BABIES' HOSPITAL

The Committee has, as usual, supported a bed for the year, and has continued its policy of donating \$10 a month to be used by Miss Wallin in her relief work, and has paid half the salary of a second visiting nurse.

LOUISE H. CORNELL,
Secretary.

THE BABIES' HOSPITAL

REPORT OF THE SUMMER COMMITTEE

The Summer Branch of The Babies' Hospital at Rumson, New Jersey, opened on June 10, a little later than usual owing to the difficulty in obtaining nursery maids. However, we can highly commend our small staff, who under the excellent direction of the Superintendent, Miss Cameron, proved most capable. From June to September 10, 150 babies received care and medical attention from the attending doctor and were much benefited. The Summer Committee visited weekly and gifts of toys, vegetables and ice cream came as frequent treats. Their generosity was well expressed by the results of a Fair held in July, the sum of \$5,119.55 being raised; this, with subscriptions, donations and previous balance amounted to \$9,855. As the Main Building was sadly in need of repair it was decided to put it in perfect order inside and out, and with the remainder of the "Jamison Fund" to build a concrete walk connecting buildings. The summer of 1919 has been a busy and successful one and we thank all those who have had the interest of the Hospital at heart.

MARY OWEN BORDEN,
Summer Chairman.

THE BABIES' HOSPITAL

REPORT OF THE POST-GRADUATE COURSE FOR TRAINED NURSES

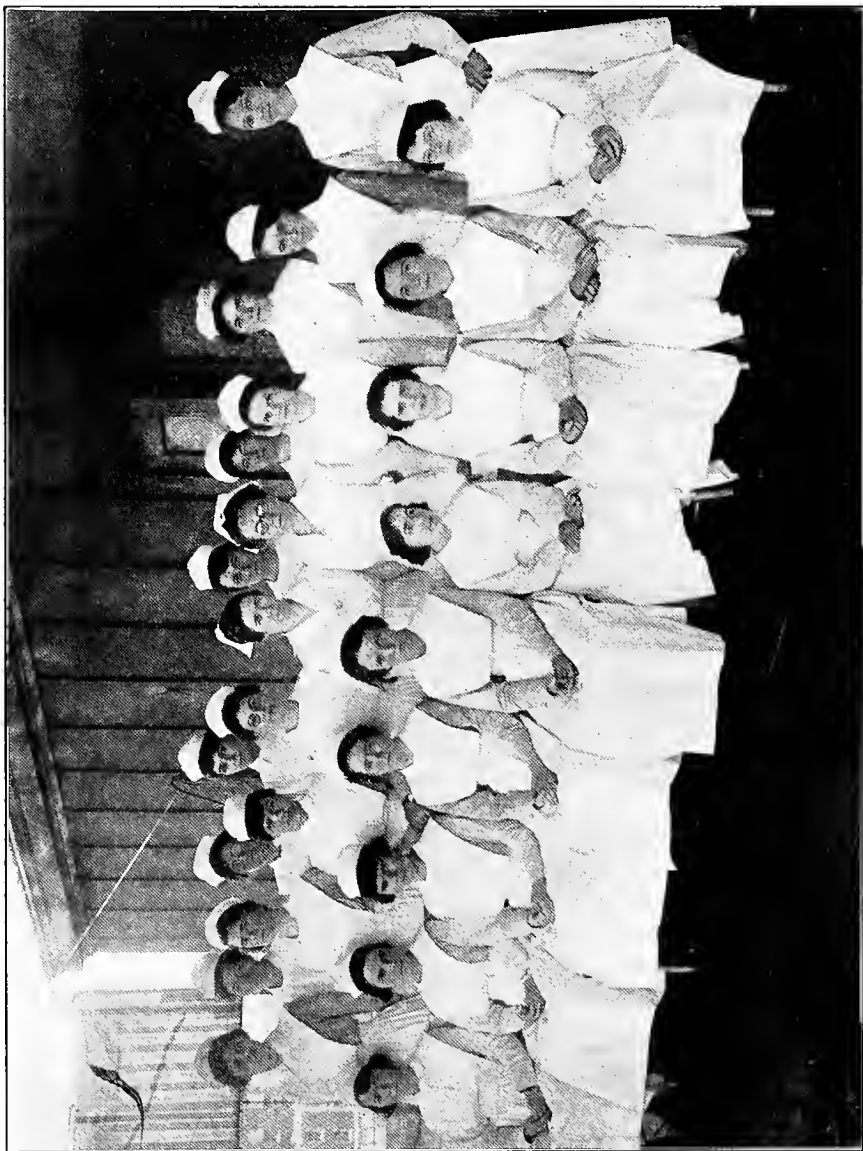

To the Directors and Board of Managers of the Babies' Hospital:

The Army and Red Cross Nursing Service, enrolling many graduates for home and foreign work, has affected applications for courses such as we give, but now that many are returning to equip themselves for special work we are receiving requests and hope to have our full quota of post-graduate nurses early in 1920. Child Welfare work has become a most important factor throughout the country, and special training is very essential for those entering such service.

Our affiliation with the French Hospital has been of great assistance to us. Nineteen pupils completed a course of three months and received diplomas:

MISS EDITH FRANCES AGNEW	MISS ADELAIDE G. JARVIS
MISS CECELIA G. ALBERQUE	MISS ABBIE C. KEATING
MISS MARY AGNES BURNS	MISS EDNA R. MELOY
MISS MARIE C. BYRNE	MISS ESTELLE B. O'MEARA
MISS CAROLYN KELSEY CLANCY	MISS GENEVIEVE A. POWERS
MISS FLORENCE FERLAND	MISS JEANNE ESTHER ROBITAILLE
MISS BLANCHE FITZPATRICK	MISS AGNES V. RONAHAH
MISS MARY ALICE HAUGH	MISS ROSE RYAN
MISS FLORENCE MABEL HAWK- RIDGE	MISS MARGARET MARY SCOTT
	MISS MARY THOMPSON

MARY AGNES SMITH,
Superintendent.

GRADUATING CLASS OF INFANTS' NURSES WITH THEIR SUPERINTENDENT, 1919

THE BABIES' HOSPITAL

REPORT OF THE TRAINING SCHOOL FOR INFANTS' NURSES

To the Directors and Board of Managers of The Babies' Hospital:

Since early in April, 1919, there has been a decided decrease in the number of applicants for our Infants' Nurses course of eight months. There are many causes for this, the principal ones being the limitation of emigration from Europe and the high wages paid to untrained workers. This has made a very serious condition. For a time we had volunteer workers who came from nine to one o'clock, which was a great help to us.

We appreciate the Christmas gifts for the pupil nurses given by Mrs. Oliver G. Jennings; Miss Graves, Mrs. Kunhardt, Jr., and Mrs. E. T. H. Talmage, Jr., gave candy for the household, and Mrs. P. A. Valentine gave the Christmas tree, toys, candies, fruit and clothing to two hundred Hospital and Dispensary children. This yearly gift of Mrs. Valentine's is one very happy way of keeping in touch with poor children who have been patients during the year.

We gratefully appreciate the tickets for concerts and recitals given by the Musical Bureaus.

The following pupils received diplomas:

SARAH BOATH
SARAH BREADY
BRIDGET COMMINS
PAULA CORNELINSEN
KATIE DOWD
KATHERINE FENLON
HEDWIG GRAUPNER
NORA GRIFFIN

ELIZABETH HALBICHT

THE BABIES' HOSPITAL

GENERAL RULES

1.—The beds of the Hospital are free to the needy poor. Others are charged, according to their means, from \$4 to \$7 a week for board.

2.—Sick children under three years of age are admitted, excepting those suffering from contagious diseases.

3.—Applications for admission should be made at the Hospital during the day, from 9 to 5, although emergency cases are received at any time.

4.—The Out-Patient Department is open daily throughout the year, from 2 to 3 P. M., excepting on Sundays and holidays.

5.—Visiting day, for friends of patients, is Wednesday, from 11 A. M. to 3 P. M.

6.—Visitors to the Hospital are welcome any afternoon, between 3 and 5.

HOSPITAL CALENDAR

ANNUAL BOARD AND CORPORATION MEETING, third Tuesday in January.

REGULAR BOARD OF DIRECTORS' MEETINGS, third Tuesday in October, January and April.

EXECUTIVE COMMITTEE, third Tuesday in November, December, February, March and May.

ANNUAL MEETING OF THE WOMEN'S BOARD, second Tuesday in December.

WOMEN'S BOARD, second Tuesday of every month, from October to May, both inclusive.

WOMEN'S BOARD—EXECUTIVE COMMITTEE, monthly, except during months of June, July, August and September.

HOUSE COMMITTEE, monthly, from October to May, both inclusive.

NURSES' COMMITTEE, monthly, from October to May, both inclusive.

SUMMER COMMITTEE, monthly, during June, July, August and September.

MEDICAL BOARD, first Monday in January.

CRIBSIDE COMMITTEE, annual meeting in November.

THE BABIES' HOSPITAL

THE CHILDREN'S CHARITY

The Children's Charity is made up of those children who are interested in the work of the Hospital, and want to help it along.

\$335, acknowledged in the list of contributions, the result of the work this year, was given by the members whose names are noted on the following pages.

The subscription is One Dollar a year.

Life Memberships, \$10.

A Membership card is sent each year when the dues are received, and every member's name is published in the Year Book of the Hospital.

Five Kinds of People who Join the Children's Charity

- I. Big boys and girls, who want to help the sick babies.
- II. Children who have come safely through an illness—to show their thankfulness.
- III. Brand new babies—to celebrate their arrival.
- IV. Grown-ups in the name of some child they love, or the child they once were themselves.
- V. In memory of children who have died—to do the good they were not spared to do.

Send your dues, with name and address to

MRS. HAROLD VAN TINE,
45 West 52nd Street,
New York City.

Make checks payable to THE BABIES' HOSPITAL.

THE BABIES' HOSPITAL

CONTRIBUTIONS OF MISCELLANEOUS ARTICLES FROM PERSONS AND SOCIETIES

- Abbey, Mrs. F. R., 3 afghans.
- Adams, Mrs. Edward D., large bed of canna lilies and flowers, for the Summer Branch.
- Adee, Mrs. Ernest R., linoleum for bathroom at the Summer Branch.
- Agnew, Mrs. Cornelius R., daffodils, lettuce, 8 feeding bottles, 7 helmets, 2 sweaters and cap, 4 afghans, 1 barrel of potatoes, 1 barrel of apples, 4 tickets for lecture by Theodoor DeBooy.
- Alden, Mr., 4 quarts of milk, for the Summer Branch.
- Altamus Co., Henry, Philadelphia, 4 books.
- American Girls' Aid (Mrs. T. S. Winslow, Chairman of Workroom), 4 curtains of unbleached muslin with rings attached, 4 boxes of cotton sheeting (2 sheets in each box), 4 rolls of short blanket ends, 7 pieces of gauze, 6 rolls cotton, 2 pieces of outing flannel, 3 crib sheets.
- American Red Cross, Atlantic Division, 9,000 yards of gauze.
- American Red Cross, U. S. Debarkation Hospital No. 5 (through Miss Marion Graham), 3 cans of malted milk, games and puzzles.
- Anonymous, 6 jumping bunnies, 2 large toy ducks.
- Anonymous, 1 box of wild violets.
- Anonymous, toys.
- Anonymous, 27 children's books.
- Anonymous, 1 pair of stockings, 1 pair of shoes, 4 bands, 3 sweaters.
- Anonymous, 6 knitted balls.
- Arents, Mrs. George, 10 sheets and 8 pillow cases—"In memory of George Arents Brown."
- Arents, Mrs. George, Jr., toy cow.
- Armstrong, Miss, 2 children's books.
- Armstrong, Master Sinclair, toys and 32 cents in pennies.
- Baldwin, Mrs. Martin S., 1 bed pan, 2 rectal tubes, 1 inhaler, 1 can milk sugar.
- Barrows, Mrs. Ira, 23 rompers for the Summer Branch.
- Bartol, Mrs. Henry G., 5 pairs of slippers, 3 nightgowns, 1 pair rubbers, old linen three times, 12 quarts of ice cream, 7 pounds of cake.
- Battie, Miss Anna Dorothy, hair ribbons for babies at the Summer Branch; \$5 for Christmas dinner for poor family.
- Bennett, Miss Dorothy, 1 scrap book.
- Bloch Brothers' Tobacco Company, flowers.
- Board of Women Managers, \$35 for Thanksgiving, \$87 for Christmas.
- Boas, Mrs. Emil L., 1 afghan.
- Bodenheimer, H. & Co., subscription to the *Marines' Magazine* for one year.
- Borden, Mrs. Bertram H., flowers for box, lumber for paths, $\frac{1}{2}$ dozen pails and shovels, 1 fruit dish, 1 basket of peaches, 12

THE BABIES' HOSPITAL

- baskets of vegetables, all for the Summer Branch.
- Brown, Mrs. Donald W., flowers sent twice.
- Brown, Mrs. M. F., toys.
- Bruen, Miss Constance, 2 scrap books.
- Burt, Mrs. Alvin C., 305th Infantry Auxiliary, 2 baby dresses, 2 barrow-coats, 2 night slips, 2 shirts, 2 sacks, 1 blanket.
- Caesar, Mrs. Harry I., toys.
- Carnegie, Mrs. Andrew, 8 tickets for private stand to see parade of the 27th New York Division; 1 barrel of potatoes.
- Chadbourne, Mrs. Frank M., clothing, toys, games and books.
- Charlton, Loudon, 56 tickets for recitals at Carnegie Hall.
- Chisholm, Mrs. Kenneth O., 2 afghans.
- Churchill, Mrs. Lester B., books and toys, shoes and socks, for the Summer Branch.
- Coe, Mrs. George V., 4 baskets of vegetables, for the Summer Branch.
- Cohen, Mr., Commodore Hotel, flowers.
- Colgate & Company, 100 pounds of talcum powder.
- Cribside Committee, Sewing Class of the, 997 articles of all kinds of baby clothing.
- *Cutting, Mrs. R. Fulton, flowers twice.
- Davis, Mrs. Daniel A., toys and blocks.
- Dean Memorial Missionary Society of the First Reform Episcopal Church, 1 dozen dolls.
- Dick, Miss Gretchen F., 34 tickets for the American Concert Course.
- Dry Milk Company, 75 pounds Dryco Brand Dry Milk, 100 pounds Honor Brand Dry Milk.
- Dwight, Mrs. Kirby, \$10 for Christmas celebration—"In memory of Nancy Everett Dwight."
- Edalia Home, The, 1 basket of vegetables, for the Summer Branch.
- Elks' Club, The, through Mr. Augustus Grool, 50 tickets for Christmas dinners for poor families of dispensary patients, and Christmas stockings.
- Elman, Miss Esther, scrap-book made by herself.
- English, Mrs. William H., 16 baskets of vegetables, for the Summer Branch.
- Eustis, Mr. and Mrs. George and William and Lucinda, box of toys and games, 1 baby carriage, 1 child's bed and mattress, 1 large bed and mattress, 1 high chair.
- Fendick, Madame, clothing and toys.
- Fineberg, Mrs. H. N., books, ribbon, etc.
- First Reformed Episcopal Church, tulips.
- Fuld, Fred., 20 baby blankets, 10 dozen diapers.
- Garvan, Mrs. Francis P., flowers, 7 pairs of boots.
- Gibson Art Company, book of pictures.
- Graves, Miss Lavinia R., Mrs. H. Rudolph Kunhardt, Jr., and Mrs. Edward T. H. Talmage, Jr., 50 boxes of candy for household at Christmas.
- Gress, Mrs. J. H., 19 books.
- Griffin, Mr. and Mrs. William Vincent, flowers.
- Griswold, Baby George, 12 feeding bottle covers, 6 afghans, 4 jackets, 1 dress.
- Halsey, Mrs. Charles D., 1 basket of green peas, 1 basket of potatoes, for the Summer Branch.
- * Deceased.

THE BABIES' HOSPITAL

- Hatch, Miss Adeline L., 2 flannel wrappers, \$2 in pennies.
- Hay, Mrs. J. Lewis, large box of dishes, for the Summer Branch.
- Henderson, Dr. A. C., electric centrifuge.
- Henry, Baby Ffine, 3 children's shirts, 4 pairs of children's boots.
- Henry, Mrs. Seton, 2 dozen nipples.
- Hernandez, Miss Virginia G., flowers.
- Hicks, Mrs. De Forest, old linen, flowers.
- Hockstader, Mrs. Leonard A., toys, books, bed pan.
- Holt, Dr. L. Emmett, Archives of Internal Medicine.
- Hoyt, Miss Barbara, Christmas cards for children.
- Huyler's, 5 dozen Easter bunnies.
- Jennings, Mrs. Oliver G., 25 woollen bath-robos for nurses for Christmas, box of flowers.
- Jessup, Miss M. B., 2 feeding bottles, old linen.
- Johnson, Miss Ruth, baby clothing.
- Kane, Mrs. J. P., 2 large Christmas stockings.
- Keeler, Mrs., 1 doll, 1 sweater.
- Kellogg's Toasted Corn Flakes Company, 1 package Kellogg's Bran.
- King's Daughters of East Marion, L. I. (Mrs. Everett H. Vail, President), 12 petticoats, 30 pairs drawers, 12 nightgowns, 7 slips, 9 caps, 4 outing flannel nightgowns, 2 outing flannel petticoats, 3 cotton petticoats, 12 short kimonos.
- Kortright, Mrs. Gouverneur, book, chafing dish.
- Ladd, Mrs., flowers twice.
- Le Roy, Mrs. Edward A., for Out-Patient Department Social Service, 7 nightgowns, 7 petticoats, 39 girls' petticoats, 1 pair knitted stockings, 18 infants' petticoats, 6 children's petticoats.
- Litchfield, Mrs. S., toy Christmas tree and trimmings.
- Lock, Miss K. N., scrap-book, crayons, little dolls, etc.
- Loeb, Miss A., music box and records, box of building blocks.
- Login, Miss., 2 glass funnels.
- Loinger, Mrs. M. M., 1 cariole, clothing, shoes, sweaters, cape.
- Lunger, Mrs. Davie, 2 baskets of vegetables, for the Summer Branch.
- McCarthy, Mrs., 3 sweater coats.
- McCoon, Miss Edith, flowers.
- McCoon, Mrs. James H., favors.
- McLean, Miss Sally, 1 toy dog.
- McLean, Mrs. Stafford, flowers.
- McLean, Mr. W. G., with compliments of Dr. Frank McLean, 1 barrel of sweet potatoes.
- Macomber, Mrs. W. S., clothing and shoes.
- Madison Avenue Presbyterian Church, flowers.
- Maxwell, Miss G., flowers.
- Mellon, Mrs. Edward P., 1 eider down, 1 baby carriage, dresses, sweaters, shoes.
- Moller, Mr. Edwin Clarence, \$10 for Christmas.
- Morse, Leo, 18 packages of rattles and toys.
- Music League of America, 79 tickets for recitals and song recitals.
- Needlework Guild of America, Huntington Branch, 125 articles of baby clothing, towels and washcloths.

THE BABIES' HOSPITAL

- Needlework Guild of America, Irvington Branch (Mrs. K. B. Conger, Secretary), 2 wrappers, 4 gowns, 1 blanket, 1 sack, 4 shirts, 6 caps, 7 sacks, 3 pairs stockings, 12 diapers, 12 bibs, 5 pairs mittens, 2 pairs shoes.
- Needlework Guild of America, New York City Branch (Miss H. E. Howson, Secretary), 208 articles of children's clothing.
- Oppenheim, E. W., \$20 for treat for household and patients.

INCORPORATED 1887

HOSPITAL, LEXINGTON AVENUE AND 55TH STREET
SUMMER BRANCH, RUMSON, NEW JERSEY

NEW YORK

THE BABIES' HOSPITAL

SEVEN FACTS OF INTEREST

THE BABIES' HOSPITAL for over thirty-two years has been getting results in making babies better, and is still the only Hospital of its kind in New York City.

THE BABIES' HOSPITAL has a Training School for Infants' Nurses, has graduated 879 pupils, and offers an eight months' Post-Graduate course to Graduate Nurses. These nurses have helped the babies grow strong through careful feeding and the application of our doctrine of "Sunshine, Sleep and Soap."

THE BABIES' HOSPITAL offers facilities in its Out-Patient Department for the treatment of poor babies, and has contributed its very large share to better health and happiness.

THE BABIES' HOSPITAL operates a Summer Branch at Rumson, New Jersey, where much has been done for little children by fresh air, sunshine and kindness.

THE BABIES' HOSPITAL has for nineteen years provided lectures to the Fourth year students of the College of Physicians and Surgeons. Young physicians are here given the unusual opportunities for practical study of difficult and unusual cases of disease in young children at first hand.

THE BABIES' HOSPITAL has admitted 27,179 babies. It was a struggle for existence with most of them and skillful nursing has saved many.

THE BABIES' HOSPITAL employs two Visiting Nurses to follow up hospital treatment after the baby has left the wards, and to keep the essential things before the mind of the mother.

THE BABIES' HOSPITAL

REPORT TO DIRECTORS

To the Directors of The Babies' Hospital:

So many kindnesses have been extended to the babies this year that in whatever way the Directors might attempt to express their appreciation it would seem inadequate. In sending forth this, our Thirty-second Annual Report, while deeply grateful for all that has been done for us, yet we are hoping that the coming year may bring forth a considerable enlargement of our work. The various reports embodied herewith give evidence of continued interest on the part of the workers, both those in the Hospital who are part of the staff, and those on the outside who are volunteers, all of whom have bent their best energies to accomplish results. It is encouraging to note that some of our contributors have doubled their money gifts to enable us to accomplish more than we did last year, and we only wish this might develop into a widespread custom. A few of our old friends have passed on during the year, and to the memory of these we pay respectful tribute. We hope others may step into their places, for there are many fields of usefulness constantly developing to be found in our Hospital.

A Memorial Fund of some \$53,000 was raised during the year by friends of the late Dr. Reuel B. Kimball, and this has become part of our investment fund to enable us to extend the Social Service work. The receipts in the Current Treasurer's report have nearly met our obligations, there being a deficiency of \$1,250 at the end of the year. The Summer Branch, operated under the watchful eye of the ladies living in and around Seabright, New Jersey, performed a useful purpose in taking care of convalescent babies and children. A Fair yielded a substantial sum, details of which are to be found in the report of the Summer Branch Committee on another page. The

THE BABIES' HOSPITAL

Women's Board, in their customary spirit of helpfulness, held a Fair at the residence of Mrs. Oliver G. Jennings, benefiting the treasury by nearly \$4,000. The Directors are constantly reminded of their obligation to the Women's Board for the continued prosperity of the institution.

The tendency to secure free treatment on the part of those able to pay has been a problem difficult to meet. With the increased cost of service and material, the Medical Board deemed it wise to increase the fee for treatment in the Out-Patient Department to twenty-five cents.

We take pleasure in recording the gift from Mrs. Andrew Carnegie of another Endowed Bed, as a thank offering for her granddaughter, Louise Carnegie Miller.

JOHN SHERMAN HOYT,
President.

B. OGDEN CHISOLM,
Secretary.

THE BABIES' HOSPITAL

MEDICAL REPORT

To the Directors and Board of Managers:

The statistical report of the thirty-second year of the Babies' Hospital is given elsewhere, including the number of patients admitted and the diseases for which they were treated. The number of hospital days is considerably smaller than the previous year, by reason of the fact that in 1920 the Country Branch at Rumson was not opened for patients from the Hospital.

A comparison of the last few years' work with that of earlier years is an interesting study and reveals certain tendencies in the growth of the Hospital and the character of the service which are significant. The first thing noticeable is the great reduction in the average stay of patients in the Hospital. During the first fourteen years of the Hospital's existence the average stay of patients was twenty-five days; in the last six years it has been but fifteen days, and for the past year, a little over ten days. The second thing is the larger proportion of very serious cases which have been admitted, particularly conditions for which adequate care cannot be given in the average home of the poor in New York. A comparison of the figures for the last two years shows some rather striking features:

	1919	1920
Pneumonia (all varieties)	170	320
Empyema	46	55
Meningitis	35	51
Peritonitis	13	18
Intussusception	7	12

This list might be very much extended.

THE BABIES' HOSPITAL

Even more striking than the above is the increase in the number of surgical patients. In the report of four years ago there are recorded 271 surgical operations; 75 of these were serious operations; 141 were minor ones and 55 for the removal of tonsils and adenoids. During 1920 the total number of operations was 581; of this number 154 were serious operations; 195 were minor operations and 232 were for the removal of tonsils and adenoids.

It is evident from both of the above facts that physicians throughout the city are getting more and more into the habit of referring to the Hospital their serious cases, especially those requiring surgical treatment. All this is along the line of greater service to the public, as the function of the Hospital should be to do for children what cannot well be done outside its walls.

The Hospital mortality continues to be high as is inevitable in an institution which cares for the serious conditions of patients of these tender ages.

The shorter duration of the stay in the Hospital is because of the practice of treating in the Out-Patient Department all those cases which can be easily taken care of there. It is much more economical for these children to be boarded at home, cared for by their mothers and brought to the Hospital when advice is needed, and for the mother by such contact to be educated in their proper care, than that all the work done for these children, should be done in the Hospital and the results often neutralized by neglect or improper care at home after discharge from the wards. With the help of an increased visiting nurse service it will be quite possible to enlarge this phase of the work.

One of the striking features in hospital work in New York has been the effort to improve the character of the service given to out-patients. Our aim in the Hospital is to give these patients just as thorough examinations and as close attention as is given the ward patients. This is a movement which has gained a good deal of impetus in most of the best hospitals in New York City.

A source of embarrassment to the service during the last year has been a shortage of nurses. During the spring and summer months the condition

THE BABIES' HOSPITAL

was very serious and greatly interfered with routine work; in fact, at times it became necessary to curtail admissions to the wards and to cease to receive premature infants altogether. With the autumn, conditions have decidedly improved, and at the present time the nursing staff is quite equal to the requirements of the work.

In closing this report, I wish to state that the work of the Hospital staff during the year has been most conscientious and efficient.

L. EMMETT HOLT, M.D.

THE BABIES' HOSPITAL

STATISTICAL REPORT OF MEDICAL AND SURGICAL WORK

JANUARY 1, 1920, TO JANUARY 1, 1921

Patients remaining January 1, 1920	38	
Patients admitted from January 1, 1920 to January 1, 1921	1,586	
		<hr/>
Total treated in wards		1,624
Patients admitted to private rooms	72	
		<hr/>
<i>Age of Patients Admitted</i>		
Under one month	81	
Between one and six months	529	
Between six and twelve months	258	
Between one and two years	267	
Two years and over	451	
		<hr/>
Total	1,586	
<i>Discharged During the Year</i>		
Cured	740	
Improved	330	
Unimproved	76	
Transferred to other institutions	9	
Not treated	40	
Died	383	
		<hr/>
Total	1,578	
<i>Remaining January 1, 1921</i>		
Males	25	
Females	21	
		<hr/>
Total remaining	46	
		<hr/>
		1,624

THE BABIES' HOSPITAL

REPORT OF THE DISPENSARY AND VISITING NURSE COMMITTEE

MRS. ERNEST R. ADEE *Chairman*

MRS. DEXTER BLAGDEN

MRS. HENRY I. RIKER

MRS. J. PRENTICE KELLOGG

MRS. JOHN E. ROUSMANIERE

MRS. ERNEST G. STILLMAN

The past year has brought some changes in the Out-Patient Department. The Reuel B. Kimball Memorial Fund has been completed. The sum of over fifty-three thousand dollars has been raised, the income of which is now available to the Social Service work of the Hospital. As a beginning of the enlarged forces, Miss Mildred Sawyer has been installed in charge of the reorganized Social work. Changes have been made in the Dispensary itself. The reception and recording of patients, and all of the paraphernalia therefor, have been removed to another room, leaving space for two isolation cubicles. Miss Sawyer is now installed in this new room, while Miss Wallin and Miss Donnelly continue their work in the Clinic, and make the follow-up visits, and dispense necessary relief.

The amount of relief distributed continues to increase each year, showing the interest taken in special cases by an increasing number of friends of the Hospital. During 1920 we received for this purpose \$871.34

Receipts

Balance December 31, 1919	\$91.34	
Cribside Committee for milk	120.00	
Mrs. Takamine for milk	120.00	
Mrs. Oliver Harriman, Children of America Fund, Milk Committee	160.00	
Babies' Hospital	300.00	
Miscellaneous gifts	80.00	
		<hr/>
		\$871.34

THE BABIES' HOSPITAL

Disbursements

Milk.....	\$771.64	
Food.....	38.50	
Clothing.....	3.00	
Car fare.....	1.70	
Balance on hand.....	56.50	
		<hr/> \$871.34
Total number of calls.....	3,145	
Number of patients visited at homes.....	1,523	
Number of new cases.....	846	

Christmas baskets were sent to 21 of the neediest Dispensary families, for many of them their only bit of Christmas cheer. The cost of this, \$72, was contributed by the managers, Mrs. Francis B. Bradley and Dr. Shields.

We have received the following contributions which are gratefully acknowledged:

Mrs. Oliver Harriman, Chairman of Distributing Committee of "Milk for Children of America" Fund, sent two checks for \$80 each for milk. This fund was used during the summer months.

The Evening Mail, through the "Save a Home Fund," paid rent for six of our Dispensary families, and obtained employment for five men.

Through the Mayor's Committee, we received 60 tons of coal for 120 families, milk and ice for 40 families, and 50 boat trips.

From the Free Shoe Fund, through the Bureau of Attendance, we obtained 50 pairs of shoes for school children.

The League of Catholic Women, 371 Lexington Avenue, through Miss Teresa O'Donohue, gave 202 garments for children from 5 to 12 years old, and 96 layettes for infants.

The Emergency Tuberculosis Relief Committee, through Miss Fogarty, outfitted 100 children over 7 years of age in families attending the Dispensary.

The "Ladies of Charity" outfitted and gave employment to forty mothers of Out-Patient Department patients.

Dr. and Mrs. Stafford McLean outfitted four adult consumptives.

THE BABIES' HOSPITAL

Through the courtesy of Miss Arnold, of the Babies' Welfare Organization, six families have received milk for 6 to 8 months.

Through the Child Welfare Committee we have obtained pensions for 30 widows and the wives of three insane men.

Mr. Augustus Groll sent 40 tickets for Christmas baskets, sweaters and toys.

Dr. Alice K. Higgins gave one ear curette and one ear knife for the Dispensary.

The generous gifts of Mrs. Takaminc and of the Cribside Committee of \$120 each for milk for needy babies are especially appreciated.

GERALDINE F. ADEE,
Chairman.

THE BABIES' HOSPITAL

REPORT OF THE CRIBSIDE COMMITTEE

During the winter of 1920, the regular monthly meetings of the Cribside Committee were held at the Hospital on the first Wednesday of every month, at twelve o'clock.

At the December, 1919, meeting the following officers were unanimously elected, to serve during 1920:

MISS KATHERINE B. LOCKWOOD.....	<i>Chairman</i>
MRS. DEFOREST HICKS.....	<i>Vice-Chairman</i>
MRS. CARL O. M. SPRAGUE.....	<i>Secretary</i>
MRS. ROBERT D. STERLING.....	<i>Treasurer</i>
MRS. DEFOREST HICKS.....	<i>Chairman of the Children's Charity</i>
*MISS SAIDEE E. WILLIAMS.....	<i>Chairman of the Clothing Committee</i>
*MISS SAIDEE E. WILLIAMS.....	<i>Chairman of the Cutting Committee</i>
MRS. WALTER H. CLOSE.....	<i>Chairman of the Nominating Committee</i>

The membership at the end of 1920 was

Active members.....	27
Associate members.....	35

The usual meetings of the Lenten Sewing Class were held at various houses kindly offered to the class. Seven hundred and fifty-three garments (a minimum estimate) were made and donated to the Hospital.

A Rummage Sale was held which was very successful in raising money to continue the work of the Committee.

Mrs. Hicks resigned as Chairman of the Children's Charity. Her place was taken by Mrs. Van Tine, through whose untiring efforts \$558 was contributed to the Hospital by the members of the Children's Charity.

* Deceased.

THE BABIES' HOSPITAL

The Endowment Fund of the third Cribside Committee bed has increased in December to \$2,698.60.

The Committee, as usual, supported a bed for the year, and has continued its policy of donating \$10 a month to be used by Miss Wallin in her relief work, and has paid half the salary of a second visiting nurse.

DOROTHY W. SPRAGUE,
Secretary.

One third Liberty Loan Bond of a par value of \$500 bought May, 1918, and held by guaranty Trust Co. for account of Endowment Fund.

RUTH L. STERLING,
Treasurer.

THE BABIES' HOSPITAL

REPORT OF THE SUMMER COMMITTEE

With the approval of the Board of Directors, an arrangement was made in the spring to open the Summer Branch at Rumson, New Jersey, to the children from the Day Nurseries of the City. This plan was agreed upon to conserve the nurses for the City Hospital, as it was found possible to care for the older children from the Day Nurseries at the Rumson branch, by the employment of a matron and a small corps of outside nurses, thus preventing the necessity of closing the Summer Hospital.

The season opened on June 8, with Miss Louise Morgan in charge, and the first group of children arrived from our City Dispensary, the Bethany Day Nursery and the Winifred Wheeler. All went happily until at the close of the two weeks' holiday, "chicken pox" descended upon us, and a quarantine followed of three weeks, but after that no further disturbances prevented the children from enjoying the country, with drives to beach and "ice cream" as extra pleasures. The Hospital closed September 1.

The Day Nurseries represented, besides our Dispensary children, were: The Bethany, Winifred Wheeler, St. Vincent Ferrer's, Kips Bay and Manhattanville, in all 134 children. The Summer Committee were very active in their interest and work. In July a Fair was held at the residence of Mrs. Ira Barrows, and the amount raised was \$6,150. Before the close of the summer a tablet was placed in Main Building in loving memory of the late "Reuel Baker Kimball, M.D.," who for over twenty-five years gave his services to the Hospital with untiring devotion. To all those who gave their support and encouragement to the work of the Summer Committee, we wish to extend our grateful appreciation.

MARY OWEN BORDEN,
Chairman.

THE REUEL B. KIMBALL MEMORIAL FUND

For over twenty-five years the late Reuel B. Kimball, M.D., gave his devoted service to the work of the Babies' Hospital of the City of New York, and Rumson, New Jersey. In loving recognition of this, his friends and patients have created a Fund, the income of this to be used for the "Social Welfare Work" of the Hospital, and to be called,

THE REUEL B. KIMBALL MEMORIAL FUND

The amount subscribed is \$51,515, which has been accepted by the Board of Directors, and a bronze tablet has been placed on the wall of the Dispensary to commemorate this act.

MARY OWEN BORDEN,
Chairman.

THE BABIES' HOSPITAL

GENERAL RULES

- 1.—The beds of the Hospital are free to the needy poor. Others are charged, according to their means, from \$4 to \$7 a week for board.
- 2.—Sick children under three years of age are admitted, excepting those suffering from contagious diseases.
- 3.—Applications for admission should be made at the Hospital during the day, from 9 to 5, although emergency cases are received at any time.
- 4.—The Out-Patient Department is open daily throughout the year, from 2 to 3 P. M., excepting on Sundays and holidays.
- 5.—Visiting day, for friends of patients, is Wednesday, from 11 A. M. to 3 P. M.
- 6.—Visitors to the Hospital are welcome any afternoon, between 3 and 5.

HOSPITAL CALENDAR

ANNUAL BOARD AND CORPORATION MEETING, third Tuesday in January.
REGULAR BOARD OF DIRECTORS' MEETINGS, third Tuesday in January,
April and October.

EXECUTIVE COMMITTEE, third Tuesday in November, December, February,
March and May.

ANNUAL MEETING OF THE WOMEN'S BOARD, second Tuesday in December.
WOMEN'S BOARD, second Tuesday of every month, from October to May,
both inclusive.

WOMEN'S BOARD—EXECUTIVE COMMITTEE, monthly, except during months
of June, July, August and September.

HOUSE COMMITTEE, monthly, from October to May, both inclusive.

NURSES' COMMITTEE, monthly, from October to May, both inclusive.

SUMMER COMMITTEE, monthly, during June, July, August and September.

MEDICAL BOARD, first Monday in January.

CRIBSIDE COMMITTEE, annual meeting in November.

THE BABIES' HOSPITAL

REPORT OF THE POST-GRADUATE COURSE FOR TRAINED NURSES

To the Directors and Board of Managers of The Babies' Hospital:

Five graduate nurses entered our Post-Graduate course of eight months during the year, the first we have received since October, 1917, on account of the scarcity due to war conditions. Two completed their training and received diplomas, and three will leave early in 1921. We appreciate having had graduates who were particularly interested in the nursing of children's diseases, and who are leaving us to occupy positions in charge of Children's Hospitals or private duty, confining their work to the exclusive nursing of children.

The following received diplomas:

MINNIE MAY CHISHOLM, Graduate of Presbyterian Hospital, Chicago, Ill.

MARGARET RAMSAY, Graduate of Children's Hospital, Winnipeg, Manitoba, Canada.

In November we decided to discontinue our affiliation with the French Hospital, New York City, and the following pupils received diplomas this year:

MARY EMELYN ARMSTRONG

MARIE AGNES CLAYTON

ALICE MARY DEE

FLORENCE ELIZABETH FERLAND

ELLIE COLETTA GILLIS

GENEVIEVE MARIE HIRST

GLADYS E. HOWARD

GRACE L. JACOBS

VIRGINIA LAMBORN

ELISE SANFTLEBAN

JEANETTE KATHERINE SWEENEY

MARY ELIZABETH THOMPSON

ROSE MARY WARREN

MARY AGNES SMITH,
Superintendent.

THE BABIES' HOSPITAL

REPORT OF THE TRAINING SCHOOL FOR INFANTS' NURSES

To the Directors and Board of Managers of the Babies' Hospital:

For the past two years the shortage of pupils in our Training School has been a very serious difficulty, the most anxious time being the spring and summer of 1920 when we decided it was impossible for us to supply nurses to open the Country Branch at Rumson. Beginning with October, a decided improvement was noticeeable and before the end of the year we had our full number of nurses in training. We desire to express our appreciation of the willing and thorough work of the pupils during this serious time. Twenty-one pupils graduated during the year, a very small number compared with former years.

The Christmas gifts from Mrs. Oliver G. Jennings, Miss Graves, Mrs. Kunhardt, Jr., and Mrs. Talmage, Jr., made the holiday time a very pleasant one to the nurses who are far from their homes.

We sincerely thank our physicians for their kind care of the sick nurses, and also our Resident Physician for the course of lectures given.

A great deal of pleasure has been given to our household through the kind courtesy of the Musical Bureaus in sending tickets for concerts and recitals during the season.

The following infants' nurses graduated in 1920:

EMMA CARSON	MARGARET EWING	VIOLA OLSEN
KATHERINE COLGNA	DOROTHY GALUSHA	GERTRUDE OSMITIUS
MARY COMERFORD	RUTH HAGEN	RUTH PICKETT
JULIA COOLEY	GERTRUDE JOHNSON	HELEN RYAN
MARY CORNWALL	ELIZABETH KEEFER	STELLA SLIWIENSKI
ANNA DENNISON	MARY MOORE	HELEN STEER
LOUISE DOWD	ANNIE NORRIS	MARY THORBURN
		MARY AGNES SMITH, <i>Superintendent.</i>

OUR CHRISTMAS TREE

The annual Christmas Tree, and all that goes with it, that is given for our children by Mrs. P. A. Valentine, is one of the events of our Hospital year. It is looked forward to with bright anticipation by many of our children. Not long ago, before Christmas, a little boy came into the office, leading a younger child by the hand, to say that his mother had sent him over to remind us not to forget to send for her children for the Christmas Tree.

A large and beautiful tree is set up in one corner of the Directors' Room. At the other end of the room is a table full of toys, and on each side are stacked up little boxes of candy and piles of oranges. The babies, accompanied by their mothers and older sisters and brothers, are brought up in groups. They are first taken to look at the bright tree, and then led to the table and permitted to choose whatever strikes their fancy. The girls always want dolls; but the boys are usually undecided and have to be helped a little in making their choice. If any of the children can speak a piece or sing a carol they often do so to the great delight of the small and select audience. Right here we affirm that the grown-ups who have the tree in charge, or assist in any way at the festival, enjoy it as much as the children do. This year many of the mothers looked needy and forlorn, and a great number of babies were fitted out with little shirts and hose and other clothing more needed than toys.

The children, all of whom come by special invitation, are the patients in the house, or have been patients in the wards or at the Dispensary. To the physicians the Christmas tree is an opportunity to see how the discharged children are getting along, and there are many interesting recognitions between patient and doctor.

THE BABIES' HOSPITAL

About 200 little children, of every nationality, alike only in needing greatly the cheer and bounty of the season, come every year. This year 210 pairs of eyes reflected the glitter of the decorated tree. One little boy from the wards, who had been sick a long time, had been looking forward to the Tree for days. As Christmas drew nearer he counted off the days on his fingers, but when he was brought down by his nurse he was quite speechless. He could not sit up, and lay on his back on his nurse's lap looking at the Tree with never a word to say. Afterwards he hugged tightly with both hands the trumpet and drum brought to him from the table of toys. It seemed as though this pale little boy was the most impressed of all the small guests at our Christmas party.

CURRENT TREASURER'S REPORT

THE BABIES' HOSPITAL

FURNISHED CRIBS

Twenty-five dollars will furnish a crib for one year and entitle the donor to name it for that period.

Two furnished in perpetuity by gift of \$1,000 under the Will of Mary Isabel Reese, widow of Brigadier General Chauncy B. Reese, in memory of her only grandchildren, the little daughters of John and Sarah Brewerton Reese Jolly:

Sarah Brewerton Jolly, born Dec. 19, 1906, died Aug. 18, 1910.

Mary Courtenay Jolly, born Dec. 25, 1907, died March 25, 1914.

One by Mrs. Eben E. Olcott, known as the "Erskine Crib."

One by Mrs. Swen A. Swenson, "In memory of Mary Margreta."

One by Mrs. Henry Clay Moses, "In memory of Frances Clayton Moses."

One by Mrs. William T. Schley.

One by Walter Scott, known as the "Mrs. Walter Scott Crib."

One by Mrs. Arthur Lehman, known as the "Frances Lehman Crib."

Two by Mrs. Olney B. Mairs, known as the "Marjorie Crib" and "Boy Blue Crib."

Two—known as the "Ethelwyn Fox Morrison Cribs."

One by Mrs. Edward A. Le Roy, known as the "Louisa Crib," in memory of her mother.

One—Anonymous.

Two by the Hamlet Aquatic Club.

Two by Mrs. Louis W. Dommerich.

One by Mrs. John B. Calvert, known as the "Mary Dake Mairs Crib."

Three by Dudley D. Sicher, known as the "William David Sicher Cribs."

One by Sigmond Saxe, "In honor of Constance Saxe Cohen."

One by Mr. and Mrs. Albert E. Snyder, "In memory of Anne Lamkin Snyder."

THE BABIES' HOSPITAL

THE CHILDREN'S CHARITY

The Children's Charity is made up of those children who are interested in the work of the Hospital, and want to help it along.

\$558.60, acknowledged in the list of contributions, the result of the work this year, was given by the members whose names are noted on the following pages.

The subscription is One Dollar a year.

Life Memberships, \$10.

A Membership card is sent each year when the dues are received, and every member's name is published in the Year Book of the Hospital.

Five Kinds of People who Join the Children's Charity

- I. Big boys and girls, who want to help the sick babies.
- II. Children who have come safely through an illness—to show their thankfulness.
- III. Brand new babies—to celebrate their arrival.
- IV. Grown-ups in the name of some child they love, or the child they once were themselves.
- V. In memory of children who have died—to do the good they were not spared to do.

Send your dues, with name and address to

MRS. HAROLD VAN TINE,
45 West 52nd Street,
New York City.

Make checks payable to THE BABIES' HOSPITAL.

- Woolworth Co., F. W., balls, rattles and paper dolls.
- Young, Miss Adelaide, 1 doll.
- Y. W. C. A., Central Branch, through Miss Miller, 15 washcloths, 2 boxes of materials for kindergarten table work.
- Ziegler, Mrs. Edward, 1 organ, 1 baby carriage, 1 wicker hamper, 1 layette wicker basket stand.

Numerous gifts and pleasures have been contributed by friends and residents of the Summer Colony at Seabright to the Summer Branch of the Hospital. These have all been acknowledged with grateful appreciation and include such donations as fruits and vegetables, ice-cream and cake, rides to the beach, swings, toys, rompers and playthings for the children, and many useful articles.

THE BABIES' HOSPITAL

SEVEN FACTS OF INTEREST

THE BABIES' HOSPITAL for over thirty-three years has been getting results in making babies better, and is still the only Hospital of its kind in New York City.

THE BABIES' HOSPITAL has a Training School for Infants' Nurses, has graduated 903 pupils, and offers an eight months' Post-Graduate course to Graduate Nurses. These nurses have helped the babies grow strong through careful feeding and the application of our doctrine of "Sunshine, Sleep and Soap."

THE BABIES' HOSPITAL offers facilities in its Out-Patient Department for the treatment of poor babies, and has contributed its very large share to better health and happiness.

THE BABIES' HOSPITAL operates a Summer Branch at Rumson, New Jersey, where much has been done for little children by fresh air, sunshine and kindness.

THE BABIES' HOSPITAL has for nineteen years provided lectures to the Fourth-year students of the College of Physicians and Surgeons. Young physicians are here given the unusual opportunities for practical study of difficult and unusual cases of disease in young children at first hand.

THE BABIES' HOSPITAL has admitted 28,820 babies. It was a struggle for existence with most of them and skillful nursing has saved many.

THE BABIES' HOSPITAL employs Visiting Nurses to follow up hospital treatment after the baby has left the wards, and to keep the essential things before the mind of the mother.

THE BABIES' HOSPITAL

REPORT TO DIRECTORS

To the Directors of The Babies' Hospital:

To produce sound men and women in 1945, we must make a real effort with the growing babies of to-day and with 1,600 wee bits of humanity entering our Hospital each year, the Directors feel that they have a responsibility to meet which must not be assumed too lightly.

The easiest way to conduct a hospital is to follow in the established rut,—in the tracks of the previous year,—for this saves much time, but we do not feel satisfied with this plan, believing that in any line of endeavor there must be a constant struggle to render better and more efficient service. This spirit seems to have permeated our entire staff and perhaps it is due to the realization that babies are such helpless little mites and that their appeal for aid and care is so strong. Even though history reveals the fact that necessity sometimes changes the form and figure of living things, in order to provide self-help, the human being, in its infant form, still remains the most dependent and pathetic of all creatures.

In this, our Thirty-third Annual Report, we have tried to record some of the important events that have transpired through the year, but writing about them is never as human or as vital as the thing itself,—it is merely the echo of the original sound. How tame and colorless it is for us to attempt a description of the gratitude felt by a mother whose baby's life has been saved, compared with the real feeling in the mother's heart. And yet, this Report is the only means whereby we may portray the picture of what we are doing with these tiny scraps of humanity, many of whom are so frail that it would hardly seem as if they could live the day out.

There has been a constant demand for our private rooms, and in this

THE BABIES' HOSPITAL

respect I think we are no different than other hospitals, for the ordinary citizen is beginning to appreciate the care that can be furnished under ideal surroundings with skilled practitioners near at hand.

The old idea that loving attention cannot be administered in a hospital is passing on. It is our great hope that we may be able to provide more private rooms than we now have, for were this dream of ours to be realized it would mean a wider circle of usefulness and a greater number of helpful friends.

The Directors desire to place on record the recent death at Tacoma, Washington, of Mrs. Lemuel H. Wells, who, as Mrs. Andrew H. Smith, was one of our earliest workers, and no task was too great for her to undertake.

One notable improvement, which will mean much in rendering more efficient service to help solve some of the mysteries of medical science, is the installation of an X-ray outfit,—the gift of Mrs. Henry G. Bartol, in memory of her mother, Mrs. John Hone, who held such a tender spot in the hearts of the Directors when she served as one of them during a long period of years.

The Directors acknowledge with grateful appreciation the gift of \$5,000 from the Estate of Jacob H. Schiff, whose interest in the work of this Hospital during his lifetime was a constant source of inspiration and encouragement.

The Out-Patient Department through the impetus given it by the establishment and support of the Kimball Fund is growing daily in its scope of usefulness and we can truly say that the overcrowding is almost becoming alarming and that more space will shortly be required to conduct it under the standard toward which we must eventually aim.

The Social Service end of this work must appeal to all those who demand thoroughness in the performance of the task, for we feel that our work is only half done in the treatment of the little ones in the Out-Patient Department, unless we follow our ministrations into the home.

THE BABIES' HOSPITAL

In the early part of 1921, the Hospital was benefited by a Concert given by the ladies at Carnegie Hall, Mr. Kreisler stirring a large audience to inspiration by his wonderful musical talent. A considerable sum was provided as a result of these efforts.

There are other features of our work which have been conducted throughout the year to which special reference is made in the Reports placed in this volume, notably the Training School for Infants' Nurses, which gives a practical education to young girls who wish to become qualified in the care of babies, and we have continued successfully our home in the country at Oceanic, and for its success we cannot stint the praise that belongs to the ladies, for what they have done.

Let us begin our Thirty-fourth year with the feeling that we have a right to be encouraged and also that a duty devolves upon us to carry on our work for these wee bits of humanity more and more with the single aim of rendering greater and more efficient service.

JOHN SHERMAN HOYT,
President.

B. OGDEN CHISOLM,
Secretary.

THE BABIES' HOSPITAL

MEDICAL REPORT

To the Directors and Board of Managers:

While no very remarkable developments marked the work of the Hospital during 1921, as a whole the year has been one of the most satisfactory in its history.

A summary of the year's work as compared with the previous year is as follows:

	1920	1921
Patients treated in the wards.....	1,586	1,641
Days of Hospital treatment.....	16,548	21,786
New Out-Patients.....	4,410	4,956
Out-Patient visits.....	16,034	18,978
Children sent to Oceanic.....		251

The increase in the number of days' treatment and of patients is largely explained by the work at Oceanic.

The general mortality was 19.2 per cent as against 23.5 per cent for the previous year. This difference in percentage is partly explained by the number of children sent to Oceanic during the summer, most of whom were not suffering from acute conditions. Two-thirds of the deaths in the Hospital occurred from the following four causes in order: Marasmus, 93; acute pneumonia, 55; acute intestinal conditions, 43; prematurity, 25. It is interesting to note the continued decline in the number of deaths from intestinal diseases and the steady rise in those from acute respiratory conditions; the latter have now taken first place.

The Country Branch was opened for the usual three months and most of the children remained two weeks; but some with the most serious conditions spent nearly the entire season at Oceanic. The open-air and sun treatment

THE BABIES' HOSPITAL

was used in a considerable number of the cases, particularly with children suffering from malnutrition, those with marked anemia and those with empyema, with most striking benefit. The children were stripped to the waist and exposed to the sun for the greater part of the day; their bodies became tanned almost to a mahogany brown.

The greatest improvement was seen in the children suffering from empyema, thirteen of whom were sent to Oceanic and treated in this way. Several of these had sinuses in the chest which had been discharging for many weeks and obstinately refused to heal in the wards of the City Hospital despite all treatment. Almost immediate improvement was seen after this transfer to the country, and in some of the worst cases the results were truly remarkable.

The enormous advantage to the Hospital in having a place to which such children as those mentioned can be sent for convalescence and the great usefulness of the Summer Branch was never so well demonstrated as it was by the experience of last year.

It is gratifying to report the continued satisfactory results from a closer correlation of the work in the wards with that of the Out-Patient Department. This is brought about by the fact that some of the interne staff work in the Out-Patient Department every day and the attending physicians of the Out-Patient Department make general rounds in the Hospital twice a week.

There has been no teaching of undergraduate students in the Hospital since July. In the place of one of these clinics there has been held a weekly clinical conference of the entire Hospital staff, including the men in the Out-Patient Department, which has been most successful in stimulating the work of the junior members and keeping all in touch with the general Hospital practice. It also enables the Out-Patient Department men to see many of the most interesting of the ward cases. We have thus concentrated the teaching upon our own staff rather than upon outside physicians.

THE BABIES' HOSPITAL

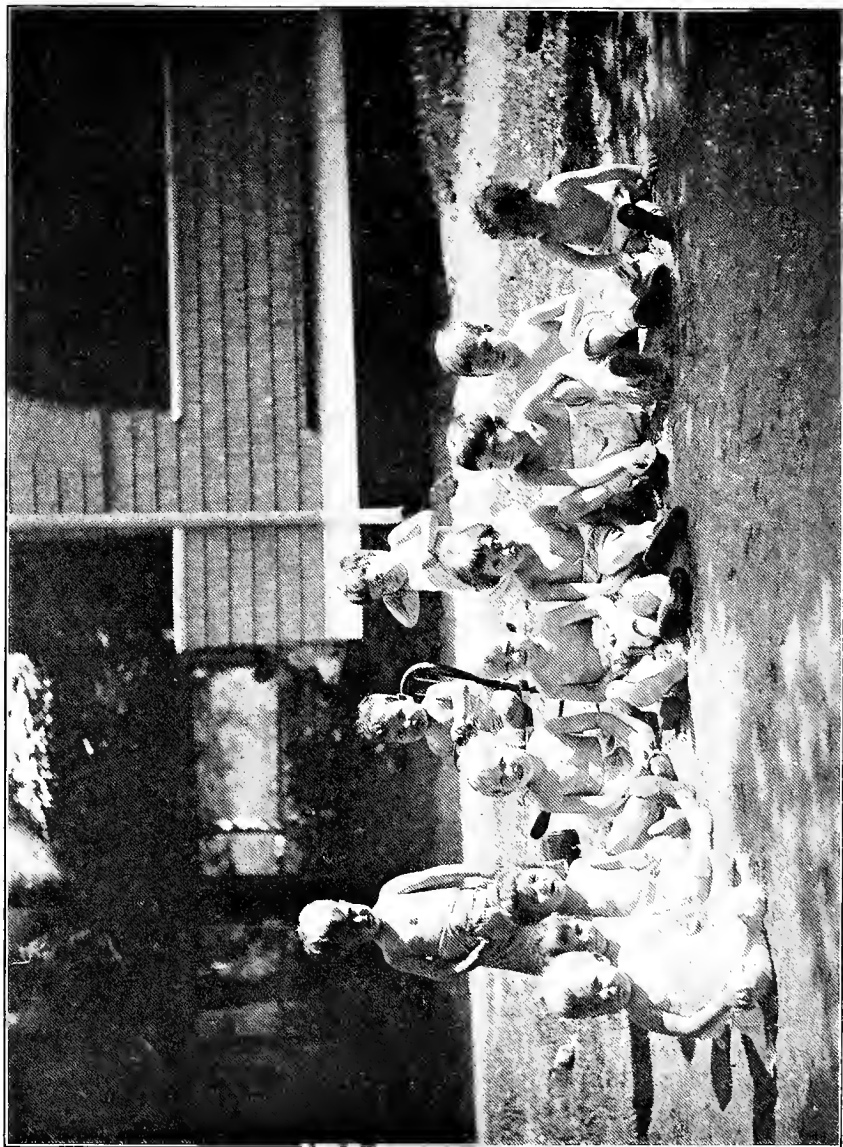

The Hospital service has been greatly benefited by the appointment of a full-time pathologist. Since October 1 Dr. Wollstein has given all her day to the Hospital, and the effect of this increase in service is already felt in a higher class of work in this department. It promises to be of even greater value when completely organized.

One of the greatest needs of the Hospital in recent years has been that of an X-ray plant of our own. Cases requiring X-ray examinations have been sent to the laboratories of other institutions nearby. Through the generosity of Mrs. Henry G. Bartol an up-to-date X-ray plant is now being installed on the eighth floor of the Hospital building, the gift being in memory of her mother, Mrs. John Hone, who was one of the earliest and for many years one of the staunchest supporters of the Babies' Hospital.

The greatest problem of administration and service continues to be the Out-Patient Department. It will be seen from the above statistics that the number of new patients increased 12 per cent and the number of visits 18 per cent during the year. The average daily attendance was 63 as against 53 for the previous year. All of these figures are the largest in the history of the Hospital and are evidence of the improved efficiency in the service which is given in this Department.

The Dispensary survey which has been made of all similar institutions in the city, under the auspices of the Public Health Committee of the Academy of Medicine, has made a very thorough study of our Dispensary service from every angle. In nearly every particular except one, the result of the study was most gratifying. The one great criticism was overcrowding. With a daily attendance which frequently exceeds 125, our accommodations in waiting and examining rooms are taxed to the limit, often beyond this. The only solution seems to be more space, but how this can be secured in our present building does not seem clear. Will not some generous friend of the Hospital make it possible to get more room by giving the Hospital the adjoining house?

During the year the experiment has been tried of having a pay clinic, at

Lots of sunshine and country air to make little bodies sturdy and well again. These were empyema cases, received in a critical condition. Oceanic, New Jersey

THE BABIES' HOSPITAL

first one, then later two mornings a week. This has been organized to meet the needs of certain patients who have been in the habit of coming to the Out-Patient Department but who can afford to pay more and are quite willing to do so. Patients pay \$3 for the first examination and \$1 for subsequent visits. In the first part of the year this was open but one morning a week, but it has now grown to two clinics a week and its advantages are more and more appreciated. To supply really good medical service at a price which people of very moderate incomes can afford to pay is one of the great problems of medicine today. The Medical Board still regards this as an experiment the results of which so far seem to justify its continuance. The pay clinic may not solve the problem, but it is certainly one of the agencies which may aid in its solution.

During the year the Hospital has been remarkably free from outbreaks of contagious disease. This is only possible through constant watchfulness, for at no time are we free from this danger.

It is gratifying to record the excellent work which has been done by the nurses and the house staff during the past year.

L. EMMETT HOLT, M.D.

THE BABIES' HOSPITAL

REPORT OF THE DISPENSARY AND VISITING NURSE COMMITTEE

MRS. ERNEST R. ADEE, *Chairman*

MRS. DEXTER BLAGDEN

MRS. HENRY I. RIKER

MRS. EDWARD VAN INGEN

MRS. JOHN E. ROUSMANIERE

MRS. J. PRENTICE KELLOGG

MRS. ERNEST G. STILLMAN

MRS. JERE R. WICKWIRE

The work of the Out-Patient Department and of the Visiting Nurses continues to increase year after year. Under the present division of responsibilities Miss Sawyer looks after all records and devotes herself to securing the co-operation of other charitable and relief associations for the assistance of Dispensary patients—in which work she has proved most efficient—while Miss Wallin and Miss Donnelly have more time for the very necessary follow-up calls on the patients themselves.

Fifty dollars a month has been allowed from the Reuel B. Kimball Memorial Fund, which with our monthly donations for milk from Mrs. Takamine and our faithful Cribside Committee enables us to give milk to some sixty families. Other substantial sums have been donated by the Committee for emergency relief as needed. The amount expended in relief this year was \$929.35.

Receipts

Balance December 31, 1920	\$56.50
Cribside Committee for milk	120.00
Mrs. Takamine for milk	145.00
Reuel B. Kimball Memorial Fund for Relief	578.85
Dispensary and Visiting Nurse Committee	25.00
Grateful Dispensary patients	4.00
	<hr/> \$929.35

THE BABIES' HOSPITAL

Disbursements

Milk.....	\$756.54
Food.....	95.00
Clothing.....	13.50
Carfare.....	7.75
Balance on hand.....	56.56
	————— \$929.35

Total number of calls.....	3,303
Number of patients visited at home.....	1,558
Number of new cases.....	527

Dinner baskets were sent to 32 of the neediest Dispensary families; \$86 was contributed for this purpose by our Managers and friends.

The following contributions are gratefully acknowledged:

The Evening Mail paid one month's rent for two Dispensary families.

Through the Mayor's Committee, we received coal, ice and milk for 33 Dispensary families. Also tickets for boat trips.

From the Free Shoe Fund, through the Bureau of Attendance, we received 50 pairs of shoes for school children.

From the League of Catholic Women, 371 Lexington Avenue, through Miss Teresa O'Donohue, we received 742 garments, and 37 layettes.

The Emergency Tuberculosis Relief Committee, through Miss Fogarty, took care of 14 Dispensary families.

The "Ladies of Charity" gave employment to 18 mothers of Dispensary patients.

Through Miss Arnold of The Babies' Welfare Organization, 13 families received milk.

Through the Child Welfare Committee, we have obtained pensions for 10 widows and the wives of 5 insane men. Also tickets for boat trips for 20 families.

Doctor and Mrs. Stafford McLean outfitted 3 Dispensary families with clothing.

From the Elks Club we received tickets for 33 families for Christmas baskets, sweaters and woolen stockings.

From the American Red Cross, through Mrs. Rousmaniere, we received: 10 layettes; 32 nightgowns; 50 convalescent robes; 50 pairs small knitted stockings; 50 infants' knitted caps; 11 babies' crib quilts; 100 pairs knitted stockings; 1 box of toys.

From the New York City Branch of the Needlework Guild of America we received 105 garments.

THE BABIES' HOSPITAL

A pay clinic has been opened on Saturday mornings. Patients pay an examination fee of \$3, and \$1 for subsequent visits. From the opening, November 27, 1920, to January 1, 1922, there were admitted 90 new cases and 333 old ones, making a total of 423. Registration fees amounted to \$672.85. Many babies were placed in boarding homes and temporary shelters, and whenever necessary were referred to other institutions and organizations. Particular thanks are due to the Babies' Welfare Federation for their co-operation in these cases, and to St. John's Guild for sending children to Seaside Hospital and on the Floating Hospital during the summer.

The increasing interest of the Board of Managers in the relief work of the Dispensary Committee is deeply appreciated by the members, as is also the co-operation and help they have received from all the above-mentioned organizations and friends.

GERALDINE F. ADEE,
Chairman.

THE BABIES' HOSPITAL

REPORT OF THE CRIBSIDE COMMITTEE

During the winter of 1921, the regular monthly meetings of the Cribside Committee were held at the Hospital on the first Wednesday of every month at twelve o'clock.

At the December, 1920, meeting the following officers were unanimously elected:

MISS KATHERINE B. LOCKWOOD.....	<i>Chairman</i>
MRS. FREDERIC BATTERSHALL.....	<i>Vice-Chairman</i>
MRS. CARL O. M. SPRAGUE.....	<i>Secretary</i>
MRS. ROBERT D. STERLING.....	<i>Treasurer</i>
MRS. HAROLD VAN TINE.....	<i>Chairman of the Children's Charity</i>
MRS. ERICSSON F. BUSHNELL.....	<i>Chairman of the Clothing Committee</i>
MRS. ERICSSON F. BUSHNELL.....	<i>Chairman of the Cutting Committee</i>
MRS. KENNETH O. CHISHOLM.....	<i>Chairman of the Nominating Committee</i>

The membership at the end of 1921 was:

Active members.....	32
Associate members.....	26

The usual meetings of the Lenten Sewing Class were held at various houses kindly offered to the class. Eight hundred and three garments were made and donated to the Hospital.

Through the untiring efforts of Mrs. Van Tine, \$356 was contributed to the Hospital through the Children's Charity.

A Bridge party was held at the Hotel Plaza in April. Mrs. Battershall had charge of it and succeeded in raising approximately \$1,500 for the Hospital.

THE BABIES' HOSPITAL

A Rummage Sale was held in November which was not as successful as in the past few years, but raised about \$500 to continue the work of the Committee.

The Endowment Fund of the third Cribside Committee bed was increased in December to \$3864.16.

The Committee has, as usual, supported a bed for the year, contributed \$10 a month toward milk, and \$50 a month toward the nurse's salary, this \$50 to be turned over to the milk fund when convenient to the Board of Managers.

GRACE M. ROBERTS,
Secretary.

THE BABIES' HOSPITAL

REPORT OF THE SUMMER COMMITTEE

How delightful it is to write of pleasant things! This report of the Summer Branch of the Babies' Hospital is one of splendid and efficient work on the part of Staff and Committee, and a happy and successful summer. With Hamersley Cottage, Nurses' Home, Laundry and Infirmary all shining with new paint, with an electric washer installed, with flowers blooming and grass cut, the buildings opened on May 31, Miss Wood as Superintendent, Miss Lily Smith, Assistant Superintendent and Housekeeper, and seventeen nurses under their supervision. Dr. Murray cared for the babies in June, Dr. Craig in July, and Dr. Millan in August, Dr. Mercereau from Long Branch kindly coming as Consultant.

Two hundred and forty-two babies were in our care, and all summer every crib had an occupant; and those who came so frail and weak could usually trot about before departure. The summer being warm and dry, the children lived out-of-doors, in baby carriages, the stronger ones playing in the sand-box or with toys. It was a pretty sight to see this blue gingham flock at dinner, seated at long low tables under the trees. All meals were thus served, and plates and cups were well emptied. How they gained! The improvement in Emphysema cases was wonderful. One, "Little Martin," could not lift a tiny hand as he lay in his carriage all of June; by July he had found his comrades at table, and before his departure, any obstacle in his path was swept aside!

One shadow fell—the loss of one little life—a little girl suffering with severe heart trouble. Love and care were bestowed upon her and her last three short weeks were made happy.

The Committee gave time for weekly visiting, and made possible the "ice-cream treats" twice a week, besides gifts of vegetables and toys. A

"All meals were served at long, low tables, under the trees. And how the kiddies gained!" Oceanic, New Jersey

THE BABIES' HOSPITAL

"Junior Committee" for young girls was of great help, and they were responsible for the Children's Corner at the Fair. Mrs. George Coe graciously offered her home for this occasion and the Fair was held on veranda and grounds on July 12. The sum raised was \$5,543.

We thank all of the Hospital Staff who served so well and faithfully and the many friends for their inspiring interest.

MARY OWEN BORDEN,
Chairman.

THE BABIES' HOSPITAL

THE REUEL B. KIMBALL MEMORIAL FUND

For over twenty-five years Dr. Kimball gave his devoted service to the work of The Hospital. In loving recognition of this, his friends and patients have created a Fund, the income to be used for the "Social Welfare Work."

The amount subscribed is \$51,515, which has been accepted by the Board of Directors, and a bronze tablet has been placed on the wall of the Dispensary to commemorate this act.

MARY OWEN BORDEN,
Chairman.

HOUSE COMMITTEE, monthly, from October to May, both inclusive.

NURSES' COMMITTEE, monthly, from October to May, both inclusive.

SUMMER COMMITTEE, monthly, during June, July, August and September.

MEDICAL BOARD, first Monday in January.

CRIBSIDE COMMITTEE, annual meeting in November.

“In the summer house,” at Oceanic, New Jersey

THE BABIES' HOSPITAL

REPORT OF THE POST-GRADUATE COURSE FOR REGISTERED NURSES

To the Directors and Board of Managers of the Babies' Hospital:

Six Registered Nurses entered the Post-Graduate Course in 1921. Four completed the eight months work; one resigned and one will graduate next year.

It was decided to change the course to six months as many who apply feel they cannot take a longer time, having already spent three years in training.

We continue to have many requests from hospitals for nurses who had our training.

The following received diplomas:

ETHEL G. ALEXANDER, Graduate of Children's Memorial Hospital, Montreal, Canada.

JEAN McCLURE, Graduate of St. Vincent's Hospital, Erie, Pa.

DOROTHY LITTLE, Graduate of Sick Children's Hospital, London, England.

MARY D. HATTON, Graduate of the Union Hospital, Fall River, Mass.

MARY AGNES SMITH,
Superintendent.

THE BABIES' HOSPITAL

REPORT OF THE TRAINING SCHOOL FOR INFANTS' NURSES

To the Directors and Board of Managers of the Babies' Hospital:

There has been a decided improvement in the number of applicants entering the course for Infants' Nurses and it was only in case of illness that we had less than our quota.

We record with regret the death of Hazel White who had almost completed her training.

We sincerely thank Mrs. P. A. Valentine for the Christmas Tree and gifts to two hundred and ten children, also Mrs. Oliver G. Jennings, Miss Graves, Mrs. Kunhardt and Mrs. Talmadge for the gifts to our pupils.

We are grateful to our Physicians for attending the pupils during illness and sincerely thank the Resident Physician for lectures delivered.

The service given by our pupils has been well maintained and the work in the Diet Kitchen efficient.

The following Infants' Nurses graduated in 1921:

ELLEN ARNOLD	MARTHA EDGREN	AGNES KEEGAN
LOUISE BOCHMAN	BEATRICE FRAIN	MARY McKENNA
ELIZABETH BAGNOR	AGNES GIBBONS	HATTIE MEISSNER
EILEEN BRYAN	ANNA HINCILLIFFE	CORINNE NORDQUIST
HARRIET CHAPEL	CLARA JOHNSON	MARY ROWLAND
GERTRUDE CONNIFF	SARAH JOHNSON	LUCIENNE RATQRAS
ANNETTE COPIN	ANNA JONES	ADDIE RICHARDS
PRUDENCE CURREIA	CECELIA KENNY	FLORENCE SEAMAN
		MARY AGNES SMITH, <i>Superintendent.</i>

Three by Dudley D. Sicher, known as the "William David Sicher Cribs."

One by Sigmond Saxe, "In honor of Constance Saxe Cohen."

One by Mrs. Harry Goodwin, known as "Jesse Charles Goodwin Crib."

One by Miss Mildred Sawyer.

THE BABIES' HOSPITAL

THE CHILDREN'S CHARITY

The Children's Charity is made up of those children who are interested in the work of the Hospital, and want to help it along.

\$357.00, acknowledged in the list of contributions, the result of the work this year, was given by the members whose names are noted on the following pages.

The subscription is One Dollar a year.

Life Memberships, \$10.

A Membership card is sent each year when the dues are received, and every member's name is published in the Year Book of the Hospital.

Five Kinds of People who Join the Children's Charity

- I. Big boys and girls, who want to help the sick babies.
- II. Children who have come safely through an illness—to show their thankfulness.
- III. Brand new babies—to celebrate their arrival.
- IV. Grown-ups in the name of some child they love, or the child they once were themselves.
- V. In memory of children who have died—to do the good they were not spared to do.

Send your dues, with name and address to

MRS. HAROLD VAN TINE,
45 West 52nd Street,
New York City.

Make checks payable to THE BABIES' HOSPITAL.

FOR THE YEAR ENDING DECEMBER 31, 1922

INCORPORATED 1887

HOSPITAL, LEXINGTON AVENUE AND 55TH STREET
SUMMER BRANCH, RUMSON, NEW JERSEY

NEW YORK

THE BABIES' HOSPITAL

SEVEN FACTS OF INTEREST

THE BABIES' HOSPITAL for over thirty-four years has been getting results in making babies better, and is still the only Hospital of its kind in New York City.

THE BABIES' HOSPITAL has a Training School for Infants' Nurses, has graduated 935 pupils, and offers a six months' Post-Graduate course to Graduate Nurses. These nurses have helped the babies grow strong through careful feeding and the application of our doctrine of "Sunshine, Sleep and Soap."

THE BABIES' HOSPITAL offers facilities in its Out-Patient Department for the treatment of poor babies, and has contributed its very large share to better health and happiness.

THE BABIES' HOSPITAL operates a Summer Branch at Rumson, New Jersey, where much has been done for little children by fresh air, sunshine and kindness.

THE BABIES' HOSPITAL has for twenty years provided lectures to the Fourth year students of the College of Physicians and Surgeons. Young physicians are here given unusual opportunities for practical study of difficult and unusual cases of disease in young children at first hand.

THE BABIES' HOSPITAL has admitted 30,538 babies. It was a struggle for existence with most of them and skillful nursing has saved many.

THE BABIES' HOSPITAL employs Visiting Nurses to follow up hospital treatment after the baby has left the wards, and to keep the essential things before the mind of the mother.

THE BABIES' HOSPITAL

REPORT TO DIRECTORS

To the Directors of The Babies' Hospital:

Owing to the general favorable health conditions existing in New York during 1922, the demands on the Hospital have not been as great as last year, the total Hospital days being 19,892 as compared with 21,786 for 1921.

The Dispensary service has, on the other hand, increased from 18,978 in 1921 to 20,100 in 1922. This increase has handicapped the work, as this Department was already congested, and brings to us the problem of overcrowding, which we must solve in the near future to enable the Hospital to properly take care of the demands that are increasingly being made.

The Rockefeller Institute has maintained for many years in our Hospital a special research laboratory, the work of which has now been completed, and we have been notified that its personnel would be withdrawn. Just at this time we have been able to equip and establish a chemical laboratory through the generous gift of \$5,000 by one of our friends, which will maintain the Laboratory for three years, and by the gift of the apparatus used by the Rockefeller Institute in their research work here. Our doctors will be greatly assisted in their treatment of the babies entrusted to us by the facilities of the Chemical Laboratory, as well as the Pathological and X-ray laboratories.

We have received for the Permanent Fund during the year the following gifts:

Legacy under will of Mrs. Annie F. Hyde	\$15,000
Cribside Committee, in memory of Sarah Elizabeth Williams	5,000
Mr. Simon Guggenheim, in memory of his son, John S. Guggenheim	5,000
Mrs. Stafford McLean to the endowment fund of the Dispensary	1,000

THE BABIES' HOSPITAL

By the receipt of a gift of \$2,000 from Mrs. Henry G. Bartol, we have been able to equip an X-ray laboratory this year, and this has already proven to be of the greatest value to the doctors in their work.

We desire to register again our deep appreciation of the many years' devotion of Mrs. John J. Knox, in whose death on August 15, 1922, the Hospital lost one of its warmest as well as oldest friends. Mrs. Knox was in 1891 a member of the Reception Committee and a manager of the Summer Hospital. In 1895 she became a member of the Board of Directors and president of the Board of Lady Managers. Ever since that time she had the welfare of the Hospital at heart and gave constantly of her time and money in furthering its interests.

We cannot accomplish the work of the Hospital without the co-operation of the various sub-committees of the board and we desire to thank them for their constant assistance in helping in the past year's service. This also applies to the physicians, nurses and all those who work in the Hospital, both in the city and at Rumson, New Jersey, for only by their spirit of devotion can the work of healing of the babies be accomplished and thus maintain the right for the Hospital's existence.

JOHN SHERMAN HOYT,
President.

CARLL TUCKER,
Secretary.

THE BABIES' HOSPITAL

MEDICAL REPORT

To the Directors and Board of Managers:

The year just closed, which has marked the thirty-fourth of the Hospital's existence, has been characterized by no outstanding features. The work in all its departments has gone forward with a smoothness which has been gratifying.

A summary of the year's work as compared with the previous year is shown in the following table:

	1921	1922
Patients treated in the wards.....	1,641	1,755
Days of Hospital treatment.....	21,786	19,892
New out-patients.....	4,956	4,882
Total out-patient visits.....	18,978	20,100
Children sent to Country Branch at Rumson	251	243

As a whole the year 1922 has been an exceptionally healthy one for children, the autumn months particularly so. Our heaviest months are not now as formerly July and August, but January, February and March. The proportion of patients admitted to the wards for different conditions in the last twenty years is shown in the following table:

PERCENTAGE OF TOTAL ADMISSIONS FOR FIVE-YEAR-PERIODS COMPARED WITH THE PAST YEAR

<i>Disease</i>	1903-07	1908-12	1913-17	1922
Acute pneumonia.....	13.0%	17.0%	16.0%	13.3%
Acute intestinal disease.....	29.0 "	31.0 "	25.0 "	9.2 "
Marasmus and feeding cases.....	27.0 "	24.0 "	18.0 "	13.7 "
Tuberculosis (all forms).....	4.4 "	3.3 "	2.9 "	3.9 "
Acute meningitis.....	2.3 "	4.6 "	4.0 "	3.0 "
Prematurity.....	0.1 "	3.5 "	2.5 "	2.2 "
Surgical operations.....	7.9 "	11.1 "	20.6 "	28.0 "
Pyloric stenosis.....	0.0 "	0.1 "	0.5 "	3.1 "
Empyema.....	1.3 "	2.0 "	2.1 "	2.8 "

THE BABIES' HOSPITAL

Acute pneumonia shows little change in relative frequency.

There is a great reduction in the proportion of intestinal disease and in marasmus and feeding cases.

There is no marked change in the proportion of cases of tuberculosis, of acute meningitis or of prematurity.

There is a very great increase in the surgical operations in cases of pyloric stenosis and in those of empyema.

This change in the incidence of disease among small children is very interesting. It shows that with better knowledge of infant feeding, cleaner milk, the pasteurization of milk and more intelligent infant hygiene and care, the problem of the digestive disorders of infants and of marasmus is on the way to a solution.

However, in the acute respiratory diseases which make up the bulk of our admissions in the late winter and spring months no reduction is seen. The latter are less amenable to measures of prevention. Since overcrowding and contagion are such important causative factors, it is not likely that we can look forward, certainly not in the near future, to any improvement; rather do all present indications point to an increase in these diseases in our crowded city.

A steady increase in the surgical work of the Hospital has been seen in the last few years. While much of this is of the character of minor surgery, during the past year a considerable number of serious operations have been done with most satisfactory results, e.g., 45 operations for pyloric stenosis with 37 recoveries; 6 for appendicitis with 5 recoveries; 10 for intussusception with 9 recoveries. A special branch of surgery, viz., the surgery of infancy is developing rapidly with the experience in our wards. Drs. Downes and Bolling have given a large amount of time to this part of our work. The satisfactory results of major operations have been due not only to operative technique but to the after-care of infants operated upon; the latter not always what it should be in a large general hospital.

Beginning last April a 100 per cent increase in the charges in the Dis-

THE BABIES' HOSPITAL

pensary for registration and subsequent visits was made, but this has had practically no effect upon the attendance, although it has materially added to the income of the Hospital, wiping out a deficit in this department.

The X-ray equipment has been installed for nearly nine months and has proven of the greatest possible value. The type which we have is a new one, and the character of the work done has been most satisfactory; this small plant giving results equal to those obtained in the largest X-ray laboratories in the city.

The teaching of students from the Columbia Medical School was resumed at the beginning of the college year and has been regularly continued to date.

The research chemical work which has been carried on in the Hospital, under a grant from the Rockefeller Institute, for the past twelve years was completed and the grant discontinued on December 31st. The Directors of the Institute have very generously donated the supplies on hand and equipment which has been installed, to the chemical laboratory of the Hospital.

Through the generosity of Mrs. Oliver G. Jennings the future of a chemical laboratory is assured. The work which will be undertaken under the new auspices will be closely connected with the clinical work of the Hospital and will be of great practical importance.

Changes in the treatment of diseases of children have been very marked in recent years and some of the newer measures have been proven to be of the greatest value. The use of drugs in the control both of acute and chronic disease has been largely dispensed with. The therapeutic agencies, in addition to careful feeding, upon which we have come to rely very extensively, particularly with these small patients, are four:

First, *transfusion*, which is in almost daily use at the Hospital, not only for those who have lost blood before admission, but in many other cases, particularly in severe types of infection.

Second, *hypodermoclysis*, or the injection of salt solutions under the skin.

*Margaret U. weighed two pounds, thirteen ounces when she came to us at nine days of age.
She has trebled her weight in three months and a half.*

THE BABIES' HOSPITAL

This has been especially useful in cases of acute prostration after operations and particularly in all of the acute intestinal conditions, and in many others of collapse where it is for the time being impossible to administer fluids either by the stomach or the bowel. The great value of this mode of treatment is demonstrated in our experience every day, and it is one of the things which we would find it very difficult to get along without. In the intestinal cases particularly many of the most important symptoms are due to the rapid withdrawal of fluid and salts from the blood. From five to ten ounces (150 to 300 cc.) are given daily, sometimes twice a day, to infants of ten or twelve pounds weight with most gratifying results. This for the time takes the place of food and carries patients over many critical periods.

Third, *cod-liver oil*, the importance of which all have come to recognize in the prevention of rickets. We have found it especially advantageous as an addition to the food of feeble, very young and premature infants. For the latter very small doses are quite sufficient. In the beginning four or five drops a day are administered, this amount being gradually increased up to a maximum of twenty to thirty drops a day.

Fourth, *sunlight*. The great value of this has been shown particularly in our chronic pulmonary cases at Oceanic, but we are using it more and more in the wards of the city Hospital in the winter whenever it is available.

I wish to bear testimony to the excellent work of the House Staff and also of those who have served so faithfully in the Out-Patient Department.

L. EMMETT HOLT, M.D.

THE BABIES' HOSPITAL

STATISTICAL REPORT OF MEDICAL AND SURGICAL WORK

JANUARY 1, 1922, TO JANUARY 1, 1923

Patients remaining January 1, 1922	37	
Patients admitted from January 1, 1922, to January 1, 1923	1,718	
		<hr/>
Total treated in wards		1,755

REPORT OF THE SOCIAL SERVICE AND VISITING NURSE COMMITTEE

MRS. ERNEST R. ADEE, *Chairman*

MRS. DEXTER BLAGDEN

MRS. HENRY I. RIKER

MRS. JOHN B. CORNELL

MRS. JOHN E. ROUSMANIERE

MRS. EDWARD VAN INGEN

MRS. ERNEST G. STILLMAN

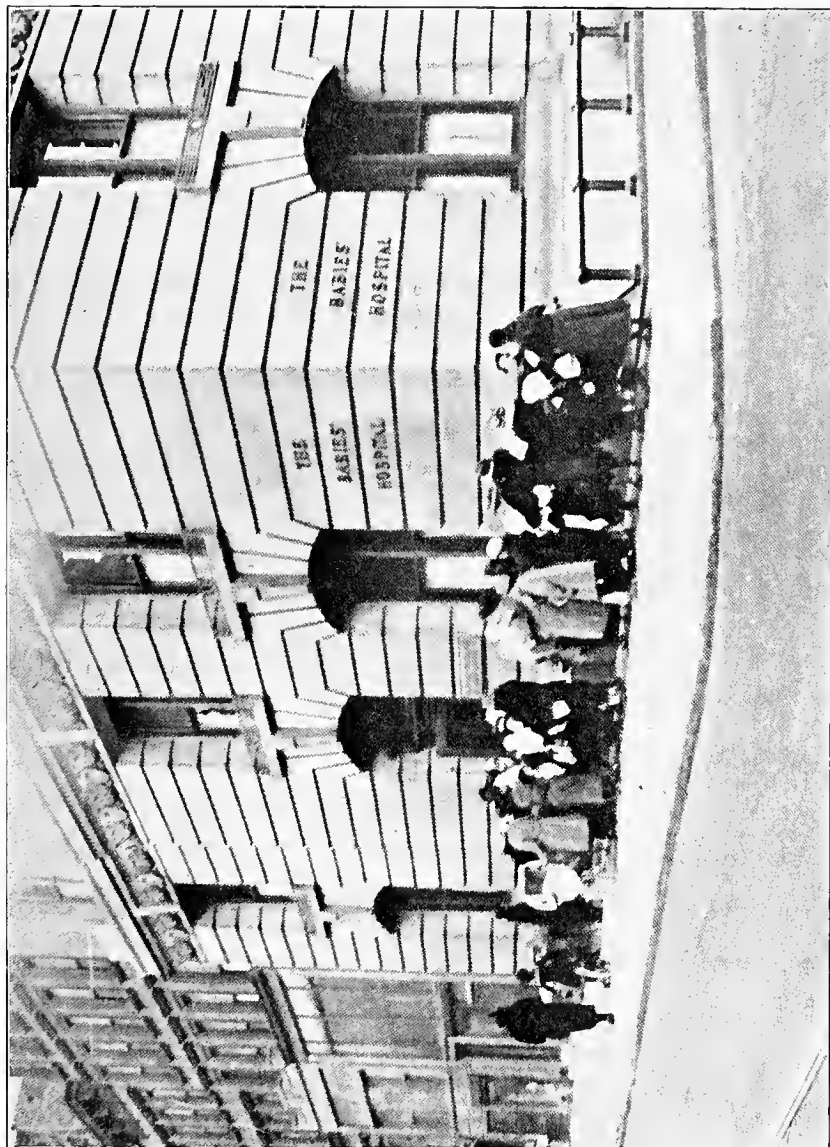

MRS. JERE R. WICKWIRE

The work of the Out-Patient Department increases every year and the time is fast approaching when some provision must be made to give us more room. Any one who has dropped in on a busy afternoon must feel that this is almost the most important work that the Hospital does and that the rooms, suitable as they were for the former attendance, cannot properly afford the present number of patients place even to sit down while waiting; or the doctors rooms enough for their consultations and examinations.

Miss Sawyer's increased experience and knowledge of the social service facilities of the city have resulted in greater co-operation and help from other child welfare organizations, especially the Social Service Exchange, which enables us to learn what other organizations are doing for our particular cases. We have also arranged for country care for a number of Dispensary and Hospital cases and almost all these children have shown marked improvement. We are particularly indebted to the Babies' Welfare Federation whose clearing house we have used continuously, and to those Catholic charities which, through Miss Donnelly's efforts, have been brought in contact with our Catholic children.

Miss Wallin and Miss Donnelly have made more visits than ever before, more money has been expended for milk and relief, and more clothing has been received and distributed.

At Christmas, through the kindness of the managers of the Hippodrome and the Commissioner of Public Welfare, we were able to take one hundred children to see "Better Times," which they enjoyed hugely.

Overflow of Patients waiting to enter our crowded Out-Patient Department

THE BABIES' HOSPITAL

Pensions were secured for 15 widows under the Widows' Pension Act. This enables them to care for their children at home instead of boarding them in institutions.

REPORT OF VISITING NURSES

JANUARY 1, 1922, TO JANUARY 1, 1923

Receipts

Balance December 31, 1921	\$56.56
Cribside Committee for milk for Dispensary babies	120.00
Mrs. Takamine for milk for Dispensary babies	130.00
The Babies Hospital for relief dispensed by Visiting Nurse	720.00
	<hr/> \$1,026.56

Disbursements

Milk	\$842.73
Food	134.00
Clothing	18.00
Rent	6.00
Board	8.00
Medicine	4.75
X-Ray	2.00
Car fare for patients	5.45
Balance on hand, December 31, 1922	5.63
	<hr/> \$1,026.56
Total number of calls	3,079
Total number of patients visited at home	1,645
Number of new cases	669

Christmas dinners were sent to 24 of the neediest Dispensary families; \$87 was contributed for this purpose by our Managers and friends.

Our thanks are especially due to Mrs. Takamine and the Cribside Committee, whose monthly contributions for milk are of inestimable value. Probably no one thing that we do produces better results, or is more helpful to our ailing babies.

GERALDINE F. ADEE,
Chairman.

THE BABIES' HOSPITAL

REPORT OF THE CRIBSIDE COMMITTEE

During the winter of 1922, the Cribside Committee held its regular meetings at the Hospital, at twelve o'clock, on the first Wednesday of every month, from December to June.

At the December, 1921, meeting the following officers were unanimously elected to serve during 1922:

MISS FRANCES L. HOWLAND.....	<i>Chairman</i>
MRS. FREDERIC S. BATTERSHALL.....	<i>Vice-Chairman</i>
MRS. GEORGE ROBERTS.....	<i>Secretary</i>
MRS. ROBERT D. STERLING.....	<i>Treasurer</i>
MISS DOROTHY CLARKSON...	<i>Chairman of Cutting and Clothing Committee</i>
MRS. HAROLD VAN TINE.....	<i>Chairman of the Children's Charity</i>
MRS. KENNETH CHISHOLM.....	<i>Chairman of Nominating Committee</i>
MISS MARY ST. JOHN MAIRS.....	<i>Chairman of Sewing Class</i>

At the December, 1922, meeting the following officers and chairmen were elected:

MRS. CARL O. M. SPRAGUE.....	<i>Chairman</i>
MRS. FREDERIC S. BATTERSHALL.....	<i>Vice-Chairman</i>
MRS. GEORGE ROBERTS.....	<i>Secretary</i>
MRS. ROBERT D. STERLING.....	<i>Treasurer</i>
MISS LESLIE SCHOONMAKER..	<i>Chairman of Cutting and Clothing Committee</i>
MRS. HAROLD VAN TINE.....	<i>Chairman of the Children's Charity</i>
MRS. HENRY WYCKOFF BROWER.	<i>Vice-Chairman of the Children's Charity</i>
MRS. JOHN MARSH.....	<i>Chairman of Nominating Committee</i>
MRS. JOSEPH R. RAMÉE.....	<i>Chairman of Sewing Class</i>

The membership at the end of 1922 was:

Active members.....	40
Associate members.....	19

B. R., ready to leave the Hospital. She weighed two pounds and a half when she arrived, and didn't have an ounce of fat on her body. She goes home weighing seven pounds, five ounces.

THE BABIES' HOSPITAL

The usual meetings of the Lenten Sewing Class were held at various houses kindly offered to the class. It is estimated that at least 500 garments were made and donated to the Hospital.

A Rummage Sale was held in November which was successful in raising money to continue the work of the Committee.

In January, the Cribside Committee decided to take part, with five other charitable organizations, in the maintenance of a Thrift Shop, at 913 Eighth Avenue. \$2,400 will have been received as our share of the profits by January 1, 1923. The Committee has voted to continue this work for another year.

Through the untiring efforts of Mrs. Van Tine, \$236 was contributed to the Hospital by the members of the Children's Charity.

The Endowment Fund completed the \$5,000 necessary to endow the third Cribside Committee bed, which was given in memory of Miss Sarah Elizabeth Williams.

The Committee, as usual, paid \$250 toward the support of a bed for the year, and paid half the salary of the Social Service Superintendent, and \$10 a month for milk for the Dispensary babies.

GRACE M. ROBERTS,
Secretary.

THE BABIES' HOSPITAL

REPORT OF THE SUMMER COMMITTEE

The yellow buildings of the Summer Branch began to show signs of waking up after their long quiet winter; the latter part of May windows opened and a general stir of housecleaning, with Miss Wood and Miss Gray in command, stimulated by visits from Miss Smith.

On May 31st, the bus arrived with the first admissions, and from then to August 25th arrivals and departures followed weekly, and 243 babies came to the Summer Branch for health and new strength, and our disappointments in that hope were few, we are happy to say.

The improvement in the twenty empyema cases was our special pride. One, little Molly, had been such a sufferer—double empyema and a case of measles as well. She remained nearly all summer gaining health, and she and her tiny sister, Clara, were great pets. Clara, our “Song bird,” though faint the “tune,” the shining eyes and ecstatic smile were the charm. Sylvia, an appendicitis case, an extremely nervous little child, who, when put to bed, flung everything out of her crib on to the floor—this was done over and over. But she greatly improved, to every one's joy, with a gain of almost seven pounds. These are just two of many interesting cases.

In June the plans of meeting our expenses were under discussion, and a fund to be raised by subscription was decided on. The delightful answer to this was the sum of \$4,560.

It was such a pleasure to have a visit from the president of the Board of Managers, whose enthusiasm gave us greater encouragement.

The Committee decided to spend considerable for new equipment, and the following purchases were made: 55 new hair mattresses; rubber sheeting to cover same; new cutlery for nurses' and maids' tables; new sheets and pillow slips; 1 electric washing machine; 6 “Kumfy Cribs,” and a gift of 6 more from Mrs. Carl Tucker, and one from Mrs. Thomas Vietor, were of

THE BABIES' HOSPITAL

great advantage to the small children as they were completely screened, and added a new picture under the trees.

The Junior Committee gave sweaters and rompers, and ice-cream treats came weekly, also vegetables, books and toys from the Committee.

Our interns were: Dr. L. Emmett Holt, Jr., June; Dr. George R. Bader, July; Dr. Bruce Chown and Dr. Charles Peckham, August and September.

But the shadow that fell upon the Hospital touched just as deeply the Summer Branch. The death of our very loved Mrs. John Jay Knox saddened the community. Her summers were lived near the Summer Branch of the Babies' Hospital, and to the Summer Committee her wisdom and clear vision have ever been a staff to lean upon.

In this report let me express the appreciation of the Summer Committee to all who served so faithfully in the work of 1922.

MARY OWEN BORDEN,
Chairman.

THE BABIES' HOSPITAL

GENERAL RULES

- 1.—The beds of the Hospital are free to the needy poor. Others are charged according to their means.
- 2.—Sick children under three years of age are admitted, excepting those suffering from contagious diseases.
- 3.—Applications for admission should be made at the Hospital during the day, from 9 to 5, although emergency cases are received at any time.
- 4.—The Out-Patient Department is open daily throughout the year, from 2 to 3 P. M., excepting on Sundays and holidays.
- 5.—Visiting day, for friends of patients, is Friday, from 11 A. M. to 3 P. M.
- 6.—Visitors to the Hospital are welcome any afternoon, between 3 and 5.

NURSES' COMMITTEE, monthly, from October to May, both inclusive.

SUMMER COMMITTEE, monthly, during June, July, August and September.

MEDICAL BOARD, first Monday in January.

CRIBSIDE COMMITTEE, annual meeting in December.

THE BABIES' HOSPITAL

REPORT OF THE POST-GRADUATE COURSE FOR REGISTERED NURSES

To the Directors and Board of Managers of The Babies' Hospital:

We continue to give a six months' course of instruction in Pediatrics to graduate nurses, and have had capable applicants. During the year six graduate nurses entered the course of training; three completed the service, and the remaining three will graduate next year.

There is always a demand from our attending physicians and surgeons for nurses who have had this Pediatric service, and we can promise continuous work for those desiring the nursing of young children.

The following received diplomas:

MARGARET MAY JONES,
Graduate of Victoria Hospital,
London, Canada.

KITTIE E. HORSELL,
Graduate of Hospital for Sick Children,
Great Ormond Street, London, England.

EDITH CONRAD,
Graduate of Montreal General Hospital,
Montreal, Canada.

MARY AGNES SMITH,
Superintendent.

THE BABIES' HOSPITAL

REPORT OF THE TRAINING SCHOOL FOR INFANTS' NURSES

To the Directors and Board of Managers of The Babies' Hospital:

There has been an improvement in the number of applicants in 1922 in the Training School, and during the year 32 graduated as compared with 24 in 1921.

We are grateful to our resident physicians for lecturing to the pupils, and also for their attendance in illness.

The Christmas tree, with its gifts of toys and candy, donated by Mrs. P. A. Valentine, was again a great interest to the entire Staff and Board of Managers. Two hundred and twenty children, from our Out-Patient Department, and former patients of the Hospital and Summer Branch, were made happy with their gifts, and our physicians were interested in recording the improvement in many patients who had recovered from serious illnesses.

The pupils were remembered by Mrs. Jennings with Christmas gifts, and also by Miss Graves, Mrs. Kunhardt and Mrs. Talmage with candy.

The following infants' nurses graduated in 1922:

HILDA BLAIR	LILY FITZGERALD	ROSE MEEHAN
EMMA CAMIDGE	THERESA FRABIZIO	ANGELA NIEDERRITER
MARIA CANNING	JEAN A. HUTCHINSON	CATHERINE NOVAJOSKY
MOLLY CONCAGH	SARAH JORDAN	NELLIE O'HARE
MARY CUMMINGS	RUTH LEONARD	ANNA PHILLIPS
EVA DEANE	ANNA LONG	HELEN REEVES
EMMA DEGENHARDT	ROSE ANN MAWN	MARIE SIANI
NELLIE DOOLAN	BRIDGET MCCABE	ANNA SULLIVAN
KATHERINE DOWNING	BELLA MCGURK	MARGARET TAYLOR
EMILY EDWARDS	BRIDIE MCINERNEY	ANNA WILLIAMSON
SADIE FASH	BEATRICE MCSWEENEY	

MARY AGNES SMITH,
Superintendent.

THE BABIES' HOSPITAL

CRIBS FURNISHED

Twenty-five dollars will furnish a crib for one year

Two furnished in perpetuity by gift in May, 1917, of \$1,000 under the Will of Mary Isabel Reese, widow of Brigadier-General Chauncy B. Reese, in memory of her only grandchildren, the little daughters of John and Sarah Brewerton Reese Jolly:

Sarah Brewerton Jolly, born Dec. 19, 1905; died Aug. 18, 1910.

Mary Courtenay Jolly, born Dec. 25, 1907; died March 25, 1914.

One by Mrs. Eben E. Olcott, the "Erskine Crib."

One by Mrs. Swen A. Swenson, "in memory of Mary Margreta."

One by Mrs. William T. Schley.

One by Walter Scott, the "Mrs. Walter Scott Crib."

One by Mrs. Arthur Lehman, the "Frances Lehman Crib."

Three by Mrs. Olney B. Mairs, the "Margorie," "Boy Blue" and "Constance" cribs.

Two the "Ethelwyn Fox Morrison Cribs."

One by Miss Mildred Sawyer, the "Eleanor Crib."

One by Mrs. Edward A. Le Roy, the "Louisa Crib," in memory of her mother.

One—Anonymous.

Two by the Hamlet Aquatic Club.

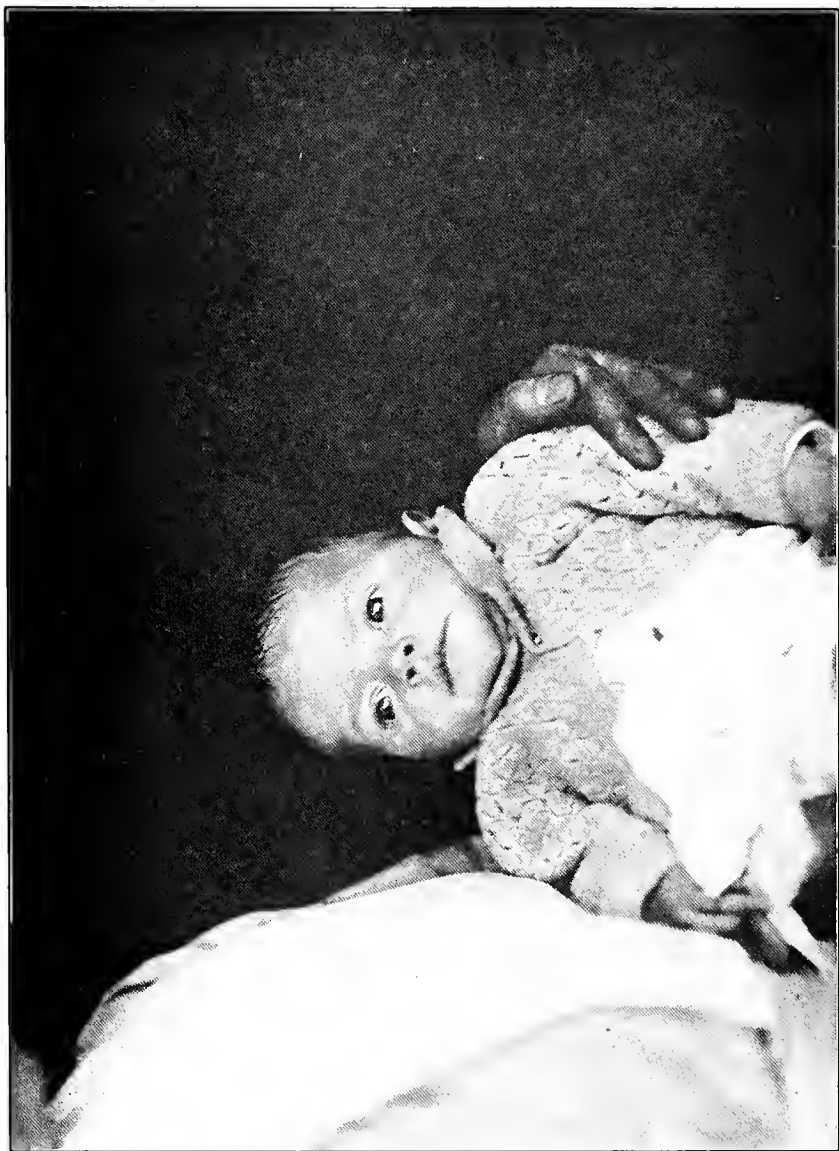

Three by Mrs. Louis W. Dommerich.

One by Mrs. John B. Calvert, the "Mary Duke Mairs Crib."

Three by Dudley D. Sicher, the "William David Sicher Cribs."

One by Sigmund Saxe, "in honor of Constance S. and Anne Gray Cohen."

One by Mrs. Harry Goodwin, the "Jesse Charles Goodwin Crib."

Sarah D., a successful premature baby.

THE BABIES' HOSPITAL

THE CHILDREN'S CHARITY

The Children's Charity is made up of those children who are interested in the work of the Hospital, and want to help it along.

\$236, acknowledged in the list of contributions, the result of the work this year, was given by the members whose names appear on the following pages.

The subscription is One Dollar a year.

Sustaining Memberships, \$5.

Life Memberships, \$20.

A Membership card is sent each year when the dues are received, and every member's name is published in the Year Book of the Hospital.

Five Kinds of People who Join the Children's Charity

- I. Big boys and girls, who want to help the sick babies.
- II. Children who have come safely through an illness—to show their thankfulness.
- III. Brand new babies—to celebrate their arrival.
- IV. Grown-ups in the name of some child they love, or the child they once were themselves.
- V. In memory of children who have died—to do the good they were not spared to do.

Send your dues, with name and address to

MRS. HAROLD VAN TINE,
45 West 52nd Street,
New York City.

Make checks payable to THE BABIES' HOSPITAL.

In Memoriam

DR. L. EMMETT HOLT

Died January 14, 1924

Most noble and lasting structures owe their existence to the accumulated efforts of many men, or of many generations of men, each adding something to the purpose until it is completed.

But the Babies' Hospital was conceived in one man's mind, and was carried out by one man's labors, and in a peculiar sense, therefore, owes its birth, its continued successful existence, and its great promise of permanence to Dr. Holt.

His deep sense of the helplessness and unprotectedness of the first few years of life was the mainspring of all the motives and accomplishments of his long and active professional career. His keen sympathy with suffering, and his ready understanding, combined with unusual common sense, made him not only helpful but pleasant and easy to work with.

As a diagnostician, as a therapist, as a research student, and as a teacher; in all of these fields he was supreme, and his clarity of exposition and his simplicity and directness of style, made him the beloved preceptor, not only of his students and of the medical profession generally, but of the whole world of good mothers, for his books on children are read all over the globe.

And so, mindful of these rare and lovable qualities, and mindful of all that he did for this Institution, and all that he did for humanity in the creation of it, and mindful of all that we and our undertaking have lost in his death,

THE SOCIETY OF THE BABIES' HOSPITAL OF THE CITY OF NEW YORK, overcome by a sense of public and personal bereavement in the death of

DR. L. EMMETT HOLT,

RESOLVES that this minute be spread upon its records and that a copy of it be sent to his family.

(Extract from Minutes of Meeting of the Society of the Babies' Hospital January 15, 1924.)

THE BABIES HOSPITAL

SEVEN FACTS OF INTEREST

THE BABIES' HOSPITAL for over thirty-five years has been getting results in making babies better, and is still the only Hospital of its kind in New York City.

THE BABIES' HOSPITAL has a Training School for Infants' Nurses, has graduated 964 pupils, and offers a six months' Post-Graduate course to Graduate Nurses. These nurses have helped the babies grow strong through careful feeding and the application of our doctrine of "Sunshine, Sleep and Soap."

THE BABIES' HOSPITAL offers facilities in its Out-Patient Department for the treatment of poor babies, and has contributed its very large share to better health and happiness. In 1923, it received 17,879 visits from babies.

THE BABIES' HOSPITAL operates a Summer Branch at Rumson, New Jersey, where much has been done for little children by fresh air, sunshine and kindness.

THE BABIES' HOSPITAL has for twenty-one years provided lectures to the Fourth year students of the College of Physicians and Surgeons. Young physicians are here given unusual opportunities for practical study of difficult and unusual cases of disease in young children at first hand.

THE BABIES' HOSPITAL has admitted 32,300 babies. It was a struggle for existence with most of them and skillful nursing has saved many.

THE BABIES' HOSPITAL employs Visiting Nurses to follow up hospital treatment after the baby has left the wards, and to keep the essential things before the mind of the mother.

THE BABIES HOSPITAL

REPORT TO DIRECTORS

To the Directors of The Babies' Hospital:

Any report on the Babies' Hospital, on any of the departments, or, in fact, on health conditions of babies from any standpoint, has been, ever since the beginning of the Hospital, intimately connected with one man who, during our whole existence, has given himself, year after year, wholeheartedly to produce what our Hospital stands for.

Consequently in Dr. Holt's death we, who have been privileged to work with him, realize to the utmost the loss to the Hospital, the babies and the welfare of children the world over.

Ever since the Hospital was founded Dr. Holt was a Director and the Physician-in-Chief of our Medical Board and as such was most responsible for the development of the Hospital, and what the Babies' Hospital of the future will be will depend on how carefully we carry on the principles for which we have stood in the past.

Owing to the active coöperation of all the sub-committees of the Board, the work has been carried on satisfactorily through the whole-hearted spirit shown by the physicians, nurses and all who work in the Hospital, — a spirit of service to those in trouble who come to us for help.

We are very thankful to report the following additions to our Permanent Fund during 1923:

Mr. and Mrs. Herman Armour Nichols, in memory of Marie Louise Nichols, \$5,000 U. S. 4th Liberty 4 $\frac{1}{4}$ % bonds.

Mrs. Stafford McLean, \$1,000 to the endowment fund of the Dispensary.

Mr. Harold F. McCormick, donation of \$100 through Dr. Holt.

THE BABIES HOSPITAL

We also wish to acknowledge the very generous gift of \$10,000 for the maintenance of the Pathological Laboratory by Dr. Ernest G. Stillman.

The Dispensary continues to be overcrowded, but is nevertheless doing an increasing work of inestimable benefit.

JOHN SHERMAN HOYT,
President.

CARLL TUCKER,
Secretary.

THE BABIES HOSPITAL

MEDICAL REPORT

To the Directors and Board of Managers:

The death of Dr. Holt in Pekin, China, on January 14, 1924, has meant to the Medical Staff of the Hospital a peculiarly deep and personal sorrow and a loss impossible to estimate.

For thirty-five years his was the guiding spirit of the institution.

Dr. Howland has well said, "The medical studies that emanated from it gave to the Hospital a world-wide reputation." Most of this work was Dr. Holt's. The other workers were inspired and aided by him.

It is difficult to visualize the future of the Hospital without him.

He had so organized the work, especially in preparation for a prolonged absence in the Orient, that the activities of the Hospital have continued much as usual.

This has been due not only to Dr. Holt's thoughtful preparation, but also to the fine spirit of coöperation of the entire personnel of the institution, both executive and medical, in-patient, and dispensary.

The most noteworthy feature of the statistical medical report is the remarkably low mortalities in the cases of congenital pyloric stenosis. During the year there were forty-four cases with operation, and but two deaths. This is a mortality of but four and one half per cent. The average over a number of years has been nearly eighteen per cent.

The probable explanation of this is the putting into effect, measures to improve the condition of those patients admitted in such a state that they have not heretofore survived. The chief of these has been blood transfusion. This has sometimes been done twice before operation. The result has been that many of the type that previously died have left the Hospital at the usual time in excellent condition.

THE BABIES HOSPITAL

The most recent addition to our equipment has been a mercury vapor quartz lamp, often known as an "Alpine lamp." This is for treating certain cases with artificial sunlight.

In other institutions it has been used with much success in many diseases, notably surgical and abdominal tuberculosis. It also seems, when used properly over the entire body of undernourished children, to improve the general condition, much as does exposure to sunlight on the beaches, in summer.

We are more and more feeling the need of additional room. This is most markedly shown in the cramped quarters of our operating room and in the overcrowded condition of our Dispensary.

It is astonishing as well as gratifying that in spite of the handicaps the work done remains of such an high order.

N. R. NORTON, M.D.

THE BABIES HOSPITAL

STATISTICAL REPORT OF MEDICAL AND SURGICAL WORK

JANUARY 1, 1923, TO JANUARY 1, 1924

Patients remaining January 1, 1923.....	46	
Patients admitted from January 1, 1923, to January 1, 1924.....	1,762

THE BABIES HOSPITAL

REPORT OF THE SOCIAL SERVICE AND VISITING NURSE COMMITTEE

MRS. ERNEST R. ADEE, *Chairman*

MRS. DEXTER BLAGDEN

MRS. ERNEST G. STILLMAN

MRS. HENRY I. RIKER

MRS. EDWARD VAN INGEN

MRS. JOHN E. ROUSMANIERE

MRS. JERE R. WICKWIRE

The Out-Patient Department continues to carry on its good work, though still greatly handicapped through lack of space. The casual visitor at any of our afternoon clinics will have this fact brought strikingly to his attention.

Miss Wallin and Miss Donnelly continue to give very efficient service in the Dispensary, and also follow up the care of the children in their homes.

Miss Sawyer still gives most valuable service in the Social Service Department, and tries to coöperate in every way with existing agencies in the city. The Social Service Exchange is of the greatest assistance in finding out what help our families have already received, and the Children's Welfare Federation is also a valuable source of information of all kinds.

During the past year many of the Hospital and Dispensary children have been boarded in the country with successful results. Temporary shelter has also been found for babies when their mothers were obliged to go to a hospital for treatment.

The Children's Charity, a sub-committee of the Cribside Committee, has given the Social Service Department funds for emergency cases amounting to \$395, and the Needlework Guild has generously sent one hundred garments to be used in the Out-Patient Department.

Through the generosity of the Rivoli Theatre two hundred children were given a Christmas party, and through the Children's Charity fifty more children were given a similar treat at the Capitol Theatre.

A generous contribution of \$86 from the Managers enabled Miss Wallin and Miss Donnelly to send Christmas dinners to twenty-four of our neediest families.

THE BABIES HOSPITAL

Through Mr. Augustus F. Groll we received fifty tickets for Christmas baskets, toys and clothing from the "Thursday Nighters."

The League of Catholic Women contributed twenty-two layettes, containing five hundred and twenty-eight articles and four hundred and forty-one garments for older children.

Dr. and Mrs. Stafford McLean outfitted ten families for Seton Hospital.

The Emergency Tuberculosis Relief Committee outfitted thirty families for Otisville, and provided 100 trips to Coney Island.

Through the Child Welfare Committee (Widows' Pensions) we obtained pensions for sixteen widows and increased pensions for five widows. Through this Committee there were four adoptions, and fifty theatre tickets and eighty boat trips were given.

The Mayor's Committee of Women supplied milk, ice and coal to seventy families, and gave three hundred boat trips.

Miss Tulleman, the Save-a-Home Fund, paid twelve rents.

The Free Shoe Fund contributed seventy pairs of shoes.

Mrs. Takamine and the Cribside Committee continue to act as fairy godmothers in the way of supplying funds for milk every month for our families. This is doubtless one of the most beneficial methods we can adopt in helping the babies back to health.

THE BABIES HOSPITAL

REPORT OF THE CRIBSIDE COMMITTEE

During the winter of 1923 the Cribside Committee held its regular meetings at the Hospital at twelve o'clock on the first Wednesday of every month.

The following officers and chairmen of committees served during 1923:

MRS. CARL O. M. SPRAGUE.....	<i>Chairman</i>
MRS. FREDERICK S. BATTERSHALL.....	<i>Vice-Chairman</i>
MRS. GEORGE ROBERTS.....	<i>Secretary</i>
MRS. ROBERT D. STERLING.....	<i>Treasurer</i>
MISS LESLIE SCHOONMAKER.....	<i>Chairman of Cutting and Clothing Committee</i>
MRS. HAROLD VAN TINE.....	<i>Chairman of the Children's Charity</i>
MRS. HENRY WYCKOFF BROWER.....	<i>Vice-Chairman of the Children's Charity</i>
MRS. JOHN B. MARSH.....	<i>Chairman of Nominating Committee</i>
MRS. JOSEPH R. RAMÉE.....	<i>Chairman of Sewing Class</i>

The membership at the end of 1923 was:

Active members.....	40
Associate members.....	21
Honorary members.....	1

The usual meetings of the Lenten Sewing Class were held at various houses kindly offered to the Class. It is estimated that more than six hundred garments were made and donated to the Hospital. Mrs. Ramée has added many names to her list of prospective members, so that we look forward to even greater results this Spring.

The Committee has continued to coöperate with five other charitable organizations in the maintenance of a Thrift Shop at 913 Eighth Avenue, our share of the profits for the year being \$2,300.

Through the untiring efforts of Mrs. Van Tine and her successor, Mrs. Marsh, the Children's Charity has accomplished results of which it has

THE BABIES HOSPITAL

reason to be proud. It meets twice each month with the social service staff of the Hospital. At these meetings the Social Service Workers report on needy cases, the Committee deciding on the cases for which it will assume financial responsibility and voting the necessary funds. Four hundred dollars was raised for this work last Summer by the members living around Oyster Bay. The amount for the entire year which the children's charity raised is \$1,296.50.

The Committee, as usual, paid \$250 toward the support of a bed for the year and paid half the salary of a Social Service Worker, \$50 a month, and \$10 a month for milk for the Dispensary babies. At Christmas, this Committee helped twenty-three families.

At the December 1923, meeting the following officers and chairmen were elected to serve during 1924:

MISS FRANCES L. HOWLAND.....	<i>Chairman</i>
MRS. KENNETH O. CHISHOLM.....	<i>Vice-Chairman</i>
MRS. ROBERT D. STERLING.....	<i>Treasurer</i>
MRS. GEORGE H. HOWARD.....	<i>Secretary</i>
MISS LESLIE SCHOONMAKER.....	<i>Chairman of Cutting Committee</i>
MRS. JOSEPH R. RAMÉE.....	<i>Chairman of Sewing Committee</i>
MRS. JOHN B. MARSH.....	<i>Chairman of Children's Charity</i>
MISS LESLIE SCHOONMAKER.....	<i>Chairman of Nominating Committee</i>
MISS DOROTHY CLARKSON.....	<i>Chairman of Clothing Committee</i>
MISS KATHERINE B. LOCKWOOD.....	

Chairman of Committee on Houses for Sewing Classes

Thrift Shop

MRS. FREDERIC S. BATTERSHALL.....	<i>Chairman of Finance Committee</i>
MISS DOROTHY CLARKSON.....	<i>Chairman of Collecting Committee</i>
MISS LESLIE SCHOONMAKER.....	<i>Chairman of Pricing Committee</i>
MRS. JOHN F. O'BRIEN.....	<i>Chairman of Publicity Committee</i>

ELIZABETH S. HOWARD,
Secretary.

THE BABIES HOSPITAL

REPORT OF THE SUMMER COMMITTEE, BABIES' HOSPITAL

The final bus load of little children with nurses, bags and bundles drove away from the Summer Branch of the Babies' Hospital on September 8th and five days later the Hospital closed and another season's work became history.

It was a very successful, happy summer. As many as 241 children had received, in the three months, treatment and interested care from our interne, Dr. Woodson, and Dr. Mersereau, consulting physician, and the patients gained from one-half to six pounds in weight. The cases under observation were rickets, pneumonia, old and new empyemas and the under-nourished child.

Our Superintendent, Miss Hatton, did very satisfactory work and adding a kindergartner, Miss Plathe, to the staff was a very successful innovation. She took charge of the dispensary cases, children from three to five years of age, who always come to us for a week or so each Summer for a tonic of country air, good food and care.

The improvements to the Hospital were an endless source of delight—such as the enlarged bathroom with its shiny white walls and up-to-date equipment of enameled bathtubs for the babies, small toilet and washing sink and stand, and on the floor of the Main Building the new parquet linoleum. These things could not be accomplished if it were not for the work of the Summer Committee and response of the babies' many friends to raise the needed funds to finance the Hospital and keep the buildings in repair.

In July, under the direction of Miss Fisher, an afternoon and evening performance of tableaux was given with accompanying readings to "The Child's Garden of Verse" and "Old World Legends"; also portraits after the Old Masters. The success of the entertainment was shown in the

THE BABIES HOSPITAL

receipts which amounted to \$5,443.76 and our Summer Subscriptions amounted to \$2,435.00.

As Chairman I wish to express the thanks of the Officers and Managers to the Hospital Staff and Workers who helped make the Summer of 1923 a happy one for the "Babies."

MARY OWEN BORDEN,
Summer Chairman.

THE BABIES HOSPITAL

GENERAL RULES

1. The beds of the Hospital are free to the needy poor. Others are charged according to their means.
2. Sick children under three years of age are admitted, excepting those suffering from contagious diseases.
3. Applications for admission should be made at the Hospital during the day, from 9 to 5, although emergency cases are received at any time.
4. The Out-Patient Department is open daily throughout the year, from 2 to 3 P. M., excepting on Sundays and holidays.
5. Visiting day, for friends of patients, is Friday, from 11 A. M. to 3 P. M.
6. Visitors to the Hospital are welcome any afternoon, between 3 and 5.

HOSPITAL CALENDAR

ANNUAL BOARD AND CORPORATION MEETING, third Tuesday in January.

REGULAR BOARD OF DIRECTORS' MEETINGS, third Tuesday in January, April and October.

EXECUTIVE COMMITTEE, third Tuesday in November, December, February, March and May.

ANNUAL MEETING OF THE BOARD OF MANAGERS, second Tuesday in December.

BOARD OF MANAGERS, second Tuesday of every month, from October to May, both inclusive.

BOARD OF MANAGERS—EXECUTIVE COMMITTEE, monthly, except during months of June, July, August and September.

HOUSE COMMITTEE, monthly, from October to May, both inclusive.

NURSES' COMMITTEE, monthly, from October to May, both inclusive.

SUMMER COMMITTEE, monthly, during June, July, August and September.

MEDICAL BOARD, first Monday in January.

CRIBSIDE COMMITTEE, annual meeting in December.

Ready for Dinner at the Summer Branch Hospital

THE BABIES HOSPITAL

REPORT OF THE POST-GRADUATE COURSE FOR REGISTERED NURSES

To the Directors and Board of Managers of The Babies' Hospital:

The six months' nursing instruction in Pediatrics was continued in 1923, with a record of six completing the course. We note with interest that those taking this training are continuing in children's work, both institutional and private. In considering the following names, it is an interesting fact that the applicants come from a distance and have been graduated from hospitals where the children's service has been limited. This means that when they return to their own school, or city, they are fitted to take an important position in Child Welfare work. Miss Irene Markham after graduating, and assisting at our Summer Branch Hospital last season, went in charge of the children's wards in Leland Stanford University Hospital.

The following received diplomas:

MISS MARGARET A. CUMMINGS,

Graduate of Dauphin General Hospital, Dauphin, Manitoba.

MISS MARGERY M. DORRINGTON,

Graduate of St. Joseph's Hospital, London, Canada.

MISS JESSIE M. DUNLOP,

Graduate of Montreal General Hospital, Montreal, Canada.

MISS IRENE MARKHAM,

Graduate of Montreal General Hospital, Montreal, Canada.

MISS ISABEL M. D. SYMONDS,

Graduate of Montreal General Hospital, Montreal, Canada.

MISS CAROLA VON POELLNITZ,

Graduate of Lichterfelder Kreiskrankenhaus, Berlin, Germany.

MARY AGNES SMITH,

Superintendent.

THE BABIES HOSPITAL

REPORT OF AFFILIATION WITH TRAINING SCHOOLS IN NEW YORK STATE

To the Directors and Board of Managers of The Babies' Hospital:

In May, 1923, we secured affiliation with the following four training schools in New York State: The Faxon Hospital and St. Luke's Home and Hospital, Utica; A. Barton Hepburn Hospital, Ogdensburg, and House of the Good Samaritan, Watertown. In order to secure state registration these schools find it necessary to affiliate with children's hospitals. Two pupils were sent from each school for a three months' course in Pediatrics. This will be a continuous service of three months. Pupils who come to us have had at least fifteen months in their own training school, and many of them have almost completed their training before coming here. We have found the pupils very interested in their work and know that the training they receive will be a benefit to the organizations in Child Health work. We appreciate the kindness of our physicians in giving lectures to the nurses. The following nurses have completed their course of training given here:

The Faxon Hospital

MISS FLOSSIE BARBARA FISHER
MISS RUTH FRANCIS
MISS CATHERINE McDERMOTT
MISS LEOTA JONES

St. Luke's Home and Hospital

MISS HARRIET GENELLA EDELL
MRS. MYRTLE MILES
MISS ANNA ADA OGDEN
MISS MARGARET RICHARDS

A. Barton Hepburn Hospital

MISS ADA M. MACHABEE
MISS MILDRED MOULTON
MISS MARY OLMSTEAD
MISS GERTRUDE RITCHIE

House of the Good Samaritan

MISS DOROTHEA ELIZABETH GIBSON
MISS ELIZABETH AILEEN MALEY
MISS EDITH MORETON
MISS MILDRED B. SIMMONS

MARY AGNES SMITH,
Superintendent.

THE BABIES HOSPITAL

REPORT OF THE TRAINING SCHOOL FOR INFANTS' NURSES

To the Directors and Board of Managers of The Babies' Hospital:

There has been no change in our course of nine months given to the infants' nurses. We have had capable, trustworthy young women, eager to take the training, and they have proved satisfactory.

We thank Mrs. Oliver G. Jennings, Miss Graves, Mrs. Kunhardt and Mrs. Talmage for their kind remembrances at Christmas.

Mrs. P. A. Valentine's Christmas Tree, with gifts for all the Hospital patients and Out-Patient Department children, was very much appreciated.

In the winter months there is always more or less illness among the pupils, and having every room occupied as we have makes it very difficult to care for those who are ill. There is great need of a few rooms for sick nurses where they can be cared for more comfortably.

During the year the following 29 pupils completed their service:

MAY BRADY	HELENA FENDLER	KATHLEEN MCGOVERN
CATHERINE CAMPBELL	EMMA FRANK	KATHLEEN MURPHY
CHRISTINE CAMPBELL	LUCILLE GIBBIA	NINA NEWELL
EMMA CECIL	MARY HEALY	MARION O'BRIEN
WILHELMINA CECIL	GRACE KENT	TORBORG PETERSON
ALICE CLARK	ELIZABETH KREIDEL	LUCY SHAKESPEARE
SHEILA CLIFFORD	ANN LORENZEN	MARY SHEILS
THERESA CUSHEN	VERA LYNCH	SUSAN TRAVERS
SARAH DOUGHERTY	DOROTHY MARSH	BRIDGET WALLACE
BERTHA EUGSTER	NANCY MCCALL	

MARY AGNES SMITH,
Superintendent.

| 1907. One by Mrs. P. A. Valentine, known as the "Anderson Valentine Bed," for 17 years. | |

THE BABIES HOSPITAL

CRIBS FURNISHED

Twenty-five dollars will furnish a crib for one year

Two furnished in perpetuity by gift in May, 1917, of \$1,000 under the Will of Mary Isabel Reese, widow of Brigadier-General Chauncy B. Reese, in memory of her only grandchildren, the little daughters of John and Sarah Brewerton Reese Jolly:

Sarah Brewerton Jolly, born Dec. 19, 1905; died Aug. 18, 1910.

Mary Courtenay Jolly, born Dec. 25, 1907; died March 25, 1914.

One by Mrs. Eben E. Olcott, the "Erskine Crib."

One by Mrs. Swen A. Swenson, "in memory of Mary Margreta."

One by Mrs. William T. Schley.

One by Walter Scott, the "Mrs. Walter Scott Crib."

One by Mrs. Arthur Lehman, the "Frances Lehman Crib."

Two the "Ethelwyn Fox Morrison Cribs."

One by Mrs. Edward A. Le Roy, the "Louisa Crib," in memory of her mother.

One—Anonymous.

Three by Mrs. Louis W. Dommerich.

One by Mrs. John B. Calvert, the "Mary Dake Mairs Crib."

Three by Dudley D. Sicher, the "William David Sicher Cribs."

One by Sigmund Saxe, "in honor of Constance Saxe Cohen and Anne Gray Cohen."

One by Miss Mildred Sawyer, the "Eleanor Crib."

One by the Cosmopolitan Sewing Circle, through Mrs. H. J. Hayden.

One in name of Louise Doré.

THE BABIES HOSPITAL

THE CHILDREN'S CHARITY

The Children's Charity is the children's share of the Social Service work of the Hospital.

It is hoped that each child who becomes a member and subscribes to the Children's Charity will feel that he is helping personally the little ones for whom the money is spent.

The subscription is One Dollar a year.

Sustaining Memberships, \$5 a year.

Life Memberships, \$20.

A membership card is sent each year when the dues are received, and every member's name is published in the Year Book of the Hospital.

Five Kinds of People who Join the Children's Charity

- I. Big boys and girls, who want to help the sick babies.
- II. Children who have come safely through an illness—to show their thankfulness.
- III. Brand new babies—to celebrate their arrival.
- IV. Grown-ups in the name of some child they love, or the child they once were themselves.
- V. In memory of children who have died—to do the good they were not spared to do.

Send your dues, with name and address to

MRS. JOHN B. MARSH,
156 East 79th Street,
New York City.

Make checks payable to THE BABIES' HOSPITAL.
